1. Grant of License.

MPOWER TECHNOLOGIES, INC., Inc. —mPower— grants you a nonexclusive, nontransferable license to use this program (the —Software—) and its manual, if any, and other accompanying material (—Documentation—) with equipment owned by you or under your control, according to the terms and conditions of this Agreement. If this Software is an Internet Version, you may use the Software to serve your own internal business needs on a single server computer in a single location which may be accessed by other computers over the internet. If you are a service provider, serving the needs of multiple entities, you must purchase an additional license for each additional business or government entity.

Use of software or any device that reduces the number of computers/devices which access the Software when used in a server configuration does not reduce the number of licenses required.
**Backup Copy:** Regardless of which version of the Software you have acquired, you may make one archival (backup) copy of the Software. Such archival copy may not be installed on another computer, unless such computer is a partitioned drive of a server to which only the authorized user has access. In any event, the archival copy may not be used or installed as long as another copy of the Software is installed on any computer. If the Documentation is in printed form, it may not be copied. If the Documentation is in electronic form, it may not be duplicated electronically; however, you may print out one (1) copy, which may not be copied.

**Additional Installation:** You may make a second copy of the Software on the hard disk of a second computer owned by you or under your control provided that (1) the original and second copies are used only by the same person; (2) the second copy is installed and used only on a redundant server that makes the Software available for use only when your primary server on which the Software is installed becomes inoperable.

**Authorization Code:** If this Software requires an authorization code, you must register your purchase of this Software with MPower before an authorization code shall be issued to you, and MPower shall maintain your registration details in conformance with its privacy policy.

**License Term:** Subject to the terms and conditions of this Agreement, the license to use the Software is perpetual, unless the Software is designated as a fixed-term license, a limited duration license, a subscription license, or a rental license, and in such case the term of the license shall be the term for which you have paid.
