THESE ORACLE HARDWARE, PROGRAMS AND SERVICES GSA SUPPLEMENTAL TERMS AND CONDITIONS ("GSA STCs") SHALL APPLY TO THE ORACLE HARDWARE, PROGRAMS AND/OR SERVICES THAT YOU ORDER FROM THE CONTRACTOR (THE "CONTRACTOR") UNDER THE CONTRACTOR'S GSA SCHEDULE CONTRACT ("THE CONTRACT"). THESE HARDWARE STCs SHALL TAKE PRECEDENCE OVER ANY CONFLICTING TERMS IN ANY NON-ORACLE ORDER OR ORDERING DOCUMENTION. THESE HARDWARE STCS ARE CONSIDERED PART OF THE SCHEDULE OF SUPPLIES/SERVICES IN YOUR ORDER TO THE CONTRACTOR.

A. Definitions

"You" and "your" refers to the ordering activity that has ordered programs, hardware and/or services from an authorized distributor ("Contractor") under the contract.

The term "integrated software" is defined as software embedded in the hardware which is essential to hardware functionality (e.g., firmware).

The term "integrated software options" refers to software or programmable code embedded in, installed on, or activated on the hardware that requires one or more unit licenses that You must separately order. Such separate order shall be priced and/or negotiated in accordance with the applicable GSA Pricelist and Your order will set forth the fees for the integrated software options You are ordering. Not all hardware contains integrated software options; please refer to the Oracle Integrated Software Options License Definitions, Rules and Metrics accessible at http://oracle.com/contracts (the "Integrated Software Options License Rules") for the specific integrated software options that may apply to specific hardware. Oracle reserves the right to designate new software features as integrated software options in subsequent releases and that designation will be specified in the applicable documentation and in the Integrated Software Options License Rules.

The term "operating system" refers to the software that manages hardware for programs and other software.

The term "products" refers to programs, hardware, integrated software and operating system.

The term "program documentation" refers to the program user manual and program installation manuals.

The term "services" refers to technical support services which you have ordered.

The term "hardware" refers to the hardware equipment, including components, options and spare parts.

The term "hardware documentation" refers to the hardware specifications, user manuals, and installation manuals. Hardware documentation is delivered with the hardware and/or provided online.

B. Hardware Composition

Your hardware order consists of the following items: operating system (as defined in your configuration), integrated software and all hardware equipment (including components, options and spare parts) specified on the applicable order. The hardware equipment or parts of it may be new or like new.

C. Rights Granted

Upon Contractor's acceptance of your order, you have the non-exclusive, non-assignable, royalty free, perpetual (unless otherwise specified in your order with Contractor), limited right to use the programs and receive any services you ordered solely for your internal ordering activity operations and subject to the terms of these Hardware STCs, including the Oracle License Definitions and Rules, the order, the contract and the program documentation. You may allow your agents and contractors (including, without limitation, outsourcers) to use the programs for this purpose and you are responsible for their compliance with these Hardware STCs, including the Oracle License Definitions and Rules, the order, the contract and the program documentation in such use. For programs that are specifically designed to allow your customers and suppliers to interact with you in the furtherance of your internal business operations, such use is allowed.

You have the right to use the operating system delivered with the hardware subject to the terms of the license agreement(s) delivered with the hardware. Current versions of the license agreement(s) are located at http://oracle.com/contracts. The parties acknowledge that the terms of this agreement do not apply to such third party technology. You are licensed to use the operating system and any operating system updates acquired through technical support only as incorporated in, and as part of the hardware.

You have the limited, non-exclusive, royalty free, non-transferable, non-assignable right to use integrated software options that You separately order subject to the terms of these Hardware STCs, the applicable documentation and the Integrated Software Options License Rules; the Integrated Software Options License Rules are incorporated in and made a part of these Hardware STCs. You are licensed to use those integrated software options and any integrated software options updates acquired through technical support only as incorporated in, and as part of, the hardware. To fully understand Your license right to any integrated software options that You separately order, You need to review the Integrated Software Options License Rules. In the event of any conflict between the Hardware STCs and the Integrated Software Options License Rules, the Integrated Software Options License Rules shall take precedence.

You have the limited, non-exclusive, royalty free, non-assignable right to use integrated software delivered with the hardware subject to the terms of these Hardware STCs, including the Oracle License Definitions and Rules, the order, the contract and the program documentation. You are licensed to use such integrated software and any integrated software updates acquired through technical support only as incorporated in, and as part of the hardware.

The operating system and/or integrated software may include separate works, identified in a readme file, notice file, or the applicable documentation, which are licensed under open source or similar license terms; your rights to use the operating system and integrated software under such terms are not restricted in any way by these Hardware STCs. The appropriate terms associated with such separate works can be found in the readme files, notice files or in the documentation accompanying the operating system and integrated software.

For GPLv2, LGPLv2.1, GPLv3 and LGPLv3 licensed code received by you as binaries on physical media, if you would like to receive a copy of the source code ("source code") on media via postal service, submit your written request at <http://oss.oracle.com/systems-opensourcecode >. Alternatively, you can mail your written request to Oracle Corporation, Attn: VP of Legal, Development and Engineering, 500 Oracle Parkway, MS-5OP10, Redwood Shores, CA 94065. Your request should include the name and version number of the product, your name, your company name (if applicable), your return mailing address, and your email address. Certain source distributions require a fee for physical media. Should this be the case, you will be sent details on the cost and payment procedure via email. Your request must be sent within three (3) years of the date of Oracle's last delivery of the

applicable product. This offer only applies if you received your operating system and/or integrated software on physical media.

The hardware shall be installed in the country that you specify as the delivery location on your purchasing document or when your purchasing document does not indicate a ship to address, the location specified in the order.

D. Ownership and Restrictions
Oracle or its licensors retain all ownership and intellectual property rights to the programs, the operating system, and integrated software. Oracle or its licensors retain all intellectual property rights to the hardware. Oracle retains all ownership and intellectual property rights to anything developed by Oracle and delivered under your order resulting from services. Unless otherwise stated in your order with Contractor, title to hardware, excluding the operating system, integrated software and any other programs, and risk of loss or damages to the hardware will pass from Oracle to the Government upon delivery in accordance with the relevant Incoterms 2010. Title to and ownership of the programs, the operating system and integrated software shall not pass to you or to a third party; title to and ownership of the programs, the operating system and integrated software shall remain with Oracle. You may make a sufficient number of copies of each program for your licensed use and one copy of each program media.

Third party technology that may be appropriate or necessary for use with some Oracle programs is specified in the program documentation or readme files or notice files. The parties acknowledge that the terms of the contract or these Hardware STCs do not apply to such third party technology.

The hardware is not specifically designed, manufactured, or intended for use as parts, components, or assemblies for the planning, construction, maintenance, or operation of a nuclear facility. Use of the hardware for these purposes is prohibited.

You acknowledge that to operate certain hardware your facility must meet a minimum set of requirements as described in the hardware documentation. Such requirements may change from time to time, as communicated by Oracle to you in the applicable hardware documentation.

You may not:

- use the programs in a rental, timesharing, subscription service, hosting or outsourcing capacity;
- remove or modify any program or hardware markings or any notice of Oracle's or its licensors' proprietary rights;
- remove any copyright notices or labels on the operating system or integrated software;
- make the programs, operating system, integrated software or materials resulting from the services available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific program license, operating system, integrated software or materials from the services you have acquired);
- cause or permit reverse engineering (unless required by law for interoperability), disassembly or decompilation of the operating system, integrated software, or programs (the foregoing prohibition includes but is not limited to review of data structures or similar materials produced by programs), operating system or integrated software;
- make copies of the operating system or integrated software except for archival purposes, to replace a defective copy, or for program verification; or
- disclose results of any program and/or hardware benchmark tests.

TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING ANY WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

F. Technical Support

Technical support consists of annual technical support services you may have ordered or will order for the programs and/or hardware, including support renewals. Support must be ordered pursuant to a valid End User License Agreement such as these Hardware STCs. With respect to technical support for software products, bug fixes, security fixes and any updates received shall be provided under the terms of the license agreement that You accepted upon ordering the programs.

If ordered, annual technical support (including first year and all subsequent years) for programs is provided under Oracle's technical support policies in effect at the time the services are provided. The technical support policies, incorporated herein, are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of services provided for supported programs during the period for which technical support has been ordered. You should review the policies prior to entering into an order for the applicable services. You may access the current version of the technical support policies at http://www.oracle.com/us/support/policies/index.html. The technical support policies state that, "global customer support services and systems are not designed to accommodate special security controls that may be required to store or process certain types of sensitive data." Accordingly, as stated in the technical support policies, You agree not to submit any health, payment card, CUI or other controlled or sensitive data that require protections greater [such as those in DFARS 252.204-7012 or substantively similar requirements] than those specified in the Oracle Global Customer Support Security Practices to Oracle as part of any service request. Software Update License & Support (or any successor technical support offering to Software Update License & Support, "SULS") acquired with your order may be renewed annually by executing a new Order in writing through

a reseller that is expressly authorized to distribute support renewals. The order with reseller will specify your SULS fee for the first renewal year should you renew SULS for the same number of licenses for the same programs as contained in the original order; If you elect not to purchase technical support at the time that the program is ordered, then you may be required to pay reinstatement fees equal to the amount the lapsed maintenance support fees would have been for the date that support lapsed until the reinstatement date if you decide to purchase technical support at a later date. Technical support for programs is effective upon shipment of tangible media or upon the effective date of the order if shipment of tangible media is not required.

If ordered, Oracle Hardware and Systems Support (including first year and all subsequent years) is provided under Oracle's Hardware and Systems Support Policies in effect at the time the services are provided. You agree to cooperate with Oracle and provide the access, resources, materials, personnel, information, and consents that Oracle may require in order to perform the services. The Oracle Hardware and Systems Support Policies, incorporated herein, are subject to change at Oracle's discretion; however, Oracle will not materially reduce the level of services provided during the period for which Oracle Hardware and Systems Support has been ordered. You should review the policies prior to entering into an order. You may access the current version of the Oracle Hardware and Systems Support Policies at http://www.oracle.com/us/support/policies/index.html. The technical support policies state that, "global customer support services and systems are not designed to accommodate special security controls that may be required to store or process certain types of sensitive data." Accordingly, as stated in the technical support policies, You agree not to submit any health, payment card, CUI or other controlled or sensitive data that require protections greater [such as those in DFARS 252.204-7012 or substantively similar requirements] than those specified in the Oracle Global Customer Support Security Practices to Oracle as part of any service request.

Oracle Hardware and Systems Support acquired with your order may be renewed annually by executing a new agreement in writing through a reseller that is expressly authorized to distribute support renewals. The order with Contractor will specify your Oracle Hardware and Systems Support fee for the first renewal year should you renew Oracle Hardware and Systems Support for the same systems and same configurations as contained in the original order. If you elect not to purchase technical support at the time that the hardware is ordered, then you may be required to pay reinstatement fees in accordance with Oracle's technical support policies in effect at the time of reinstatement if you decide to purchase technical support at a later date. Technical support for hardware is effective upon delivery of hardware or upon the effective date of the order if shipment of hardware is not required.

Invoices for technical support services shall be submitted by Contractor on a quarterly basis (unless otherwise specified in the order) after the completion of such period. Technical support services charges for SULS (or any successor technical support offering to SULS) are classified as Software Maintenance as a Service and must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

Notwithstanding anything in Oracle's technical support policies or Oracle's Hardware and Systems Support Policies to the contrary, you may discontinue support at the end of any current support term and, at any time thereafter, reinstate support by executing an order for such services with Contractor. If you decide to reinstate such support, you must pay a reinstatement fee. The reinstatement fee shall be the amount that would have been paid by the ordering activity for the past support period had such support not lapsed. In addition to the reinstatement fee described in the preceding sentence, you must pay the support fee for the new support period quarterly in arrears in accordance with the order. This technical support fee for the new support period is computed as follows: (i) if support lapsed, then the support fee for a twelve month support period shall be the last annual support fee you paid for the relevant program and/or hardware system; (ii) if you never acquired technical support for the relevant program and/or hardware system, then the annual support fee shall be the fee that would have been charged if support had been ordered originally for the relevant program and/or hardware system per Oracle's Support pricing policies in effect at the time of reinstatement. Renewal adjustments may be applied to the annual support fee described in (i) and (ii) above.

G. Intellectual Property Indemnification

If someone makes a claim against you that any information, design, specification, instruction, software, data, or material ("Material") furnished by Oracle and used by you infringes its intellectual property rights (including U.S. or foreign patent, trademark and copyright), Oracle will indemnify you against the claim to the extent permitted by law if you do the following:

- Notify Oracle promptly in writing, not later than 30 days after you receive notice of the claim;
- Give Oracle control of the defense, with input from you, and any settlement negotiations, provided that for the U.S. Government the control of the defense and settlement is subject to 28 U.S.C. 516; and
- Give Oracle the information, authority, and assistance Oracle needs to defend against or settle the claim.

If Oracle believes or it is determined that any of the Material may have violated someone else's intellectual property rights, Oracle may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, Oracle may end the license for, and require return of, the applicable Material. Oracle's right to end the license or request termination of the order in accordance with this paragraph shall not apply if you authorize or consent to use of the Material, and in such cases, Oracle shall have no obligation to indemnify or other liability whatsoever, to you or to third parties for infringement, and the exclusive cause of action and remedy for infringement shall be in accordance with 28 U.S.C. 1498, as set forth in 48 C.F.R. 27.201-1(a). Oracle will not indemnify you if you alter the Material or use it outside the scope of use identified in Oracle's user documentation or if you use a version of the Materials which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to you, or if you continues to use the applicable Material after the end of the license to use that Material. Oracle will not indemnify you to the extent that an infringement claim is based upon any information, design, specification, instruction, software, data, or material not furnished by Oracle. Oracle will not indemnify you to the extent that an infringement claim is based upon the combination of any Material with any products or services not provided by Oracle. Oracle will not indemnify you for infringement caused by your actions against any third party if the Oracle program(s) as delivered to you and used in accordance with the terms of the order and these Hardware STCs would not otherwise infringe any third party intellectual property rights. Oracle will not indemnify you for any infringement claim that is based on: (1) a patent that you were made aware of prior to the effective date of your order with Contractor (pursuant to a claim, demand, or notice); or (2) your actions prior to the effective date of your order with Contractor.

Notwithstanding the provisions of the paragraph above and with respect to hardware only, if Oracle believes or it is determined that the hardware (or portion thereof) may have violated a third party's intellectual property rights, Oracle may choose to either replace or modify the hardware (or portion thereof) to be non-infringing (while substantially preserving its utility or functionality) or obtain a right to allow for continued use, or if these alternatives are not commercially reasonable, Oracle may remove the applicable hardware (or portion thereof) and refund the net book value.

In the event that the Material is Separately Licensed Third Party Technology and the associated Separate Terms do not allow termination of the license, in lieu of ending the license for the Material, Oracle may end the license for, and require return of, the program associated with that Separately Licensed Third Party Technology and shall refund any program license fees You may have paid to Oracle for the program.

For claims related to hardware, if you are a current subscriber to Oracle technical support services for the operating system (e.g., Oracle Premier Support for Systems, Oracle Premier Support for Operating Systems or Oracle Linux Premier Support), then for the period of time for which you are/were a subscriber to the applicable Oracle technical support services (i) the phrase "Material" under this section shall include the operating system and the integrated software and (ii) the phrase "program(s)" in this section is replaced by the phrase "program(s) or the operating system or integrated software (as

applicable)" (i.e., Oracle will not indemnify you for your use of the operating system and/or integrated software when you are/were not a subscriber to the applicable Oracle technical support services). Notwithstanding the foregoing, with respect solely to the Oracle Linux operating system, Oracle will not indemnify you for materials that are not part of the Oracle Linux covered files as defined at http://www.oracle.com/us/support/library/enterprise-linux-indemnification-069347.pdf.

H. NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE. CONTRACTOR'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO AN ORDER ISSUED PURSUANT TO THESE HARDWARE STCs, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID CONTRACTOR UNDER THE RELEVANT ORDER, AND IF SUCH DAMAGES RESULT FROM YOUR USE OF PROGRAMS, HARDWARE, OPERATING SYSTEM, INTEGRATED SOFTWARE OR SERVICES, SUCH LIABILITY SHALL BE LIMITED TO THE FEES YOU PAID CONTRACTOR FOR THE DEFICIENT PROGRAM, HARDWARE, OPERATING SYSTEM, INTEGRATED SOFTWARE OR SERVICES GIVING RISE TO THE LIABILITY. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) ORACLE'S INDEMNIFICATION OBLIGATION UNDER SECTION I.20 OF THESE STCs; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

I. Other

1. Oracle programs, including the operating system, integrated software, any programs installed on the hardware and/or documentation, delivered in accordance with the terms and conditions of the contract are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation ("FAR"). Pursuant to FAR 12.212(b), use, duplication, disclosure, modification, and adaptation of the programs, including the operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to these Hardware STCs.

2. You may not assign orders or give or transfer the programs, the operating system, the integrated software and/or any services or an interest in them to another individual or entity. If you grant a security interest in the programs, the operating system, the integrated software and/or any services deliverables, the secured party has no right to use or transfer the programs, the operating system, the integrated software and/or any services deliverables, and if you decide to finance your acquisition of hardware, programs and/or any services , you will follow Oracle's policies regarding financing which are at http://oracle.com/contracts. The foregoing shall not be construed to limit the rights you may otherwise have with respect to the Linux operating system, third party technology or separate works licensed under open source or similar license terms.

3. In entering into an order under the contract, you agree and acknowledge that you have not relied on the future availability of any hardware, program or updates. However, (a) if you order technical support, the preceding sentence does not relieve Oracle of its obligation to provide such technical support under the relevant order, if and when available, in accordance with Oracle's then current technical support policies, and (b) the preceding sentence does not change the rights granted to you for any program licensed under the order, per the terms of these Hardware STCs.

4. Accessibility
The extent to which an Oracle product is, prior to any customizations, capable of providing comparable access to individuals with disabilities consistent with the applicable provisions of the Architectural and Transportation Barriers Compliance Board standards set out in 36 CFR Part 1194 (known as 'Section 508') effective as of June, 2001, or the Revised version in Appendix A (known as 'Revised Section 508') effective as of January, 2018 and the Web Content Accessibility Guidelines (WCAG) version 2.0 level AA, respectively, is indicated by the dependencies, comments and exceptions (some of which may be significant, if any) noted on the applicable Voluntary Product Accessibility Templates (VPAT) available at www.oracle.com/us/corporate/accessibility for each product, when they are used in accordance with Oracle's associated documents and other written information, and provided that any assistive technologies and any other products used with them properly interoperate with them.   In the event that no VPAT is available for a particular Oracle

product, please contact the Oracle Accessibility Program Office at accessible_ww@oracle.com. In some cases, the outcome may be that a product is still being evaluated for accessibility, may be scheduled to meet accessibility standards in a future release, or may not be scheduled to meet accessibility standards at all. Oracle customers may call Oracle Support at 1.800.223.1711. Hearing-impaired customers in the U.S. who wish to speak to an Oracle Support representative may use a telecommunications relay service (TRS). Information about the TRS is available at http://www.fcc.gov/cgb/consumerfacts/trs.html, and a list of telephone numbers is available at https://www.fcc.gov/general/telecommunications-relay-services-directory. International hearing-impaired customers should use the TRS at +1.605.224.1837. An Oracle Support engineer will respond to technical issues according to the standard service request process. Oracle cannot make any commitments about future product directions, including plans to address accessibility or the availability of VPATs. Product direction remains at the sole discretion of Oracle. In entering into an order referencing these STCs, the ordering activity acknowledges that the ordering activity has reviewed the representations provided and referenced in this paragraph and agrees that these representations satisfy the ordering activity's requirements relating to Section 508 and accessibility (if any) and that no other terms, conditions, statements or any other such representations regarding or related to accessibility shall apply to the Oracle products provided under these Hardware STCs.

5. Internet Protocol version 6 (IPv6)
Prior to any customizations, the Oracle product(s) and service(s) to be delivered pursuant to the contract are capable of accommodating Internet Protocol version 6 (IPv6) solely to the extent defined and noted in the relevant product/service documentation available at oracle.com. Please note that such capabilities are subject to the dependencies, comments and exceptions (some of which may be significant, if any) noted in such documentation, and require that Oracle product(s) and service(s) are used in accordance with Oracle's associated documents and other written information and that any other products properly interoperate with them. If no relevant product/service documentation is found addressing IPv6, then Oracle makes no representations as to the capabilities of the product/service in question to accommodate IPv6. Oracle cannot make any commitments about future product directions, including plans to address IPv6. Product direction remains at the sole discretion of Oracle. In entering into an order referencing these STCs, the ordering activity acknowledges that the ordering activity has reviewed the representations provided and referenced in this paragraph and agrees that these representations satisfy the ordering activity's requirements relating to Ipv6 (if any) and that no other terms, conditions, statements, requirements or any other such representations regarding or related to IPv6 shall apply to the Oracle products and services to be delivered pursuant to these Hardware STCs.

6. Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the programs and hardware (including any integrated software and operating system(s)). You agree that such export laws govern your use of the programs (including technical data), hardware (including any integrated software and operating system(s)) and any services deliverables provided under your order, and you agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, program, hardware (including any integrated software and operating system(s)) and/or materials resulting from services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology. You shall include the following notice on packing lists, commercial invoices, shipping documents and other documents involved in the transfer, export or re-export of the programs and hardware (including any integrated software and operating system(s)): 'These commodities, technology, software, or hardware (including any integrated software and operating system(s)) were exported in accordance with U.S. Export Administration Regulations and applicable export laws. Diversion contrary to applicable export laws is prohibited.

7. Oracle, as the owner of the intellectual property of the program licenses and the technical support services, is a third party beneficiary of the contract and the orders for Oracle products issued pursuant to the contract, but does not assume any of the Oracle authorized reseller's obligations thereunder.

8. The Uniform Computer Information Transactions Act does not apply to these Hardware STCs nor any order placed pursuant to them.

9. You understand that the Contractor and Oracle's business partners, including any third party firms retained by you to provide computer consulting services, are independent of Oracle and are not Oracle's agents. Oracle is not bound by any acts of any such entity, unless the entity is providing services as an Oracle subcontractor under an engagement ordered directly with Oracle.

10. You may order trial programs, or Oracle may include additional programs with your order with Contractor which you may use for trial, non-production purposes only. You may not use the trial programs to provide or attend third party training on the content and/or functionality of the programs. You have 30 days from the delivery date to evaluate these programs. If you decide to use any of these programs after the 30-day trial period, you must obtain a license for such programs from Oracle or an authorized distributor. If you decide not to obtain a license for any program after the 30 day trial period, you will cease using and delete any such programs from your computer systems. Programs licensed for trial purposes are provided "as is" and Oracle does not provide technical support or offer any warranties for these programs.

11. Oracle may include additional programs on the hardware (e.g., Exadata Storage Server software). You are not authorized to use those programs unless you have a license specifically granting you the right to do so; however, you may use programs for trial, non-production purposes for up to 30 days from the date of delivery provided that such use is subject to the terms for trial programs in the contract, including these Hardware STCs.

12. Unless otherwise agreed in an order, upon 45 days written notice and no more than once annually, Oracle may audit your use of the programs. You agree to cooperate with Oracle's audit, provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with your normal business operations. Oracle shall comply with reasonable security and safety rules, policies, and procedures ("security rules") while performing any such audit, provided that such security rules are applicable to the performance of the audit; you make such security rules available to Oracle prior to the commencement of the audit; and such security rules do not modify or amend the terms and conditions of the contract or the applicable order. You shall be responsible for either discounting any non-compliant use or paying any underpaid fees that Oracle or the Contractor invoices you for related to use of the programs. Oracle shall not be responsible for any costs incurred by you in cooperating with the audit.

13. Upon termination of a program license, you are required to discontinue use and destroy or return to the Contractor all copies of the programs and program documentation associated with the terminated license.

If any document incorporated by reference into these Hardware STCs, including the License Definitions and Rules and terms included and/or referenced therein, contains an indemnification provision, such indemnification provision shall not apply as to the United States indemnifying Oracle or any other party; however, Oracle reserves the right to seek indemnification from the U.S. Government should Federal statute permit such indemnification.

17. Products and Service Offerings deliverables are not designed for or specifically intended for use in nuclear facilities or other hazardous applications. You agree that it is Your responsibility to ensure safe use of Products and Service Offerings deliverables in such applications.

ORACLE®

ORACLE SOFTWARE PROGRAMS AND/OR SERVICES
GSA SUPPLEMENTAL TERMS AND CONDITIONS v103119

THESE ORACLE SOFTWARE PROGRAM AND/OR SERVICES GSA SUPPLEMENTAL TERMS AND CONDITIONS ("GSA STCs") SHALL APPLY TO THE ORACLE SOFTWARE PROGRAMS AND/OR SERVICES THAT YOU ORDER FROM THE CONTRACTOR (THE "CONTRACTOR") UNDER THE CONTRACTOR'S GSA SCHEDULE CONTRACT ("THE CONTRACT"). THESE SOFTWARE STCs SHALL TAKE PRECEDENCE OVER ANY CONFLICTING TERMS IN ANY NON-ORACLE ORDER OR ORDERING DOCUMENTATION. THESE SOFTWARE STCs ARE CONSIDERED PART OF THE SCHEDULE OF SUPPLIES/SERVICES IN YOUR ORDER TO THE CONTRACTOR.

A. Definitions

"You" and "your" refers to the ordering activity that has ordered programs, and/or services from an authorized distributor ("Contractor") under the contract.

The term "ancillary programs" refers to third party materials specified in the program documentation which may only be used for the purposes of installing or operating the programs with which the ancillary programs are delivered.

The term "contract" refers to the Contractor's GSA Schedule contract.

The term "program documentation" refers to the program user manual and program installation manuals.

The term "programs" refers to the software products owned or distributed by Oracle which you have ordered, program documentation, and any program updates acquired through technical support.

The term "services" refers to annual technical support services which you have ordered.

B. Rights Granted

Upon Contractor's acceptance of your order, you have the non-exclusive, non-assignable, royalty free, perpetual (unless otherwise specified in your order with Contractor), limited right to use the programs and receive any services you ordered solely for your internal ordering activity operations and subject to the terms of these Software STCs, including the Oracle License Definitions and Rules, the order, the contract and the program documentation. You may allow your agents and contractors (including, without limitation, outsourcers) to use the programs for this purpose and you are responsible for their compliance with these Software STCs, including the Oracle License Definitions and Rules, the order, the contract and the program documentation in such use. For programs that are specifically designed to allow your customers and suppliers to interact with you in the furtherance of your internal business operations, such use is allowed.

C. Ownership and Restrictions

Oracle or its licensors retain all ownership and intellectual property rights to the programs. Oracle retains all ownership and intellectual property rights to anything developed by Oracle and delivered under your order resulting from services. You may make a sufficient number of copies of each program for your licensed use and one copy of each program media.

Third party technology that may be appropriate or necessary for use with some Oracle programs is specified in the program documentation. Such third party technology is licensed to you under the terms

of the third party technology license agreement specified in the program documentation and not under the terms of the contract or these Software STCs. The parties acknowledge that the terms of this agreement do not apply to such third party technology.

You may not:

- use the programs in a rental, timesharing, subscription service, hosting or outsourcing capacity;
- remove or modify any program markings or any notice of Oracle's or its licensors' proprietary rights;
- make the programs or materials resulting from the services available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific program license or materials from the services you have acquired);
- cause or permit reverse engineering (unless required by law for interoperability), disassembly or decompilation of the programs (the foregoing prohibition includes but is not limited to review of data structures or similar materials produced by programs), operating system or integrated software; or
- disclose results of any program benchmark tests.

D. Warranties, Disclaimers and Exclusive Remedies

For the sake of clarity, this is the Oracle manufacturer's warranty; nevertheless, it shall be accessed by you through the Contractor.

Oracle warrants that a program licensed to you will operate in all material respects as described in the applicable program documentation for one year from delivery (i.e. via physical shipment or electronic download). You must notify Oracle of any program warranty deficiency within one year from delivery. **ORACLE DOES NOT GUARANTEE THAT THE PROGRAMS WILL PERFORM ERROR-FREE OR UNINTERRUPTED, OR THAT ORACLE WILL CORRECT ALL PROGRAM ERRORS.**

Oracle also warrants that services will be provided in a professional manner consistent with industry standards. You must notify Oracle of any services warranty deficiencies within 90 days from performance of the deficient services.

FOR ANY BREACH OF THE ABOVE WARRANTIES, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE: (A) THE CORRECTION OF PROGRAM ERRORS THAT CAUSE BREACH OF THE WARRANTY; OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT SUCH BREACH IN A COMMERCIALLY REASONABLE MANNER YOU MAY END YOUR PROGRAM LICENSE AND RECOVER THE FEES PAID TO ORACLE FOR THE PROGRAM LICENSE DISTRIBUTED TO YOU; OR (B) THE REPERFORMANCE OF THE DEFICIENT SERVICES PROVIDED BY ORACLE; OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT A BREACH IN A COMMERCIALLY REASONABLE MANNER, YOU MAY END THOSE SERVICES AND RECOVER THE FEES PAID TO ORACLE FOR THE DEFICIENT SERVICES PROVIDED BY ORACLE TO YOU. TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS WITH RESPECT TO THE ABOVE ITEMS, INCLUDING ANY WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

E. Technical Support

Technical support consists of annual technical support services you may have ordered or will order for the programs, including support renewals. Support must be ordered pursuant to a valid End User License Agreement such as these Software STCs. Bug fixes, security fixes and any updates received shall be provided under the terms of the license agreement that You accepted upon ordering the programs.

If ordered, annual technical support (including first year and all subsequent years) for programs is provided under Oracle's technical support policies in effect at the time the services are provided. The technical support policies, incorporated herein, are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of services provided for supported programs during the period for which technical support has been ordered. You should review the policies prior to entering into an order for the applicable services. You may access the current version of the technical support policies at http://www.oracle.com/us/support/policies/index.html. The technical support policies state that, "global customer support services and systems are not designed to accommodate special security controls that may be required to store or process certain types of sensitive data." Accordingly, as stated in the technical support policies, You agree not to submit any health, payment card, CUI or other controlled or sensitive data that require protections greater [such as those in DFARS 252.204-7012 or substantively similar requirements] than those specified in the Oracle Global Customer Support Security Practices to Oracle as part of any service request. Software Update License & Support (or any successor technical support offering to Software Update License & Support, "SULS") acquired with your order may be renewed annually through a reseller that is expressly authorized to distribute support renewals. The order with Contractor will specify your SULS fee for the first renewal year should you renew SULS for the same number of licenses for the same programs as contained in the original order; If you elect not to purchase technical support at the time that the program is ordered, then you may be required to pay reinstatement fees equal to the amount the lapsed maintenance support fees would have been for the date that support lapsed until the reinstatement date if you decide to purchase technical support at a later date. Technical support for programs is effective upon shipment of tangible media or upon the effective date of the order if shipment of tangible media is not required.

Invoices for technical support services shall be submitted by Contractor on a quarterly basis (unless otherwise specified in the order) after the completion of such period. Technical support services charges for SULS (or any successor technical support offering to SULS) are classified as Software Maintenance as a Service and must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

Notwithstanding anything in Oracle's technical support policies to the contrary, you may discontinue technical support at the end of any current technical support term and, at any time thereafter, reinstate technical support by executing an order for such services with Contractor. If you decide to reinstate technical support, you must pay a reinstatement fee. The reinstatement fee shall be the amount that would have been paid by the ordering activity for the past support period had technical support not lapsed. In addition to the reinstatement fee described in the preceding sentence, you must pay the technical support fee for the new support period. This technical support fee for the new support period is computed as follows: (i) if technical support lapsed, then the technical support fee for a twelve month support period shall be the last annual technical support fee you paid for the relevant program; (ii) if you never acquired technical support for the relevant program, then the annual technical support fee shall be the fee that would have been charged if support had been ordered originally for the relevant program per Oracle's Support pricing policies in effect at the time of reinstatement. Renewal adjustments may be applied to the annual support fee described in (i) and (ii) above.

F. Intellectual Property Indemnification

If someone makes a claim against you, including the U.S. Government, and its officers, employees and agents, or Oracle ("Recipient", which may refer to you or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, data, or material ("Material") furnished by either you or Oracle ("Provider", which may refer to you or Oracle depending on which party provided the Material), and used by the Recipient infringes its intellectual property rights

(including U.S. or foreign patent, trademark and copyright), the Provider will indemnify the Recipient against the claim to the extent permitted by law if the Recipient does the following:

- o Notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim;
- o Gives the Provider control of the defense, with input from Recipient, and any settlement negotiations, provided that for the U.S. Government the control of the defense and settlement is subject to 28 U.S.C. 516; and
- o Gives the Provider the information, authority, and assistance the Provider needs to defend against or settle the claim.

If the Provider believes or it is determined that any of the Material may have violated someone else's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any fees the Recipient may have paid for it. If you are the Provider and such return materially affects Oracle's ability to meet its obligations under the relevant order (e.g., impairs Oracle's ability to perform due to a work statement, schedule or cost impact), then Oracle may, at its option and upon 30 days prior written notice, request termination of the order. Oracle's right to end the license or request termination of the order in accordance with this paragraph shall not apply if the U.S. Government authorizes or consents to use of the Material, and in such cases, Oracle shall have no obligation to indemnify or other liability whatsoever, to the Government or to third parties for infringement, and the exclusive cause of action and remedy for infringement shall be in accordance with 28 U.S.C. 1498, as set forth in 48 C.F.R. 27.201-1(a). The Provider will not indemnify the Recipient if the Recipient alters the Material or uses it outside the scope of use identified in the Provider's user documentation or if the Recipient uses a version of the Materials which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the Recipient, or if the Recipient continues to use the applicable Material after the end of the license to use that Material. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any information, design, specification, instruction, software, data, or material not furnished by the Provider. Oracle will not indemnify you to the extent that an infringement claim is based upon the combination of any Material with any products or services not provided by Oracle. Oracle will not indemnify you for infringement caused by your actions against any third party if the Oracle program(s) as delivered to you and used in accordance with the terms of the order and the Software STCs would not otherwise infringe any third party intellectual property rights. Oracle will not indemnify you for any infringement claim that is based on: (1) a patent that you were made aware of prior to the effective date of your order with Contractor (pursuant to a claim, demand, or notice); or (2) your actions prior to the effective date of your order with Contractor.

With respect to the U.S. Government, the foregoing indemnification shall not apply as to the United States indemnifying Oracle or any other party; however, Oracle reserves the right to seek indemnification from the U.S. Government in accordance with the preceding paragraphs should Federal statute permit such indemnification.

This section provides the parties' exclusive remedy for any infringement claims or damages.

G. NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE. CONTRACTOR'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO AN ORDER ISSUED PURSUANT TO THESE SOFTWARE STCs, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID CONTRACTOR UNDER THE RELEVANT ORDER, AND IF SUCH DAMAGES RESULT FROM YOUR

USE OF PROGRAMS, HARDWARE, OPERATING SYSTEM, INTEGRATED SOFTWARE OR SERVICES, SUCH LIABILITY SHALL BE LIMITED TO THE FEES YOU PAID CONTRACTOR FOR THE DEFICIENT PROGRAM, HARDWARE, OPERATING SYSTEM, INTEGRATED SOFTWARE OR SERVICES GIVING RISE TO THE LIABILITY. THE FOREGOING EXCLUSION/LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) FRAUD; OR (2) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

H. Other

1. Oracle programs, including the operating system, integrated software, any programs installed on the hardware and/or documentation, delivered in accordance with the terms and conditions of the contract are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation ("FAR"). Pursuant to FAR 12.212(b), use, duplication, disclosure, modification, and adaptation of the programs, including the operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to these Software STCs.

2. You may not assign orders or give or transfer the programs and/or any services or an interest in them to another individual or entity. If you grant a security interest in the programs and/or any services deliverables, the secured party has no right to use or transfer the programs and/or any services deliverables, and if you decide to finance your acquisition of programs and/or any services, you will follow Oracle's policies regarding financing which are at http://oracle.com/contracts. The foregoing shall not be construed to limit the rights you may otherwise have with respect to the Linux operating system, third party technology or separate works licensed under open source or similar license terms.

3. In entering into an order under the contract, you agree and acknowledge that you have not relied on the future availability of any program or updates. However, (a) if you order technical support, the preceding sentence does not relieve Oracle of its obligation to provide such technical support under the relevant order, if and when available, in accordance with Oracle's then current technical support policies, and (b) the preceding sentence does not change the rights granted to you for any program licensed under the order, per the terms of these Software STCs.

4.   Accessibility
The extent to which an Oracle product is, prior to any customizations, capable of providing comparable access to individuals with disabilities consistent with the applicable provisions of the Architectural and Transportation Barriers Compliance Board standards set out in 36 CFR Part 1194 (known as 'Section 508') effective as of June, 2001, or the Revised version in Appendix A (known as 'Revised Section 508') effective as of January, 2018 and the Web Content Accessibility Guidelines (WCAG) version 2.0 level AA, respectively, is indicated by the dependencies, comments and exceptions (some of which may be significant, if any) noted on the applicable Voluntary Product Accessibility Templates (VPAT) available at www.oracle.com/us/corporate/accessibility for each product, when they are used in accordance with Oracle's associated documents and other written information, and provided that any assistive technologies and any other products used with them properly interoperate with them. In the event that no VPAT is available for a particular Oracle product, please contact the Oracle Accessibility Program Office at accessible_ww@oracle.com. In some cases, the outcome may be that a product is still being evaluated for accessibility, may be scheduled to meet accessibility standards in a future release, or may not be scheduled to meet accessibility standards at all. Oracle customers may call Oracle Support at 1.800.223.1711. Hearing-impaired customers in the U.S. who wish to speak to an Oracle Support representative may use a telecommunications relay service (TRS). Information about the TRS is available at http://www.fcc.gov/cgb/consumerfacts/trs.html, and a list of telephone numbers is available at https://www.fcc.gov/general/telecommunications-relay-services-directory. International hearing-impaired customers should use the TRS at +1.605.224.1837. An Oracle Support engineer will respond to technical issues according to the standard service request process. Oracle cannot make any

commitments about future product directions, including plans to address accessibility or the availability of VPATs. Product direction remains at the sole discretion of Oracle. In entering into an order referencing these STCs, the ordering activity acknowledges that the ordering activity has reviewed the representations provided and referenced in this paragraph and agrees that these representations satisfy the ordering activity's requirements relating to Section 508 and accessibility (if any) and that no other terms, conditions, statements or any other such representations regarding or related to accessibility shall apply to the Oracle products provided under these Software STCs.

5.   Internet Protocol version 6 (IPv6).
Prior to any customizations, the Oracle product(s) and service(s) to be delivered pursuant to the contract are capable of accommodating Internet Protocol version 6 (IPv6) solely to the extent defined and noted in the relevant product/service documentation available at oracle.com. Please note that such capabilities are subject to the dependencies, comments and exceptions (some of which may be significant, if any) noted in such documentation, and require that Oracle product(s) and service(s) are used in accordance with Oracle's associated documents and other written information and that any other products properly interoperate with them. If no relevant product/service documentation is found addressing IPv6, then Oracle makes no representations as to the capabilities of the product/service in question to accommodate IPv6. Oracle cannot make any commitments about future product directions, including plans to address IPv6. Product direction remains at the sole discretion of Oracle. In entering into an order referencing these STCs, the ordering activity acknowledges that the ordering activity has reviewed the representations provided and referenced in this paragraph and agrees that these representations satisfy the ordering activity's requirements relating to Ipv6 (if any) and that no other terms, conditions, statements or any other such representations regarding or related to IPv6 shall apply to the Oracle products provided under these Software STCs.

6.   Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the programs. You agree that such export laws govern your use of the programs (including technical data), and any services deliverables provided under your order, and you agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, program, and/or materials resulting from services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

7. Oracle, as the owner of the intellectual property of the program licensed and the technical support services, is a third party beneficiary of the contract and the orders for Oracle products issued pursuant to the contract, but does not assume any of the Oracle authorized reseller's obligations thereunder.

8. The Uniform Computer Information Transactions Act does not apply to these Software STCs nor any order placed pursuant to them.

9. You understand that the Contractor and Oracle's business partners, including any third party firms retained by you to provide computer consulting services, are independent of Oracle and are not Oracle's agents. Oracle is not bound by any acts of any such entity, unless the entity is providing services as an Oracle subcontractor under an engagement ordered directly with Oracle.

10. You may order trial programs, or Oracle may include additional programs with your order with Contractor which you may use for trial, non-production purposes only. You may not use the trial programs to provide or attend third party training on the content and/or functionality of the programs. You have 30 days from the delivery date to evaluate these programs. If you decide to use any of these programs after the 30-day trial period, you must obtain a license for such programs from Oracle or an authorized distributor. If you decide not to obtain a license for any program after the 30 day trial period, you will cease using and delete any such programs from your computer systems. Programs licensed for trial purposes are provided "as is" and Oracle does not provide technical support or offer any warranties for these programs.

Unless otherwise agreed in an order, upon 45 days written notice, and no more than once annually, Contractor may audit your use of the programs. You agree to cooperate with Contractor's audit, provide reasonable assistance and access to information and permit Contractor to report the audit results to Oracle. Any such audit shall not unreasonably interfere with your normal business operations. Contractor shall comply with reasonable security and safety rules, policies, and procedures ("security rules") while performing any such audit, provided that such security rules are applicable to the performance of the audit; you make such security rules available to Contractor prior to the commencement of the audit; and such security rules do not modify or amend the terms and conditions of the Contract or the applicable order. You shall be responsible for either for discontinuing noncompliant use or paying any underpaid fees related to use of the programs, and Oracle or the Contractor, as the case may be, shall submit an invoice to document the amount of such fees. Contractor may assign its right to audit your use of the programs to Oracle. If the Contractor assigns its right to audit your use of the programs to Oracle, then neither You nor Oracle shall be responsible for any costs incurred by either you or Contractor in cooperating with the audit.

11. Upon termination of a program license, you are required to discontinue use and destroy or return to the Contractor all copies of the programs and program documentation associated with the terminated license.

12. Source code maybe delivered as part of the standard delivery for particular programs; all such source code is subject to the terms of these Software STCs, including the Oracle License Definitions and Rules, the applicable order, the contract and the applicable program documentation.

13. Programs and service deliverables are not designed for or specifically intended for use in nuclear facilities or other hazardous applications. You agree that it is Your responsibility to ensure safe use of Products and Service Offerings deliverables in such applications.

14. For software (i) that is part of Programs, Operating Systems, Integrated Software or Integrated Software Options (or all four) and (ii) that You receive from Oracle in binary form and (iii) that is licensed under an open source license that gives You the right to receive the source code for that binary, You may obtain a copy of the applicable source code from https://oss.oracle.com/sources/ or http://www.oracle.com/goto/opensourcecode. If the source code for such software was not provided to You with the binary, You may also receive a copy of the source code on physical media by submitting a written request pursuant to the instructions in the "Written Offer for Source Code" section of the latter website.

15. Oracle's Applications Licensing Table in effect as of the effective date of your order is available at http://oracle.com/us/corporate/contracts. Oracle reserves the right to periodically change the information presented on the website provided above. All information on this website is provided "as- is" without warranty of any kind, either express or implied. The version of the Oracle Application Licensing Table incorporated into an order shall apply to the licenses purchased under the order unless modified by a mutually agreeable contract modification.

The version of the Oracle License Definitions and Rules incorporated into an order shall apply to the licenses purchased under the order unless modified by a mutually agreeable contract modification.

If any document incorporated by reference into these Software STCs, including the License Definitions and Rules and terms included and/or referenced therein, contains a provision (a) allowing for the automatic termination of your license rights or technical support services; (b) allowing for the automatic renewal of services and/or fees; (c) requiring the governing law to be anything other than Federal law, and/or (d) directly conflicts with terms as provided in General Services Administration Acquisition

Regulation (GSAR) 552.232-78 then, such terms shall not apply, except that GSAR 552.232.78 (a)(4) shall not impair any rights or remedies Oracle may have with respect to Your nonpayment of fees, Your unauthorized use of software or services, or Your violation of any of Oracle's proprietary rights, including intellectual property rights. If any document incorporated by reference into these Software STCs, including the License Definitions and Rules and terms included and/or referenced therein, contains an indemnification provision, such provision shall not apply as to the United States indemnifying Oracle or any other party; however, Oracle reserves the right to seek indemnification from the U.S. Government in accordance with the terms of section F above should Federal statute permit such indemnification.

The term "Your Content" means all software, data (including Personal Data as that term is defined in the Data Processing Agreement), text, images, audio, video, photographs, non-Oracle or third party applications, and other content and material, in any format, provided by You or any of Your Users that is stored in, or run on or through, the Services. Services under these Cloud STCs, Oracle Software, other Oracle products and services, and Oracle intellectual property, and all derivative works thereof, do

not fall within the meaning of the term "Your Content". Your content includes any Third Party Content that is brought by You into the Services, by Your use of the Services or any Oracle provided tools.

B. Use of Services

Upon Contractor's acceptance of Your order, Oracle will make the Oracle services listed in Your order (the "Services") available to You pursuant to these Cloud STCs and Your order. Except as otherwise stated in these Cloud STCs or Your order, You have the non-exclusive, worldwide, limited right to use the Services during the period defined in Your order (the "Service Period"), solely for Your internal business operations. You may allow Your Users to use the Services for this purpose and You are responsible for Your Users' compliance with these Cloud STCs and the order.

The Service Specifications describe and govern the Services. During the Services Period, Oracle may update the Services and Service Specifications (with the exception of the Data Processing Agreement as described below) to reflect changes in, among other things, laws, regulations, rules, technology, industry practices, patterns of system use, and availability of Third Party Content. Oracle updates to the Services or Service Specifications will not materially reduce the level of performance, functionality, security or availability of the Services during the Services Period of Your order.

You may not, and may not cause or permit others to: (a) use the Services to harass any person; cause damage or injury to any person or property; publish any material that is false, defamatory, harassing or obscene; violate privacy rights; promote bigotry, racism, hatred or harm; send unsolicited bulk e-mail, junk mail, spam or chain letters; infringe property rights; or otherwise violate applicable laws, ordinances or regulations; (b) perform or disclose any benchmarking or availability testing of the Services; (c) perform or disclose any performance or vulnerability testing of the Services without Oracle's prior written approval, or perform or disclose network discovery, port and service identification, vulnerability scanning, password cracking or remote access testing of the Services; or (d) use the Services to perform cyber currency or crypto currency mining; ((a) through (d) collectively, the "Acceptable Use Policy"). In addition to other rights that Oracle has in these Cloud STCs and Your order, Oracle has the right to take remedial action if the Acceptable Use Policy is violated, and such remedial action may include removing or disabling access to material that violates the policy.

C. Ownership Rights and Restrictions

You and Your licensors retain all ownership and intellectual property rights in and to Your Content. Oracle or its licensors retain all ownership and intellectual property rights to the Services, derivative works thereof, and to anything developed or delivered by or on behalf of Oracle under Your order.

You may have access to Third Party Content through use of the Services. Unless otherwise stated in Your order, all ownership and intellectual property rights in and to Third Party Content and the use of such content is governed by separate third party terms between You and the third party.

You grant Oracle the right to host, use, process, display and transmit Your Content to provide the Services pursuant to and in accordance with these Cloud STCs and Your order. You have sole responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of Your Content, and for obtaining all rights related to Your Content required by Oracle to perform the Services.

You may not, and may not cause or permit others to: (a) modify, make derivative works of, disassemble, decompile, reverse engineer, reproduce, republish, download or copy any part of the Services (including data structures or similar materials produced by programs); (b) access or use the Services to build or support, directly or indirectly, products or services competitive to Oracle; or (c) license, sell, transfer, assign, distribute, outsource, permit timesharing or service bureau use of, commercially exploit, or make available the Services to any third party except as permitted by these Cloud STCs or Your order.

D. Term and Termination

Services shall be provided for the Services Period defined in Your order, unless earlier suspended or terminated in accordance with these Cloud STCs. These Cloud STCs will continue to govern any order for the duration of the Services Period of such order.

If You order Services that are designated in the Service Specifications or Your order as Services that will be automatically extended, such Services will NOT automatically be extended for an additional Services Period of the same duration unless You provide Oracle or an authorized reseller (e.g., Contractor) with written notice no later than thirty (30) days prior to the end of the applicable Services Period of Your intention to renew such Services and You execute an order modification or enter into a new order to renew such Services. The preceding sentence shall not apply if Oracle provides You with written notice no later than ninety (90) days prior to the end of the applicable Services Period of its intention not to renew such Services.

Oracle may temporarily suspend Your or Your Users' access to, or use of, the Services if Oracle believes that (a) there is a significant threat to the functionality, security, integrity, or availability of the Services or any content, data, or applications in the Services; or (b) You or Your Users are accessing or using the Services to commit an illegal act; or (c) there is a violation of the Acceptable Use Policy contained in Section B of these STCs. When reasonably practicable and lawfully permitted, Oracle will provide You with advance notice of any such suspension. Oracle will use reasonable efforts to re-establish the Services promptly after Oracle determines that the issue causing the suspension has been resolved. During any suspension period, Oracle will make Your Content (as it existed on the suspension date) available to You. Any suspension under this paragraph shall not excuse You from Your obligation to make payments under these Cloud STCs or Your order.

If Contractor breaches a material term of the Contract or any order and fails to correct the breach within 30 days of written specification of the breach, then You may terminate the order under which the breach occurred. You may agree in Your sole discretion to extend the 30 day period for so long as Contractor continues reasonable efforts to cure the breach. Any disputes relating to alleged breaches of the Contract or any order shall be handled in accordance with the Contract Disputes Act, 41 U.S.C. §§ 7101-7109.

You may terminate the Contract or Your order at any time without cause by giving Contractor 30 days prior written notice of such termination. Termination of the Contract will not affect orders that are outstanding at the time of termination. Those orders will be performed according to their terms as if the Contract and these Cloud STCs were still in full force and effect. However, those orders may not be renewed or extended subsequent to termination of the Contract.

At the end of the Services Period, Oracle will make Your Content (as it existed at the end of the Services Period) available for retrieval by You during a retrieval period set out in the Service Specifications. At the end of such retrieval period, and except as may be required by law, Oracle will delete or otherwise render unrecoverable any of Your Content that remains in the Services. Oracle's data deletion practices are described in more detail in the Service Specifications.

Provisions in these Cloud STCs that survive termination or expiration of the Contract are those relating to limitation of liability, indemnification, payment and others which by their nature are intended to survive.

E. Fees and Taxes

Fees paid for Services performed are non-refundable, except as provided in these Cloud STCs or Your order Fees for Services offerings are invoiced in arrears of the service performance. Contractor shall state separately on invoices taxes excluded from the fees, and You agree either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

You agree and acknowledge that You have not relied on the future availability of any services, programs or updates in executing Your order; however, the preceding does not relieve Oracle of its obligation during the Services Period to deliver services that You have ordered per the terms of these Cloud STCs.

F. Nondisclosure

By virtue of Your order and these Cloud STCs, Oracle, the Contractor and You may disclose to each other information that is confidential ("Confidential Information"). Confidential information shall be limited to the terms and pricing under these Cloud STCs and Your order, to the extent not otherwise publically available, Your Content residing in the Services, and all information clearly identified as confidential at the time of disclosure.

A party's Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party.

Subject to the Freedom of Information Act ("FOIA") (5 U.S.C. §552), Oracle, the Contractor and You each agree not to disclose each other's Confidential Information to any third party other than as set forth in the following sentence for a period of five years from the date of the disclosing party's disclosure of the Confidential Information to the receiving party; however, Oracle will protect the confidentiality of Your Content residing in the Services for as long as such information resides in the Services. Each party may disclose Confidential Information only to those employees, agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than required under these Cloud STCs, and each party may disclose the other party's Confidential Information in any legal proceeding or to a governmental entity as required by law. Oracle will protect the confidentiality of Your Content resident in the Services in accordance with the Oracle security practices defined as part of the Service Specifications applicable to Your order.

The parties acknowledge and agree that You and these Cloud STCs are subject to FOIA. Should You receive a request under such law for Oracle's Confidential Information, You agree to give Oracle adequate prior notice of the request and before releasing Oracle's Confidential Information to a third party, in order to allow Oracle sufficient time to seek injunctive relief or other relief against such disclosure.

G. Protection of Your Content

In order to protect Your Content provided to Oracle as part of the provision of the Services, Oracle will comply with the following:

a. the relevant Oracle privacy policies applicable to the Services ordered, available at http://www.oracle.com/us/legal/privacy/overview/index.html; and

b. the applicable administrative, physical, technical and other safeguards, and other applicable aspects of system and content management, available at http://www.oracle.com/us/corporate/contracts/cloud-services/index.html.

To the extent Your Content includes Personal Data (as that term is defined in the Data Processing Agreement), Oracle will furthermore comply with the applicable version of the *Oracle Data Processing Agreement for Oracle Cloud Services* (the "Data Processing Agreement"), unless stated otherwise in Your order. The version of the Data Processing Agreement applicable to Your order (a) is available at http://www.oracle.com/dataprocessingagreement and is incorporated herein by reference, and (b) will remain in force during the Services Period of Your order. In the event of any conflict between the terms of the Data Processing Agreement and the terms of the Service Specifications (including any applicable Oracle privacy policies), the terms of the Data Processing Agreement shall take precedence.

Without prejudice to the preceding paragraphs of this Section G, You are responsible for (a) any required notices, consents and/or authorizations related to Your provision of, and our processing of, Your Content (including any Personal Data) as part of the Services, (b) any security vulnerabilities, and the consequences of such vulnerabilities, arising from Your Content, including any viruses, Trojan horses, worms or other harmful programming routines contained in Your Content, and (c) any use by You or Your Users of the Services in a manner that is inconsistent with the terms of these Cloud STCs. To the extent You disclose

or transmit Your Content to a third party, we are no longer responsible for the security, integrity or confidentiality of such content outside of Oracle's control.

Unless otherwise specified in Your order (including in the Service Specifications), Your Content may not include any sensitive or special data that imposes specific data security or data protection obligations on Oracle in addition to or different from those specified in the Service Specifications. If available for the Services, You may purchase additional services from us (e.g., Oracle Payment Card Industry Compliance Services) designed to address specific data security or data protection requirements applicable to such sensitive or special data You seek to include in Your Content.

H. Warranties, Disclaimers and Exclusive Remedies
For the sake of clarity, this is Oracle's warranty; nevertheless, it shall be accessed by You through the Contractor.

Oracle warrants that during the Services Period, Oracle will perform Services using commercially reasonable care and skill in all material respects as described in the Service Specifications. If the Services provided to You were not performed as warranted, You must promptly provide written notice to Oracle that describes the deficiency in the Services (including, as applicable, the service request number notifying Oracle of the deficiency in the Services).

ORACLE DOES NOT WARRANT THAT THE SERVICES WILL BE PERFORMED ERROR-FREE OR UNINTERRUPTED, THAT ORACLE WILL CORRECT ALL SERVICE ERRORS, OR THAT THE SERVICES WILL MEET YOUR REQUIREMENTS OR EXPECTATIONS. ORACLE IS NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORAMCNE, OPERATION OR SECURITY OF THE SERVICES THAT ARISE FROM YOUR CONTENT OR THIRD PARTY CONTENT OR SERVICES PROVIDED BY THIRD PARTIES.

FOR ANY BREACH OF THE SERVICES WARRANTY, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE THE CORRECTION OF THE DEFICIENT SERIVCES THAT CAUSED THE BREACH OF THE WARRANTY, OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALLY REASONABLE MANNER, YOU MAY END THE DEFICIENT SERVICES AND ORACLE WILL REFUND TO CONTRACTOR THE FEES FOR THE DEFICIENT SERVICES THAT CONTRACTOR PAID TO ORACLE FOR THE PERIOD OF TIME DURING WHICH THE SERVICES WERE DEFICIENT, AND CONTRACTOR WILL IN TURN REFUND TO YOU THE FEES FOR THE DEFICIENT SERVICES THAT YOU PAID TO CONTRACTOR FOR THE PERIOD OF TIME DURING WHICH THE SERVICES WERE DEFICIENT.

TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS OR FOR MERCHANTABILITY, SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE.

I. Limitation of Liability
IN NO EVENT SHALL YOU, THE CONTRACTOR, ORACLE OR ANY PARTY'S AFFILIAITES BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXAMPLARY OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF REVENUE, PROFITS (EXCLUDING FEES UNDER YOUR ORDER), SALES, DATA, DATA USE, GOODWILL, OR REPUTATION. CONTRACTOR'S MAXIMUM LIABILITY FOR ALL DAMAGES ARISING OUT OF OR RELATED TO YOUR ORDER, WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL IN NO EVENT EXCEED, IN THE AGGREGATE, THE TOTAL AMOUNTS ACTUALLY PAID TO CONTRACTOR FOR THE SERVICES UNDER YOUR ORDER LESS ANY REFUNDS OR CREDITS RECEIVED BY YOU FROM CONTRACTOR UNDER SUCH ORDER.

IN NO EVENT SHALL THE AGGREGATE LIABLITY OF ORACLE AND ORACLE'S AFFILIATES ARISING OUT OF OR RELATED TO THESE CLOUD STCS OR YOUR ORDER, WHETHER IN CONTRACT, TORT OR OTHERWISE EXCEED THE TOTAL AMOUNTS ACTUALLY PAID TO ORACLE FOR THE SERVICES UNDER YOUR ORDER LESS ANY REFUNDS OR CREDITS RECEIVED BY CONTRACTOR FROM ORACLE UNDER SUCH ORDER. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) FRAUD; OR (2) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

J.   Intellectual Property Indemnification

If a third party makes a claim against You or Oracle ("Recipient" which may refer to You or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively "Material") furnished by either You or Oracle ("Provider" which may refer to You or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense will, to the extent not prohibited by law, defend the Recipient against the claim and indemnify Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider if Recipient does the following:

   a. notifies the Provider promptly in writing, not later than 30 days after Recipient receives notice of the claim (or sooner if required by applicable law);
   b. gives the Provider sole control of the defense and any settlement negotiations, provided that for the U.S. Government the control of the defense and settlement is subject to 28 U.S.C. 516; and
   c. gives the Provider the information, authority, and assistance Provider needs to defend against or settle the claim.

If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund the fees the Recipient may have paid for such Material. If such return materially affects Oracle's ability to meet its obligations under the relevant order, then Oracle may upon 30 days prior written notice, terminate the order. Oracle's right to end the order in accordance with this paragraph shall not apply if You authorize or consent to use of the Material, and in such cases, Oracle shall have no obligation to indemnify or other liability whatsoever, to You or to third parties for infringement, and the exclusive cause of action and remedy for infringement shall be in accordance with 28 U.S.C. §1498, as set forth in 48 C.F.R. §27.201-1(a). If such Material is third party technology and the terms of the third party license do not allow Oracle to terminate the license, then Oracle may, upon 30 days prior written notice, end the Services associated with such Material and refund any unused, prepaid fees for such Services.

The Provider will not indemnify the Recipient if the Recipient (a) alter the Material or use it outside the scope of use identified in the Provider's user documentation or Service Specifications, or (b) uses a version of the Materials which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the Recipient. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon Material not furnished by the Provider. Oracle will not indemnify You to the extent that an infringement claim is based on third Party Content or any Material from a third party portal or other source that is accessible or make available to Your within or by the Services (e.g. a social media post from a third party blog or forum, a third party Web page accessed via a hyperlink, marketing data from a third party data providers, etc.

With respect to the U.S. Government, the foregoing indemnification shall not apply as to the United States indemnifying Oracle or any other party; however, Oracle reserves the right to seek indemnification from the U.S. Government in accordance with the preceding paragraphs should Federal statute permit such indemnification.

This Section J provides the parties' exclusive remedy for any infringement claims or damages.

K. Third Party Content, Services and Websites

The Services may enable You to link to, transmit Your Content or Third Party Content to, or otherwise access, third parties' web sites, platforms, content, products, services, and information ("Third Parties Services"). Oracle does not control and is not responsible for Third Party Services. You are solely responsible for complying with the terms of access and use of Third Party Services, and if Oracle accesses or uses any Third Party Services on Your behalf to facilitate performance of the Services, You are solely responsible for ensuring that such access and use, including through passwords, credentials or tokens issued or otherwise made available to You, is authorized by the terms of access and use for such services. If You transfer or cause the transfer of Your Content or Third Party Content from the Services to a Third Party Service or other location, that transfer constitutes a distribution by You and not by Oracle.

Any Third Party Content Oracle makes accessible is provided on an "as-is" and "as available" basis without any warranty of any kind. You acknowledge and agree that Oracle is not responsible for, and has no obligation to control, monitor, or correct, Third Party Content. Oracle disclaims all liabilities arising from or related to Third Party Content.

You acknowledge that: (i) the nature, type, quality and availability of Third Party Content may change at any time during the Services Period, and (ii) features of the Services that interoperate with third parties such as Facebook™, YouTube™ and Twitter™, etc., depend on the continuing availability of such third parties' respective application programming interfaces (APIs). Oracle may update, change or modify the Services under the Contract, as a result of a change in, or unavailability of, such Third Party Content, Third Party Services or APIs. If any third party ceases to make its Third Party Content or APIs available on reasonable terms for the Services, as determined by Oracle in its sole discretion, Oracle may cease providing access to the affected Third Party Content or third party services without any liability to You or the Contractor. Any changes to Third Party Content, Third Party Services or APIs, including their unavailability, during the Services Period does not affect Your obligations under the Contract, these Cloud STCs or the applicable order, and You will not be entitled to any refund, credit or other compensation due to any such changes.

L. Service Monitoring, Analyses and Oracle Software

Oracle continuously monitors the Services to facilitate Oracle's operation of the Services; to help resolve Your service requests; to detect and address threats to the functionality, security, integrity, and availability of the Services as well as any content, data, or applications in the Services; and to detect and address illegal acts or violations of the Acceptable Use Policy. Oracle monitoring tools do not collect or store any of Your Content residing in the Services, except as needed for such purposes. Oracle does not monitor, and does not address issues with, non-Oracle software provided by You or any of Your Users that is stored in, or run on or through, the Services. Information collected by Oracle monitoring tools (excluding Your Content) may also be used to assist in managing Oracle's product and service portfolio, to help Oracle address deficiencies in its product and service offerings, and for license management purposes.

Oracle may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the Services in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses (i) and (ii) are collectively referred to as "Service Analyses"). Oracle may make Service Analyses publicly available; however, Service Analyses will not incorporate Your Content, Personal Data or Confidential Information in a form that could serve to identify You or any individual. Oracle retains all intellectual property rights in Service Analyses.

Oracle may provide You with the ability to obtain certain Oracle Software for use with the Services. If Oracle provides Oracle Software to You and does not specify separate terms for such software, then such Oracle Software is provided as part of the Services and You have the non-exclusive, worldwide, limited right to use such Oracle Software, subject to the terms of these Cloud STCs and Your order (except for separately licensed elements of the Oracle Software, which separately licensed elements are governed by the

applicable separate terms), solely to facilitate Your use of the Services. You may allow Your Users to use the Oracle Software for this purpose, and You are responsible for their compliance with the license terms. Your right to use Oracle Software will terminate upon the end of these Services associated with the Oracle Software or earlier if terminated in accordance with the Contract Disputes Act or terminated for convenience. Notwithstanding the foregoing, if Oracle Software is licensed to You under separate terms, then Your use of such software is governed by the separate terms. Your right to use any part of the Oracle Software that is licensed under the separate terms is not restricted in any way by these Cloud STCs.

M. Export

Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Services. Such export laws govern Your use of the Services (including technical data) and any services deliverables provided under Your order, and You and Oracle each agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, software programs and/or materials resulting from Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

You acknowledge that the Services are designed with capabilities for You and Your Users to access the Services without regard to geographic location and to transfer or otherwise move Your Content between the Services and other locations such as User workstations. You are solely responsible for the authorization and management of User accounts across geographic locations, as well as export control and geographic transfer of Your Content.

N. Force Majeure

Excusable delays shall be governed by FAR 52.212-4(f) to the extent not inconsistent with these STCs. All parties will use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 30 days, the affected order(s) will be terminated for convenience unless the parties otherwise agree in writing. This Section does not excuse any party's obligation to take reasonable steps to follow its normal disaster recovery procedures or Your obligation to pay for the Services.

O. Assignment

Neither party can assign Your order or give or transfer the Services, or an interest in the Services, to another individual or entity.

P. Other

1. Oracle is an independent contractor, and each party agrees that no partnership, joint venture, or agency relationship exists between You and Oracle or between Contractor and Oracle.

2. Oracle's business partners and other third parties, including any third parties with which the Services have integrations or that are retained by You to provide consulting services, implementation services or applications that interact with the Services, are independent of Oracle and are not Oracle's agents. Oracle is not liable for, bound by, or responsible for any problems with the Services or Your Content arising due to any acts of any such business partner or third party, unless the business partner or third party is providing Services as Oracle's subcontractor on an engagement ordered under these Cloud STCs and, if so, then only to the same extent as Oracle would be responsible for Oracle's resources under these Cloud STCs.

3. Any notice required under your order shall be provided to the other party, and Oracle, in writing. Oracle may give notices applicable to Oracle's Services customers by means of a general notice on the Oracle portal for the Services, and notices specific to You by electronic mail to Your e-mail address on record

in Oracle's account information or by written communication sent by first class mail or pre-paid post to Your address on record in Oracle's account information.

4. If any term of these Cloud STCs is found to be invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced with another term consistent with the purpose and intent of these Cloud STCs.

5. Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to these Cloud STCs may be brought by any party more than six (6) years after the cause of action has accrued.

6. Prior to entering into an order governed by these Cloud STCs, You are solely responsible for determining whether the Services meet Your technical, business or regulatory requirements. Oracle will cooperate with Your efforts to determine whether use of the standard Services are consistent with those requirements. Additional fees may apply to any additional work performed by Oracle or changes to the Services. You remain solely responsible for Your regulatory compliance in connection with Your use of the Services.

7. Upon forty-five (45) days written notice and no more than once every twelve (12) months, Oracle may audit Your compliance with the terms of these Cloud STCs and Your order. You agree to cooperate with Oracle's audit and to provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with Your normal business operations. Oracle shall comply with reasonable security and safety rules, policies, and procedures ("security rules") while performing any such audit, provided that (i) such security rules are applicable to the performance of the audit; (ii) You make such security rules available to Oracle prior to the commencement of the audit; and (iii) such security rules do not modify or amend the terms and conditions of these Cloud STCs or the applicable order(s). Any usage in excess of Your rights shall be considered a change to the scope of Services of the applicable order and You shall be responsible for paying the additional fees related to use of the Services in excess of Your rights and issuing an invoice to document the amount of such fees and the change in the scope of Services.

8. The Uniform Computer Transactions Act does not apply to these Cloud STCs nor any order placed pursuant to them.

9. The extent to which an Oracle product is, prior to any customizations, capable of providing comparable access to individuals with disabilities consistent with the applicable provisions of the Architectural and Transportation Barriers Compliance Board standards set out in 36 CFR Part 1194 (known as 'Section 508') effective as of June, 2001, or the Revised version in Appendix A (known as 'Revised Section 508') effective as of January, 2018 and the Web Content Accessibility Guidelines (WCAG) version 2.0 level AA, respectively, is indicated by the dependencies, comments and exceptions (some of which may be significant, if any) noted on the applicable Voluntary Product Accessibility Templates (VPAT) available at www.oracle.com/us/corporate/accessibility for each product, when they are used in accordance with Oracle's associated documents and other written information, and provided that any assistive technologies and any other products used with them properly interoperate with them. In the event that no VPAT is available for a particular Oracle product, please contact the Oracle Accessibility Program Office at accessible_ww@oracle.com. In some cases, the outcome may be that a product is still being evaluated for accessibility, may be scheduled to meet accessibility standards in a future release, or may not be scheduled to meet accessibility standards at all. Oracle customers may call Oracle Support at 1.800.223.1711. Hearing-impaired customers in the U.S. who wish to speak to an Oracle Support representative may use a telecommunications relay service (TRS). Information about the TRS is available at http://www.fcc.gov/cgb/consumerfacts/trs.html, and a list of telephone numbers is available at https://www.fcc.gov/general/telecommunications-relay-services-directory. International hearing-impaired customers should use the TRS at +1.605.224.1837. An Oracle Support engineer will respond to technical issues according to the standard service request process. Oracle cannot make any commitments about future product directions, including plans to address accessibility or the availability

of VPATs. Product direction remains at the sole discretion of Oracle. In entering into an order referencing these STCs, the ordering activity acknowledges that the ordering activity has reviewed the representations provided and referenced in this paragraph and agrees that these representations satisfy the ordering activity's requirements relating to Section 508 and accessibility (if any) and that no other terms, conditions, statements or any other such representations regarding or related to accessibility shall apply to the Services provided under these Cloud STCs.

10. Internet Protocol version 6 (IPv6). Prior to any customizations, the Oracle product(s) and service(s) to be delivered pursuant to the Contract are capable of accommodating Internet Protocol version 6 (IPv6) solely to the extent defined and noted in the relevant product/service documentation available at oracle.com. Please note that such capabilities are subject to the dependencies, comments and exceptions (some of which may be significant, if any) noted in such documentation, and require that Oracle product(s) and service(s) are used in accordance with Oracle's associated documents and other written information and that any other products properly interoperate with them. If no relevant product/service documentation is found addressing IPv6, then Oracle makes no representations as to the capabilities of the product/service in question to accommodate IPv6. Oracle cannot make any commitments about future product directions, including plans to address IPv6. Product direction remains at the sole discretion of Oracle. In entering into an order referencing these STCs, the ordering activity acknowledges that the ordering activity has reviewed the representations provided and referenced in this paragraph and agrees that these representations satisfy the ordering activity's requirements relating to Ipv6 (if any) and that no other terms, conditions, statements, requirements or any other such representations regarding or related to IPv6 shall apply to the Services to be delivered pursuant to these Cloud STCs.

11. If any document incorporated by reference into these Cloud STCs contains a provision (a) allowing for the automatic termination of Your Services; (b) allowing for the automatic renewal of Services and/or fees; and/or (c) requiring the governing law to be anything other than Federal law, then such terms shall not apply. If any document incorporated by reference into these Cloud STCs contains an indemnification provision, such provision shall not apply as to the United States indemnifying Oracle or any other party; however, Oracle and Contractor reserve the right to seek indemnification from the U.S. Government should any Federal statute permit such indemnification.

The term "term" is defined as the duration for which you have acquired the Service Offering(s).

B. Service Offering(s)

Upon Contractor's acceptance of your order and subject to these OSSS GSA STCs, you have the limited right to receive the Service Offering(s) solely for your ordering activity operations and subject to the terms of the contract, including these OSSS GSA STCs, and the order.

For purposes of the order Service Offering(s) consist of Oracle's technical support services level You may have ordered from Oracle or an authorized reseller for the Service Offering(s) (If ordered, Service Offering(s) (including initial year and all subsequent years) are provided under the Oracle Open Source Support Policies in effect at the time the Service Offering(s) are provided. The Oracle Open Source Support Policies, which are incorporated in Your Order, are subject to change at Oracle's discretion in accordance

with GSA schedule Contract Clause 552.212-4(w)(vi)"; however, Oracle will not materially reduce the level of Service Offering(s) provided during the period for which fees for the Service Offering(s) have been paid. Service Offering(s) are available for certain systems, and may be subject to additional restrictions as set forth in the Oracle Open Source Support Policies. You should review the Oracle Open Source Support Policies prior to entering into the order for the applicable Service Offering(s). You may access the current version of the Oracle Open Source Support Policies at http://www.oracle.com/contracts

The Service Offering(s) are effective upon the effective date of Your order unless otherwise stated in Your order. If Your order was placed through the Oracle Store, the effective date is the date Your order was accepted by Oracle.

The Service Offering(s) provided under Your Order are in support of licenses You acquired separately. All patches, bug fixes and other code received as part of the Service Offering(s) under Your Order shall be provided under the terms of the appropriate license agreement that You accepted upon downloading and/or installing the Oracle Linux, Oracle VM and/or Oracle Verrazzano program(s). The Service Offering(s) may also include the right to use certain additional software or tools during the Support Term for which fees for Service Offering(s) have been paid. The license terms for any such software or tools, as well as any limitations associated with them, will be referenced in the Program Documentation.

C. Oracle Linux and Oracle VM Indemnification

Provided you are a current subscriber to the Oracle Linux Service Offering(s) and/or Oracle VM Service Offering(s), if a third party makes a claim against you, including the U.S. Government, and its officers, employees and agents, that any covered programs furnished by Oracle, and used by You for Your business operations infringes its intellectual property rights (including U.S. or foreign patent, trademark and copyright), Oracle, at it's sole cost and expense, will defend You against the claim and indemnify You from the damages; liabilities, costs, and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by Oracle, if you do the following:

- Notify Oracle promptly in writing, not later than 30 days after you receive notice of the claim (or sooner if required by applicable law);
- Give Oracle control of the defense, with input from you, and any settlement negotiations, provided that for the U.S. Government the control of the defense and settlement is subject to 28 U.S.C. 516; and
- Give Oracle the information, authority, and assistance it needs to defend against or settle the claim.

If Oracle believes or it is determined that any Covered Programs may have violated a third party's intellectual property rights, Oracle may choose to either modify the material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, then Oracle may, upon 30 days notice to you terminate your right to receive indemnification for your further use of the Covered Programs specified and refund any unused, prepaid service fees you may have paid for the Covered Programs. Notwithstanding the above, Oracle will not defend or indemnify you in connection with claims, damages, liabilities, costs or expenses arising out of, or caused by, or related to: (a) your distribution of the Covered Programs; (b) your alteration of the Covered Programs; (c) your use of a version of the Covered Programs which has been superseded, if the infringement claim could have been avoided by using the current version of the Covered Programs; (d) your use of the Covered Programs outside the scope of use identified in the user documentation or the Oracle Open Source Support Policies; (e) your use of the Covered Programs when you were not a subscriber to the Oracle Linux Service Offering(s) and/or Oracle VM Service Offering(s); (f) any information, design, specification, instruction, software, data, or material not furnished by Oracle (g) the combination of any Covered Programs with any products or services not provided by Oracle; (h) your claim, lawsuit, or action against a third party. For avoidance of doubt, this section specifically excludes, and no indemnification is provided for, the Verrazzano programs.

This section provides your exclusive remedy for any infringement claims or damages, liabilities, costs or expenses.

D. Fees and Taxes

Once placed, Your order shall be non-cancelable and the sums paid nonrefundable, except as provided in the Contract or Your Order.

For the first term for which Service Offering(s) are ordered, the initial fees due will be calculated based upon the number of systems to be supported that are in existence as of the date of your order. For the second and all subsequent terms, the fees due will be calculated based on the total number of systems supported that are in existence as of the first day of the term(s).

In addition to the initial fees specified above, additional fees are required for the level Service Offering(s) ordered based on the maximum number of supported systems that exist simultaneously at any time during the term and in accordance with the Oracle Open Source Support Policies for the level of support you are ordering. In that regard, in the event that you decide to increase the number of supported systems, you agree that you will promptly place an order for Service Offering(s) for these systems and pay the additional relevant fees prior to increasing the number of supported systems.

For services sold in conjunction with the Service Offering(s), the fees due for the initial term and all subsequent terms will be based on the then current GSA Schedule Pricelist included in Your contract with the Contractor.

In entering into an order under the contract, you agree and acknowledge that you have not relied on the future availability of any, program or updates.

Invoices for services shall be submitted by Contractor on a quarterly basis (unless otherwise specified in the order) after the completion of the services period covered by the invoice. All service fees are invoiced after the performance of the services. Fees for all services must be paid in arrears (31.U.S.C. 3324).

Please note that such capabilities are subject to the dependencies, comments and exceptions (some of which may be significant, if any) noted in such documentation, and require that Oracle product(s) and service(s) are used in accordance with Oracle's associated documents and other written information and that any other products properly interoperate with them. If no relevant product/service documentation is found addressing IPv6, then Oracle makes no representations as to the capabilities of the product/service in question to accommodate IPv6. Oracle cannot make any commitments about future product directions, including plans to address IPv6. Product direction remains at the sole discretion of Oracle. You agree that the representations provided and referenced in this paragraph satisfy Your requirements relating to IPv6, and that no other IPv6-related requirements, terms, conditions, statements, requirements, including any which may be contained in any non-Oracle order or ordering documentation, shall apply to the Oracle products and/or services to be delivered pursuant to these STCs.

In the event You receive a valid request for Oracle's Confidential Information pursuant to FOIA, You will provide Oracle with reasonable notice of such request and give Oracle an opportunity to object to or limit any such disclosure.

The parties acknowledge and agree that You and these STCs are subject to FOIA. Should You receive a request under such law for Oracle's Confidential Information, You agree to give Oracle adequate prior notice of the request and before releasing Oracle's Confidential Information to a third party, in order to allow Oracle sufficient time to seek injunctive relief or other relief against such disclosure.
