

STEALTHbits and Carahsoft Partner for Government IT Solutions

March 2, 2011, Glen Rock, NJ and Reston, VA – STEALTHbits Technologies, a leader in the IT security and [compliance software](#) space, and Carahsoft Technology Corporation, the trusted [Government IT](#) solutions provider, announced a partnership today that will enable Carahsoft to add the award-winning [StealthAUDIT](#) Management Platform (SMP) to its Intelligence Solutions offerings. The partnership will expand on STEALTHbits' decade of success in the private sector, where they provide innovative data collection, analysis, reporting, and remediation tools to the world's top organizations, including Fortune 500 companies and leading Wall Street firms.

"We are very excited about the opportunity to partner with Carahsoft in bringing a great solution into the US Public Sector," said David Gordon, VP of Business Development at STEALTHbits. "With WikiLeaks and hacker attacks in the headlines weekly, risk mitigation and security within the government space has never been more important than it is today."

SMP features comprehensive solutions spanning the Microsoft infrastructure and application stack, including Shared File Systems, Exchange, Active Directory, SharePoint, BlackBerry and ActiveSync, Desktops and Servers, and more.

"Government agencies are continually improving their efforts to protect the ever-increasing amount of data they must maintain to support their missions," said Craig P. Abod, Carahsoft President. "STEALTHbits' award-winning data security and compliance solutions supports those initiatives by detecting and locking down data access vulnerabilities, and we are pleased to add them to our Cyber Security Solutions portfolio."
