

Government Procurement Vehicles & Contracts

Carahsoft serves as the master government aggregator and distributor for Salesforce, helping government agencies transform into connected organizations through social and mobile technologies.

Carahsoft offers expertise in government procurement processes and practices, and holds state-, city-, county-, and technology-specific contracts that accelerate procurement for government agencies. In addition, through GSA's Cooperative Purchasing Program, state, local, and tribal governments can purchase through specific GSA Schedule contracts.

These contracts allow customers to procure end-to-end Salesforce solutions, encompassing Salesforce licenses/subscriptions, implementation and integration services, as well as best-in-class applications available through Salesforce AppExchange partners.

Carahsoft also partners with resellers who focus on states and regions throughout the country. Through these teaming arrangements, Carahsoft and Salesforce have access to these vehicles as well.
