This VCE End User License Agreement (“**EULA**”) is between (a) VCE Company, LLC, a Delaware limited liability Company, with offices located at 1500 N. Greenville Avenue, Suite 1100, Richardson, TX 75081, USA, if the Software is purchased in the United States, Mexico or Canada; or (b) VCE Technology Solutions Limited, incorporated and registered in Ireland (Company number 484306) with its registered office at Ground Floor, 2 Park Place, City Gate Park, Mahon, Co. Cork, Ireland, if the Software is purchased in any other country (“**VCE**”) and you on behalf of the company, partnership or business entity that you represent (“**Licensee**”). By Using the Software Licensee agrees to be bound by the terms of this EULA.

If this is an ID/IQ contract or Schedule Contract, ordering activities placing orders against the Schedule or ID/IQ contract are subject to this agreement as a term of the contract. This EULA (or TOS as applicable) shall bind the government, subject to federal law. This agreement shall not operate to bind a government employee or person acting on behalf of the government in his or her personal capacity.**

- e) **Software Releases** means any new version of Software that is made available without charge pursuant to: i) the warranty for Software; or ii) the support services for licensed Software, but does not mean new Software;

Use of the Software outside the scope of this license is unauthorized and shall constitute a material breach of this EULA subject to termination as stated herein and shall void the warranty and/or support obligations of which Licensee may otherwise be entitled.

- b) Software is licensed for use only in accordance with the commercial terms and restrictions of the Software's relevant licensing model as stated in the Product Guide.
- c) Notwithstanding anything herein to the contrary, Third Party Software is provided to Licensee under the relevant Third Party Software Terms, which have been made available at the following location on your VCE System, 'AMP name\Localstorage name\vce-install\Open Source Licenses'. Both 'AMP name' and 'Localstorage name' are defined by Licensee or in the Documentation. These Third Party Software terms are consistent with the license granted in Section 2a, and may contain additional rights benefiting Licensee. The Third Party Software Terms shall take precedence over this EULA. To the extent the license for any Third Party Software requires VCE to make available to Licensee the corresponding source code and/or modifications, Licensee may obtain a copy of the applicable source code from the VCE Support Portal (<http://support.vce.com/>) by selecting "VCE Download Center" or by sending an email to [opensource@vce.com](mailto:opensource@vce.com). This offer to obtain a copy of the source code is valid for three years from the date Licensee acquired this Software.
- d) This EULA confers no title or ownership and is not a sale of any rights in the Software. All rights not expressly granted are reserved solely to VCE or its suppliers. Nothing herein should be construed as granting Licensee, by implication, estoppel or otherwise, a license relating to Software other than as expressly stated herein.
- e) Unless otherwise permitted by VCE, Licensee: (i) may only make copies of the Software for archival purposes or when copying is an essential step in the authorized Use of the Software, provided that copies are used in no other manner and provided further that any Use on a backup device is discontinued when the original or replacement device becomes operable; and (ii) may not copy the Software onto or otherwise Use or make it available on, to, or through any public or external distributed network.
- f) Licensee must reproduce all copyright notices that appear in or on the Software and Documentation on all permitted copies or adaptations. Copies of Documentation are limited to Licensee's internal use.
- g) Licensee will not modify, reverse engineer, enhance, supplement, disassemble, decrypt, decompile, otherwise reduce to human readable form or make derivative works of the Software. Where Licensee have other rights mandated under statute, Licensee will provide VCE with reasonably detailed information regarding any intended modifications, reverse engineering, disassembly, decryption, or decompilation and the purposes therefore.
- h) Extending the Use of Software to any person or entity other than Licensee as a function of providing services, (i.e.; making the Software available through a commercial timesharing or service bureau) must be authorized in writing by VCE prior to such Use and may require additional licenses and fees. Licensee may not distribute, resell, or sublicense the Software.

3. Termination. This EULA is effective until terminated or rejected in accordance with the terms of this EULA. VCE may terminate this EULA for default if Licensee breaches any provision of this EULA. Any termination of this EULA shall be without prejudice to each right and/or remedy which VCE may possess against Licensee under this EULA, at law, in equity, and/or otherwise. Upon any termination or expiration of this EULA: i) all licenses granted by VCE shall immediately terminate; and ii) Licensee shall immediately cease use of the Software and Documentation and, at VCE's option, return to VCE or destroy all copies of the Software and Documentation. All confidentiality obligations of Licensee and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this EULA.

**When the end user is an instrumentality of the US Government, recourse against the United States for any alleged breach of this agreement must be made under the terms of the Federal Tort Claims Act or as a dispute under the contract disputes clause (Contract Disputes Act) as applicable. During any dispute under the disputes clause the Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.**

4. Software Releases and Support Patches. This license is limited to the version of the Software delivered to Licensee and does not include Software Releases or Support Patches, unless a separate support contract is purchased or, alternatively, Licensee has purchased a service subscription that entitles Licensee to Software Releases and Support Patches as described in the Documentation. Subject to the restrictions stated in the Support Terms, Licensee acknowledges that obligations VCE may have to support previous versions of the Software ends upon installation of the new Support Patch. After the specified support period or service subscription period has expired, Licensee has no further rights to receive any Software Releases or Support Patches.

5. Ownership Rights. VCE retains all right, title and interest in and to the Software, including all copyrights, patents, trade secret rights, trademarks and other intellectual property rights therein. Licensee's possession, installation, or Use of the Software does not transfer to Licensee any title to the intellectual property in the Software, and Licensee will not acquire any rights to the Software except as expressly set forth in this EULA. Any copy of the Software and Documentation authorized to be made hereunder must contain the same proprietary notices that appear on and in the Software and Documentation.

6. Additional Restrictions. The Software license granted herein is for use of the object code only. Licensee is permitted to copy Software as necessary to Use it in accordance with this EULA. Licensee may copy Documentation insofar as reasonably necessary in connection with Licensee's authorized internal Use of the Software. If Licensee enters into a contract with a third party in which the third party manages Licensee information technology resources ("**Managing Party**"), Licensee may transfer all its rights hereunder to Use the Software to such Managing Party, provided that: (a) the Managing Party only Uses the Software for its internal operations on behalf of Licensee; (b) the Managing Party agrees to comply with the terms and conditions of this EULA; and (c) Licensee provides VCE with prior written notice that a Managing Party will be Using the Software on Licensee behalf. Licensee may not remove any proprietary notices or labels on the Software. All rights not expressly granted hereunder are reserved by VCE.

7. Warranty. VCE WARRANTS THAT FOR A PERIOD OF NINETY (90) DAYS FROM THE DATE OF SHIPMENT THAT SOFTWARE WILL SUBSTANTIALLY CONFORM TO THE APPLICABLE DOCUMENTATION FOR SUCH SOFTWARE AND THAT ANY PHYSICAL MEDIA PROVIDED BY VCE WILL BE FREE FROM MANUFACTURING DEFECTS IN MATERIALS AND WORKMANSHIP UNDER NORMAL USAGE. VCE DOES NOT WARRANT THAT THE OPERATION OF SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE, THAT ALL DEFECTS CAN BE CORRECTED, OR THAT SOFTWARE MEETS LICENSEE'S REQUIREMENTS. LICENSEE'S SOLE AND EXCLUSIVE REMEDY AND THE ENTIRE LIABILITY OF VCE AND ITS SUPPLIERS AND LICENSORS UNDER THIS LIMITED WARRANTY WILL BE AT VCE'S OPTION, REPAIR OR REPLACEMENT ONLY. EXCEPT FOR THE FOREGOING, THE SOFTWARE IS PROVIDED "AS IS" AND VCE MAKES NO WARRANTY AS TO ITS USE OR PERFORMANCE. ALL OTHER WARRANTIES ARE SPECIFICALLY EXCLUDED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE. VCE MAKES NO WARRANTY AS TO THIRD PARTY SOFTWARE; SUCH RIGHTS TO BE CLAIMED FROM SUCH THIRD PARTY.

- b) TO THE EXTENT PERMITTED BY APPLICABLE LAW AND EXCEPT FOR CLAIMS REGARDING A VIOLATION OF A PARTY'S CONFIDENTIALITY OBLIGATIONS HEREIN, NEITHER LICENSEE NOR VCE (INCLUDING VCE'S SUPPLIERS) WILL: (i) HAVE LIABILITY WHATSOEVER FOR ANY SPECIAL, CONSEQUENTIAL, PUNITIVE, EXEMPLARY, INCIDENTAL, OR INDIRECT DAMAGES (INCLUDING, BUT NOT LIMITED TO, PURE ECONOMIC LOSS, COSTS, CHARGES EXPENSES, LOSS OF PROFITS, LOSS OF BUSINESS, DEPLETION OF GOODWILL OR SIMILAR LOSSES, LOSS OF GOODS, LOSS OF CONTRACT, LOSS OF USE, LOSS OR CORRUPTION OF DATA REVENUES, DATA AND/OR USE), EVEN IF ADVISED OF THE POSSIBILITY THEREOF; (ii) BE LIABLE FOR THE COST OF PURCHASING REPLACEMENT SOFTWARE OR SERVICES, LOST PROFITS OR LOSS OF GOODWILL.
- c) The limitation of liability in this clause 8 shall not apply to liability for death or personal injury to the extent that applicable law prohibits such limitation. Solely to the extent that an applicable jurisdiction does not allow the exclusion or limitation of incidental or consequential damages, this limitation and exclusion does not apply. Nothing contained in this EULA limits VCE's liability to Licensee for VCE's fraud or fraudulent misconduct. The foregoing provisions of this Section 8 shall be enforceable to the maximum extent permitted by applicable law.

## 9. Indemnity.

- a) Licensee will indemnify, hold harmless and, upon VCE's request, defend VCE against any claims, liabilities and expenses (including court costs and reasonable attorney's fees) arising from or related to any failure by Licensee to comply with any provision of this EULA or arising from or related to the acts or omissions of Licensee.
- b) If you have entered into a purchase agreement or standard terms and conditions with VCE or a VCE partner to which this Agreement is attached as an Exhibit, the obligations and limitations of the indemnification for the Software are as specified in such applicable purchase agreement or standard terms and conditions. Otherwise, VCE will defend or settle any third party claim, action or lawsuit alleging that Licensee's Use of the Software infringes the third party's copyright, trademark or patent recognized by the jurisdiction in which Licensee first took delivery of the Software. VCE's obligations under this clause are subject to (a) Licensee providing VCE with prompt written notice of any claim or lawsuit, (b) VCE having sole control of the defense and all negotiations for settlement or compromise thereof and (c) Licensee reasonably cooperating in the defense of such claim or lawsuit. VCE agrees to pay all settlements entered into by VCE, judgments finally awarded against Licensee and all attorney's fees and expenses for counsel hired by VCE. Licensee may elect to participate in any such action with counsel of its own choice at its own expense. VCE will have no liability if the alleged infringement is based upon: (i) Third Party Software, (ii) a combination of the Software with products not branded by VCE, (iii) use for a purpose or in a manner not proscribed by VCE, (iv) use of an older version of Software when use of a newer Software would have avoided infringement (v) any modification not made by VCE or any modification made by VCE in accordance with Licensee's specific instructions, or (vi) any intellectual property right owned or licensed by Licensee.

**When the end user is an instrumentality of the US Government, representation of the US Government in any intellectual property indemnity action is by the US Department of Justice.**

10. Notice to United States Government End Users. The Software and accompanying Documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying Documentation by the United States Government shall be governed solely by the terms of this EULA and shall be prohibited except to the extent expressly permitted by the terms of this EULA.

- b) Licensee represents that it will not use or transfer the Software for end use relating to any nuclear, chemical or biological weapons, or missile technology.
- c) Licensee agrees not to transfer, resell, or divert the Software, or to provide services using the Software to those countries that may be embargoed from time to time by the U.S. government.

12. High Risk Activities. The Software is not fault-tolerant and is not designed or intended for use in hazardous environments requiring fail-safe performance, including without limitation, in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, weapons systems, direct life-support machines, or any other application in which the failure of the Software could lead directly to death, personal injury, or severe physical or property damage (collectively, "**High Risk Activities**"). Licensee is solely liable if Software is Used for these applications and will indemnify and hold VCE harmless from all loss, damage, expense, or liability in connection with such Use. VCE EXPRESSLY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR HIGH RISK ACTIVITIES.

13. Governing Law. To the extent permitted by applicable law, this EULA is governed by and construed in accordance with the substantive laws of: (a) the State of New York; or (b) England if Licensee first took delivery of the Software outside of the United States, Mexico or Canada, where any dispute arising out of this EULA outside of United States, Mexico or Canada shall be referred to the exclusive jurisdiction of the English courts. This EULA will not be governed by the conflict of laws rules of any jurisdiction or the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded.

Venue, jurisdiction and statute of limitations for any disputes are determined by the applicable federal statute (federal tort claims act, contract disputes act, etc.). In lieu of any provisions of this agreement requiring arbitration, the process set forth under the disputes clause shall apply.**

14. Privacy. By entering into this EULA, Licensee agrees that the VCE privacy policy, as it exists at any relevant time, shall be applicable. The most current privacy policy can be found on the VCE web site ([www.vce.com](http://www.vce.com)). Information regarding the VCE product upon which this software is installed may be gathered and transmitted utilizing a third party remote service such as the EMC Secure Remote Services ("ESRS"). By entering into this EULA, Licensee agrees to the transfer of such information, including personal information, if any, to VCE's offices in the United States and other countries in such manner.

15. Audit. VCE, or VCE's independent or internal auditors, may conduct any audit no more often than once per year to ensure material compliance with terms of this EULA. VCE will pay the cost of any audit unless a material discrepancy indicating inadequate record keeping or unpaid Software Fees is discovered. A

discrepancy will be deemed material if it involves payment or adjustment of 10% or more, in which case Licensee will reimburse VCE for the cost of the audit plus any unpaid amount. VCE will conduct any audit or inspection during normal business hours and will not materially interfere with Licensee's business activities

**When the end user of this contract is an instrumentality of the US Government, discrepancies found in an audit may result in a charge by the contractor to the government user. This charge, if disputed, will be resolved through the disputes clause. The cost of the audit is paid by the contractor, not the government. Any request for audit shall be subject to applicable customer requirements pertaining to security matters, including without limitation clearances to be held and non-disclosure agreements to be executed by auditors, badging or escorting requirements for access to premises, and other applicable requirements.**

16. Miscellaneous. This EULA sets forth all rights for Licensee and is the entire agreement between the parties. This EULA supersedes any other communications, representations or advertising relating to the Software and Documentation, including any applicable EULA with respect to the third party remote service (e.g. ESRS). This EULA may not be modified except by a written addendum issued by a duly authorized representative of VCE. No provision hereof shall be deemed waived unless such waiver shall be in writing and signed by VCE. If any provision of this EULA is held invalid, the remainder of this EULA shall continue in full force and effect.

17. Confidentiality. Licensee shall: i) receive and maintain the Software and Documentation in confidence; and ii) use the same degree of care with respect to the Software as Licensee employs to protect Licensee's own confidential and/or trade secret information from unauthorized use, duplication and/or disclosure, being, in any event, a high degree of care.
