Acrobat Pro and AEM Forms requirements under the Adobe JELA II BPA still need to route through the same request process as above. However, since Acrobat Pro and AEM Forms was purchased at what each agency enrollee on the BPA considered their Full Time Employee (FTE) count or their "Enterprise", users with requirements for these products will not see a bill or invoice as they're paid for at the parent agency level. They are categorized as Unlimited on this contract.

Please reach out to me with any questions you might have pertaining to the Adobe JELA, or send an e-mail to adobe-jela@carahsoft.com and we'll be happy to speak with you!
