(5) Any default specified in another section of this Master Agreement.

b. Upon the occurrence of an event of default, Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 30 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages.

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and Lead State shall have the right to exercise any or all of the following remedies:

(1) Exercise any remedy provided by law; and

(2) Terminate this Master Agreement and any related Contracts or portions thereof; and

(3) Suspend Contractor from being able to respond to future bid solicitations; and

(4) Suspend Contractor's performance; and

(5) Withhold payment until the default is remedied.

d. Unless otherwise specified in the Participating Addendum, in the event of a default under a Participating Addendum, a Participating Entity shall provide a written notice of default as described in this section and have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

12. Force Majeure: Neither party shall be in default by reason of any failure in performance of this Contract in accordance with reasonable control and without fault or negligence on their part. Such causes may include, but are not restricted to, acts of nature or the public enemy, acts of the government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes and unusually severe weather, but in every case the failure to perform such must be beyond the reasonable control and without the fault or negligence of the party.

13. Indemnification and Limitation of Liability

a. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable, from and against claims, damages or causes of action including reasonable attorneys' fees and related costs for any death, bodily injury, or damage to real or tangible property arising directly or indirectly from the negligent or wrongful act(s), error(s), or omission(s) of the Contractor, its employees or subcontractors or volunteers, at any tier, relating to the performance under the Master Agreement.

b. Indemnification – Intellectual Property. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO ValuePoint, the Lead State, Participating Entities, Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable ("Indemnified Party"), from and against claims, damages or causes of action including reasonable attorneys' fees and related costs arising out of the claim that the Product or its use, infringes Intellectual Property rights ("Intellectual Property Claim") of another person or entity.

(1) The Contractor's obligations under this section shall not extend to:

a. Any use of the Services provided hereunder not contemplated in the product documentation.

b. Any use of the Services provided hereunder in combination with other products not contemplated hereunder or in the documentation, any use of modification of the Services provided hereunder except as permitted by this Agreement.

(2) The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. Even if the Indemnified Party fails to provide reasonable notice, the Contractor shall not be relieved from its obligations unless the Contractor can demonstrate that it was prejudiced in defending the Intellectual Property Claim resulting in increased expenses or loss to the Contractor and then only to the extent of the prejudice or expenses. If the Contractor promptly and reasonably investigates and defends any Intellectual Property Claim, it shall have control over the defense and settlement of it. However, the Indemnified Party must consent in writing for any money damages or obligations for which it may be responsible. The Indemnified Party shall furnish, at the Contractor's reasonable request and expense, information and assistance necessary for such defense. If the Contractor fails to vigorously pursue the defense or settlement of the Intellectual Property Claim, the Indemnified Party may assume the defense or settlement of it and the Contractor shall be liable for all costs and expenses, including reasonable attorneys' fees and related costs, incurred by the Indemnified Party in the pursuit of the Intellectual Property Claim. Unless otherwise agreed in writing, this section is not

subject to any limitations of liability in this Master Agreement or in any other document executed in conjunction with this Master Agreement.

c. Except as otherwise set forth in the Indemnification Paragraphs above, the limit of liability shall be as follows:

(1) Contractor's liability for any claim, loss or liability arising out of, or connected with the Services provided, and whether based upon default, or other liability such as breach of contract, warranty, negligence, misrepresentation or otherwise, shall in no case exceed direct damages in:

(i) an amount equal to two (2) times the charges specified in the Purchase Order for the Services, or parts thereof forming the basis of the Purchasing Entity's claim, (said amount not to exceed a total of twelve (12) months charges payable under the applicable Purchase Order) or

(ii) two million dollars ($2,000,000), whichever is greater.

(2) The Purchasing Entity may retain such monies from any amount due Contractor as may be necessary to satisfy any claim for damages, costs and the like asserted against the Purchasing Entity unless Contractor at the time of the presentation of claim shall demonstrate to the Purchasing Entity's satisfaction that sufficient monies are set aside by the Contractor in the form of a bond or through insurance coverage to cover associated damages and other costs.

(3) Notwithstanding the above, neither the Contractor nor the Purchasing Entity shall be liable for any consequential, indirect or special damages of any kind which may result directly or indirectly from such performance, including, without limitation, damages resulting from loss of use or loss of profit by the Purchasing Entity, the Contractor, or by others.

d. The limitations of liability in Section 13(c) do not apply to claims for bodily injury or death as set forth in Section 13(a) or Intellectual Property Claims as set forth in Section 13(b).

14. Independent Contractor: The Contractor shall be an independent contractor. Contractor shall have no authorization, express or implied, to bind the Lead State, Participating States, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or understanding whatsoever, and agrees not to hold itself out as agent except as expressly set forth herein or as expressly agreed in any Participating Addendum.

15. Individual Customers: Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement,

including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

18. No Waiver of Sovereign Immunity: In no event shall this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of a Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

This section applies to a claim brought against the Participating State only to the extent Congress has appropriately abrogated the Participating State's sovereign immunity and is not consent by the Participating State to be sued in federal court. This section is also not a waiver by the Participating State of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

19. Ordering

a. Master Agreement order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.

b. This Master Agreement permits Purchasing Entities to define project-specific requirements and informally compete the requirement among other firms having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to Purchasing Entity rules and policies. The Purchasing Entity may in its sole discretion determine which firms should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.

c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.

d. Contractor shall not begin providing Services without a valid Service Level Agreement or other appropriate commitment document compliant with the law of the Purchasing Entity.

e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.

(7) The Master Agreement identifier and the Participating State contract identifier.

g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.

h. Orders must be placed pursuant to this Master Agreement prior to the termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.

i. Notwithstanding the expiration or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration or termination of this Master Agreement. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

21. Payment: Unless otherwise stipulated in the Participating Addendum, Payment is normally made within 30 days following the date of a correct invoice is received. Purchasing Entities reserve the right to withhold payment of a portion (including all if applicable) of disputed amount of an invoice. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance. Payments will be remitted by mail. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

25. Purchasing Entity Data: Purchasing Entity retains full right and title to Data provided by it and any Data derived therefrom, including metadata.
Contractor shall not collect, access, or use user-specific Purchasing Entity Data except as strictly necessary to provide Service to the Purchasing Entity. No information regarding Purchasing Entity's use of the Service may be disclosed, provided, rented or sold to any third party for any reason unless required by law or regulation or by an order of a court of competent jurisdiction. The obligation shall extend beyond the term of this Master Agreement in perpetuity.

Contractor shall not use any information collected in connection with this Master Agreement, including Purchasing Entity Data, for any purpose other than fulfilling its obligations under this Master Agreement.

33. Waiver of Breach: Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

34. Assignment of Antitrust Rights: Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided to the Contractor for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at a Participating Entity's option, the right to control any such litigation on such claim for relief or cause of action.

36. Performance and Payment Time Frames that Exceed Contract Duration: All maintenance or other agreements for services entered into during the duration of an SLA and whose performance and payment time frames extend beyond the duration of this Master Agreement shall remain in effect for performance and payment purposes (limited to the time frame and services established per each written agreement). No new leases, maintenance or other agreements for services may be executed after the Master Agreement has expired. For the purposes of this section, renewals of maintenance, subscriptions, SaaS subscriptions and agreements, and other service agreements, shall not be considered as "new."

38. No Guarantee of Service Volumes: The Contractor acknowledges and agrees that the Lead State and NASPO ValuePoint makes no representation, warranty or condition as to the nature, timing, quality, quantity or volume of business for the Services or any other products and services that the Contractor may realize from this Master Agreement, or the compensation that may be earned by the Contractor by offering the Services. The Contractor acknowledges and agrees that it has conducted its own due diligence prior to entering into this Master Agreement as to all the foregoing matters.

39. NASPO ValuePoint eMarket Center: In July 2011, NASPO ValuePoint entered into a multi-year agreement with SciQuest, Inc. whereby SciQuest will provide certain electronic catalog hosting and management services to enable eligible NASPO

ValuePoint's customers to access a central online website to view and/or shop the goods and services available from existing NASPO ValuePoint Cooperative Contracts. The central online website is referred to as the NASPO ValuePoint eMarket Center.

The Contractor will have visibility in the eMarket Center through Ordering Instructions. These Ordering Instructions are available at no cost to the Contractor and provided customers information regarding the Contractors website and ordering information.

At a minimum, the Contractor agrees to the following timeline: NASPO ValuePoint eMarket Center Site Admin shall provide a written request to the Contractor to begin Ordering Instruction process. The Contractor shall have thirty (30) days from receipt of written request to work with NASPO ValuePoint to provide any unique information and ordering instructions that the Contractor would like the customer to have.

1.3 "**Effective Date**" shall mean the date that You accept the terms and conditions of this Agreement via signature.

1.4 "**Major Update**" means a material change to the core functionality of the Purchased Services, as such core functionality is described in the most current Case Commons specifications applicable to the Purchased Services, such that either (a) new core functionality is added, or (b) existing core functionality is discontinued, resulting in (in either case (a) or (b)) a material impact on Your use of the Purchased Services under this Agreement.

2. LICENSE, TERM, AND TERMINATION.

2.1 Term. Unless earlier terminated, this Agreement will be in effect for the subscription term identified in the applicable Order Confirmation (the "**Initial Term**"). You may renew a subscription for subsequent renewal subscription terms upon at least thirty (30) days' written notice to Case Commons prior to the end of the then-current subscription term, unless Case Commons has provided You with notice of non-renewal at least sixty (60) days prior to the end of the then-current subscription term; provided, however, that (i) additional or different provisions may apply to a renewal subscription, as mutually agreed by You and Case Commons, and (ii) if the [*insert Master Contract name*] between You and Case Commons (the "**Master Contract**") provides for a different approach for renewing Your subscription, You may renew Your subscription as set forth in the Master Contract (any such renewal subscription, a "**Renewal Term**"). for Your internal business purposes (which shall include access and use by Your Users (as defined in Section 2.3 below)). This Agreement and any rights granted hereunder will automatically terminate with respect to Free Services at the end of the free trial period, and there will be no Renewal Terms for any Free Services. Any user names and passwords provided in connection with Free Services will automatically expire at the end of the free trial period and may cause the Services to become non-operational at the end of the free trial period. Notwithstanding anything to the contrary in this Agreement, provisions in this Agreement regarding Subscription Fees, Support, Service Levels, Indemnity by Case Commons (under Section 4.4(a)) and Performance Warranty (under Section 4.1) will not apply to Free Services.

2.3 Right to Access and Use. Subject to the terms and conditions of this Agreement, including Your payment of the subscription fees set forth in each Order Confirmation (the "**Subscription Fees**"), Case Commons grants to You a nonexclusive, nontransferable, revocable, limited, worldwide right to access and use the Services during the Term only, and only for Your internal business purposes (which shall include access and use by Your employees, consultants, accountants, auditors and attorneys performing services for You and approved by You to access and use the Services on Your behalf (each, a "**User**")).

2.4 Users. The Services are subject to usage limits as set forth in the applicable Order Confirmation, and may not be accessed or used by more than the number of Users identified in the applicable Order Confirmation. You are responsible for identifying and authenticating all Users, approving access by Users to the Services, and for maintaining the confidentiality of all user names, passwords and account information. You will use commercially reasonable efforts to prevent unauthorized access to or use of the Services and You shall promptly notify Case Commons of any unauthorized access to or use of the Services or any unauthorized use of any user name or password. You are responsible for the compliance of all Users with this Agreement, and any act or omission of any User that would be a breach of this Agreement if made by You will be deemed to be a breach of this Agreement by You.

2.5 Restrictions. You agree not to (a) access or use the Services except as expressly authorized in this Agreement and Your Order Confirmation; (b) copy the Services or any part thereof (except as required for You to access and use the Services in accordance with this Agreement); (c) modify, adapt, or create derivative works of the Services or any part thereof; (d) rent, lease, loan, resell, transfer, sublicense the Services (including but not limited to offering any of the functionality of the Services on a service provider, hosted or time sharing basis) or otherwise make the Services available to any third party; (e) decompile, disassemble or reverse-engineer the Services or otherwise attempt to derive any source code from the Services; (f) disclose to any third party the results of any benchmark tests or other evaluation of the Services; (g) use the Services to store or transmit fraudulent, libelous, or otherwise tortious or unlawful material, or material that infringes, misappropriates or violates third-party intellectual property or other proprietary rights (including rights of privacy and publicity); (h) use the Services to store or transmit any virus or other malicious code; or (i) permit or encourage any Users or third parties to do any of the above.

2.6 Ownership. Case Commons and/or its licensors own all worldwide right, title and interest in and to the Services and the software accessed and used in connection with the Services, and, except as expressly provided in Section 2 of **Attachment B** hereto with respect to Customer-Owned Work Product (as defined in **Attachment B**), any and all updates, upgrades, and modifications thereto and derivative works thereof, including all worldwide patent rights (including issued patents, patent applications and disclosures); copyright rights (including copyrights and copyright registrations, and including copyrights with respect to computer software, software design, software code, software architecture, firmware, programming tools, graphic user interfaces, reports, dashboard, business rules, use cases, screens, alerts, notifications, drawings, specifications, databases and specifications); moral rights; trade secrets and other rights with respect to confidential or proprietary information; know-how; other rights with respect to inventions, discoveries, ideas, improvements, techniques, formulae, algorithms, processes, schematics, testing procedures, technical information and other technology; and any other intellectual and industrial property rights, whether or not subject to registration or protection; and all rights under any license or other arrangement with respect to the foregoing (collectively, "**Intellectual Property Rights**"). The Services are copyrighted and protected by the laws of the United States and other countries, and international treaty provisions. You may not remove or obscure any copyright, trademark, and/or proprietary rights notices from the Services. Subject to the limited rights granted herein, You acquire no right, title or interest from Case Commons or its licensors under this Agreement, with respect to the Services, the software accessed and used in connection with the Services, or otherwise.

2.7 Your Data; Feedback. You authorize Case Commons to host, copy, transmit and display all information, data and other materials submitted by You or Your Users to the Services, or collected or processed by or for You using the Services (collectively, "**Your Data**"), to the extent necessary for Case Commons to provide the Services to You during the Term and in accordance with this Agreement. Without limiting the foregoing, Case Commons may access, use, execute, reproduce, distribute, transmit, display, perform and make derivative works of, and otherwise modify, Your Data for analytic, statistical, security, quality control and similar purposes, provided that any such use of Your Data remains subject to the confidentiality obligations in Section 5 below, and provided further that Case Commons will not use any such Data in a manner in which You, Your Users, or any natural person, may be reasonably identifiable. Subject to the foregoing, Case Commons acquires no right, title or interest from You with respect to Your Data. In addition, if You or Your Users provide to Case Commons any ideas, proposals, suggestions or other materials ("**Feedback**"), whether related to the Services or otherwise, You authorize Case Commons to use such Feedback (including to incorporate such Feedback into the Services) during and after the Term. You acknowledge and agree that any such Feedback does not constitute Your Confidential Information or Your Data, that your provision of such Feedback is gratuitous, unsolicited and without restriction, and does not place Case Commons under any fiduciary or other obligation (including any obligation to use such Feedback).

2.8 Termination.

(a) You may terminate this Agreement as provided in the Master Contract. To the extent permitted by applicable law, if You are not a U.S. Government agency, department, or instrumentality, upon thirty (30) days' written notice, Case Commons may terminate this Agreement (and Your rights of access and use hereunder) in the event that You breach any provision of this Agreement and have not cured the breach during such thirty (30) day period. If You are a U.S. Government agency, department, or instrumentality, termination terms and conditions shall be governed by 48 C.F.R. 52.212-4 (l) and (m).

(b) Upon any expiration or termination of this Agreement (i) Your right to access and use the Services and all other rights granted to You hereunder will automatically terminate, and You agree to immediately cease accessing and using the Services; (ii) You will promptly return or destroy all copies of any documentation relating to the Services and any other Case Commons Confidential Information in Your possession or control; and (iii) You will pay all outstanding fees due under this Agreement in accordance with the Master Contract and applicable Order Confirmation. Case Commons will make Your Data available to You for download through the Services for thirty (30) days following expiration or termination of this Agreement; after such period, Case Commons will have no obligation to maintain or provide You with access to Your Data, and will, unless otherwise required by applicable law, delete all copies of Your Data in its systems or otherwise in its possession or control. In the event of any expiration or termination of this Agreement, and except as otherwise expressly provided in this Agreement, Case Commons will have no obligation to refund any Subscription Fees, Support Fees, or other fees received from You during the Term. All provisions of this Agreement related to disclaimers of warranties, limitation of liability, remedies, damages, confidentiality and Case Commons' proprietary rights shall survive termination.

3. FEES, UPDATES, SERVICE LEVELS AND PROFESSIONAL SERVICES SUPPORT.

3.1 Subscription Fees. In order to access and use the Purchased Services, You are required to pay to Case Commons the Subscription Fees in accordance with Your Order Confirmation. The Subscription Fees will be due and payable in accordance with the terms set forth in the Master Contract and Your Order Confirmation. All Subscription Fees are non-refundable once paid. Subscription Fees and payment terms for Renewal Terms will be identified on Your Order Confirmation.

3.2 Updates. Case Commons may make changes to the specifications applicable to the Services from time-to-time in Case Commons' sole discretion, provided that Case Commons will provide You with notice of any such change that results in a Major Update to the Purchased Services not less than thirty (30) days prior to implementing any such Major Update (which notice may be provided by e-mail or other electronic means).

3.3 Service Levels. Subject to the terms and conditions of this Agreement (including Your payment of the Subscription Fees), Case Commons will use commercially reasonable efforts to make the Purchased Services available in accordance with the service level agreement set forth in **Attachment A** (the "**SLA**").

3.4 Support. If You have elected to purchase professional support services from Case Commons as indicated in Your Order Confirmation (as further described in **Attachment B** hereto, "**Support**"), and subject to Your payment of the applicable professional support services fees set forth in Your Order Confirmation (the "**Support Fees**"), Case Commons will provide the level of Support for the Purchased Services identified in Your Order

Confirmation in accordance with the Support description and terms and conditions set forth in **Attachment B**. Case Commons is not obligated to provide Support in connection with the Free Services.

4. WARRANTY AND LIABILITY.

4.1 Performance Warranty. Subject to the terms and conditions of this Agreement, Case Commons warrants that the Purchased Services shall conform substantially to the then-current applicable Services specifications for ninety (90) days from the date of execution of this Agreement (the "**Warranty Period**"). If any Purchased Services (or any portion thereof) do not so conform, and You so notify Case Commons promptly within the Warranty Period, at Case Commons' option, Case Commons shall correct or provide a workaround for or replace the defective Services or refund the Subscription Fees paid for such Services. This Section 4.1 states Case Commons's sole obligation, and, with the exception of Your termination rights, Your sole and exclusive remedy, for any breach of the foregoing warranty. Case Commons makes no warranty that its Services shall work in combination with Your Data or any hardware or software products of third parties, that the operation of the Services shall be uninterrupted or error-free, or that all defects in the Services shall be corrected.

4.2 Warranty Disclaimer. EXCEPT AS SET FORTH IN SECTION 4.1(A) ABOVE, CASE COMMONS DISCLAIMS ANY AND ALL WARRANTIES, EXPRESS OR IMPLIED, IN CONNECTION WITH THIS AGREEMENT AND THE SERVICES, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, QUIET ENJOYMENT AND WARRANTIES ARISING OUT OF COURSE OF DEALING OR USAGE OF TRADE. YOU ACKNOWLEDGE THAT CASE COMMONS DOES NOT CONTROL THE TRANSFER OF DATA OVER COMMUNICATIONS FACILITIES, INCLUDING THE INTERNET, AND THAT THE SERVICES MAY BE SUBJECT TO LIMITATIONS, DELAYS, AND OTHER PROBLEMS INHERENT IN THE USE OF SUCH COMMUNICATIONS FACILITIES. CASE COMMONS IS NOT RESPONSIBLE FOR ANY DELAYS, ERRORS, OR OTHER DAMAGES RESULTING FROM SUCH PROBLEMS. YOU AGREE THAT, AS BETWEEN YOU AND CASE COMMONS, YOU ARE RESPONSIBLE FOR THE ACCURACY AND QUALITY OF YOUR DATA INPUT INTO THE SERVICES, AND CASE COMMONS IS NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORMANCE, OPERATION OR SECURITY OF THE SERVICES THAT ARISE FROM YOUR DATA. FURTHERMORE, THE WARRANTIES SET FORTH ABOVE SHALL NOT APPLY TO: (A) ANY THIRD PARTY SERVICES, SOFTWARE OR HARDWARE, WHETHER OR NOT SUCH THIRD PARTY SERVICES, SOFTWARE OR HARDWARE IS PROVIDED BY CASE COMMONS; (B) ANY SERVICES THAT HAVE BEEN MODIFIED, REPAIRED OR ALTERED, EXCEPT BY CASE COMMONS; (C) ANY SERVICES WHICH HAVE NOT BEEN ACCESSED AND USED IN ACCORDANCE WITH ANY INSTRUCTIONS SUPPLIED BY CASE COMMONS; OR (D) ANY SERVICES THAT HAVE BEEN SUBJECTED TO MISUSE, ABUSE, NEGLIGENCE OR ACCIDENTS. CASE COMMONS SHALL NOT BE RESPONSIBLE FOR ANY OF YOUR DATA PURSUANT TO ANY WARRANTY UNDER THIS AGREEMENT OR OTHERWISE.

4.3 Limitation of Liability. TO THE EXTENT PERMITTED BY APPLICABLE LAW, CASE COMMONS' TOTAL CUMULATIVE LIABILITY TO YOU IN CONNECTION WITH THIS AGREEMENT AND THE SERVICES, FROM ALL CAUSES OF ACTION AND ALL THEORIES OF LIABILITY, WILL BE LIMITED TO AND WILL NOT EXCEED TWELVE (12) TIMES THE AVERAGE MONTHLY AMOUNTS PAID BY YOU TO CASE COMMONS UNDER THIS AGREEMENT. IN NO EVENT SHALL CASE COMMONS BE LIABLE FOR ANY UNAUTHORIZED ACCESS TO OR ALTERATION, THEFT OR DESTRUCTION OF YOUR DATA IN CONNECTION WITH YOUR ACCESS TO OR USE OF THE SERVICES, EXCEPT TO THE EXTENT RESULTING DIRECTLY FROM CASE COMMONS' MATERIAL FAILURE TO COMPLY WITH THIS AGREEMENT OR TO IMPLEMENT AND MAINTAIN INDUSTRY-STANDARD SECURITY MEASURES THROUGHOUT THE TERM OF THIS AGREEMENT. IN NO EVENT WILL CASE COMMONS BE LIABLE TO YOU FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES (INCLUDING LOSS OF USE, DATA, OR PROFITS, BUSINESS INTERRUPTION, OR COSTS OF PROCURING SUBSTITUTE SOFTWARE OR SERVICES) ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE USE OR PERFORMANCE OF THE SERVICES, WHETHER SUCH LIABILITY ARISES FROM CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, AND WHETHER OR NOT CASE COMMONS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS OR DAMAGE. THE PARTIES HAVE AGREED THAT THESE LIMITATIONS WILL SURVIVE AND APPLY EVEN IF ANY REMEDY IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE. WITHOUT LIMITING THE FOREGOING, CASE

COMMONS WILL HAVE NO LIABILITY OR RESPONSIBILITY FOR ANY BUSINESS INTERRUPTION OR LOSS OF DATA ARISING FROM THE SUSPENSION OR TERMINATION OF THE RIGHTS GRANTED HEREIN AND ANY ASSOCIATED CESSATION OF YOUR ACCESS TO AND USE OF THE SERVICES, OR FOR ANY HARM OR DAMAGES CAUSED BY ANY THIRD-PARTY HOSTING PROVIDER USED BY CASE COMMONS IN CONNECTION WITH THE SERVICES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU. The foregoing exclusion/limitation of liability shall not apply to (a) personal injury or death resulting from Case Commons' gross negligence; (b) Case Commons' fraud; (c) any other matter for which liability cannot be excluded by law; or (d) as applicable, express remedies provided under any FAR, GSAR or Schedule 70 solicitation clauses incorporated into the GSA Schedule 70 contract.

4.4 Indemnity.

(a) Case Commons will defend, indemnify and hold You harmless from and against any loss, damage, liability or cost (including reasonable attorneys' fees) resulting from any third party claim that Your use of the Purchased Services, as made available to You by Case Commons under this Agreement and as used by You in accordance with this Agreement, misappropriates or infringes any third-party trade secret or United States copyright. The foregoing indemnity obligation shall not extend to any claims of misappropriation or infringement arising out of or related to: (a) modification of the Services by anyone other than Case Commons; (b) combination of the Services (including any access to or use thereof) with any third party software, hardware or materials where such combination is the cause of such misappropriation or infringement; (c) use of the Services other than in accordance with this Agreement; or (d) Your Data. THIS SECTION 4.4 SETS FORTH CASE COMMONS' SOLE AND EXCLUSIVE LIABILITY AND YOUR SOLE AND EXCLUSIVE REMEDIES FOR ANY CLAIM THAT THE SERVICES, OR YOUR ACCESS TO OR USE THEREOF, INFRINGES OR MISAPPROPRIATES ANY THIRD PARTY INTELLECTUAL PROPERTY RIGHTS OF ANY KIND. In the event of any claim which Case Commons is obligated to indemnify You from hereunder, Case Commons shall have control of the defense and all related settlement negotiations to the extent permitted by applicable law, and You shall reasonably cooperate with Case Commons in the defense and/or settlement thereof at Case Commons' expense to the extent permitted by applicable law; provided that You may participate in such defense using Your own counsel, at Your own expense.

(b) You will defend, indemnify and hold Case Commons harmless from and against any loss, damage, liability or cost (including reasonable attorneys' fees) resulting from any third party claim in connection with Your use of the Services, including (i) any third party claim that Your Data or Your use of the Services other than in accordance with this Agreement, misappropriates or infringes any third-party intellectual property or other proprietary right (including any rights of publicity or privacy), and (ii) any violation of law by You in connection with Your use of the Services; provided that the indemnity under this Section 4.4(b) shall not apply to any third-party claim which Case Commons is obligated to indemnify You from under Section 4.4(a); and provided further that this Section 4.4(b) shall not apply to the extent that applicable law prohibits You from indemnifying Case Commons as provided in this Section 4.4(b). In the event of any claim which You are obligated to indemnify Case Commons from hereunder, You shall have control of the defense and all related settlement negotiations to the extent permitted by applicable law, and Case Commons shall reasonably cooperate with You in the defense and/or settlement thereof at Your expense to the extent permitted by applicable law; provided that Case Commons may participate in such defense using Case Commons' own counsel, at Case Commons' own expense.

6.3 Severability. All rights and remedies, whether conferred hereunder or by any other instrument or law, will be cumulative and may be exercised singularly or concurrently to the extent permitted by law. Failure or a delay by either Case Commons or You to enforce any term will not be deemed a waiver of future enforcement of that or any other term. The terms and conditions stated herein are declared to be severable. Should any term(s) or condition(s) of this Agreement be held to be invalid or unenforceable the validity, construction and enforceability of

the remaining terms and conditions of this Agreement shall not be affected, and if necessary, the valid and enforceable provisions(s) shall be negotiated and substituted therefor to accomplish the intent of the severed provisions(s) as nearly as practicable.

6.4 Export. You agree to comply fully with all relevant export laws and regulations of the United States ("**Export Laws**") to ensure that the Services are not (a) exported or re-exported directly or indirectly in violation of Export Laws; or (b) used or intended to be used for any purposes prohibited by the Export Laws, including but not limited to nuclear, chemical, or biological weapons proliferation.

6.5 Government End User Rights. You acknowledge that no part of the Services were first produced in the performance of a U.S. Government contract. You agree that all Services are "commercial items" as defined in 48 C.F.R. § 2.101, and if You are a U.S. Government agency, department or instrumentality or if You are providing all or any part of the Services to the U.S. Government (or any agency, department or instrumentality of the U.S. Government), such use, duplication, reproduction, release, modification, disclosure or transfer of this commercial product and data, is restricted in accordance with 48 C.F.R. § 12.211, 48 C.F.R. § 12.212, 48 C.F.R. § 227.7102-2, and 48 C.F.R. § 227.7202, as applicable. Consistent with 48 C.F.R. § 12.211, 48 C.F.R. § 12.212, 48 C.F.R. § 227.7102-1 through 48 C.F.R. § 227.7102-3, and 48 C.F.R. §§ 227.7202-1 through 227.7202-4, as applicable, the Services are made available to U.S. Government end users (a) only as Commercial Items, and (b) with only those rights as are granted to all other users pursuant to this Agreement and any related agreement(s), as applicable. Accordingly, You will have no rights in the Services except as expressly agreed to in writing by You and Case Commons.

6.6 Choice of Law and Disputes. If the U.S. Government (or any agency, department or instrumentality of the U.S. Government) is not a party to this Agreement, this Agreement shall be governed by and construed in accordance with the laws of the State of New York, U.S.A., without giving effect to its principles of conflict of law, and regardless of Your location, and You agree to exclusive jurisdiction of the federal and state courts located in the County of New York, State of New York, U.S.A., and waive any jurisdictional, venue or inconvenient forum objections to such courts. If the U.S. Government (or any agency, department or instrumentality of the U.S. Government) is a party to this Agreement, this Agreement shall be governed by and interpreted in accordance with the Contract Disputes Act of 1978, as amended (41 U.S.C. 7101-7109), and failure of the parties to reach agreement on any request for equitable adjustment, claim, appeal, or action arising under or relating to this Agreement shall be a dispute to be resolved in accordance with the clause at 48 C.F.R. § 52.233-1, which is incorporated in this Agreement by reference.

6.7 Miscellaneous. If any portion of this Agreement is found to be void or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect. Neither party may assign this Agreement, in whole or in part, without the other party's prior written consent, except that Case Commons may assign this Agreement, in whole or in part, (a) in connection with an internal reorganization or a sale of all or substantially all of Case Commons' business with which this Agreement is associated (whether by acquisition, merger, reorganization, consolidation or similar transaction) without Your prior written consent, and (b) in any manner in accordance with applicable law (such as in accordance with 48 C.F.R. § 42.12 or the Assignment of Claims Act (31 U.S.C. § 3727)). Any attempt to assign this Agreement other than as permitted above will be null and void. This Agreement is intended for the sole and exclusive benefit of the parties and is not intended to benefit any third party. Only the parties to this Agreement may enforce it. This Agreement (including the Attachments hereto and any Order Confirmations), together with the Master Contract (if applicable) and, if You are a U.S. Government agency, department, or instrumentality, the underlying GSA Schedule Contract, the Schedule Price List and any applicable GSA Customer Purchase Orders, constitute the complete and exclusive understanding and agreement between the parties regarding their subject matter and supersede all prior or contemporaneous agreements or understandings, written or oral, relating to their subject matter. Any waiver, modification or amendment of any provision of this Agreement will be effective only if in writing and signed by duly authorized representatives of both parties.

SERVICE LEVEL AGREEMENT

1. DEFINITIONS

1.1. "**Availability**" means the ability of the Services in a production environment to be ready for Users to access. Availability will be 99%, excluding unavailability of the Services during Scheduled Maintenance or Emergency Maintenance Downtime, or resulting from a User-Generated Error or Force Majeure Event.

1.2. "**Business Day**" means each of Monday, Tuesday, Wednesday, Thursday, and Friday, but not including (a) weekend days of Saturday and Sunday, (b) U.S. Federal holidays, and (c) state holidays recognized by Case Commons or by You.

1.3. "**Business Hour**" means 8am to 6pm U.S. Eastern Time during a Business Day.

1.4. "**Defect**" means a problem within the Case Commons applications in a production environment and accessed through the Services, and/or a problem within those portions of software integrations in a production environment within Case Commons' control, that causes incorrect or unexpected results, where (in each case) such problem is a result of Case Commons' failure to perform its obligations under the Agreement, but (in each case) excluding any unavailability of the Services during Downtime, Scheduled Maintenance or Emergency Maintenance Downtime, or resulting from a User-Generated Error or Force Majeure Event. There are two (2) types of Defects: Major Defects and Minor Defects, each as defined below.

1.5. "**Downtime**" means unanticipated unavailability of the Services as a whole in a production environment for any period of time greater than five (5) continuous minutes when 5% or more of Users on Supported Browsers cannot access the Services as a whole in a production environment due to a technical error, outage or other problem, where such problem is a result of Case Commons' failure to perform its obligations under the Agreement, but excluding unavailability of the Services during Scheduled Maintenance or Emergency Maintenance Downtime, or resulting from a User-Generated Error or Force Majeure Event.

1.6. "**Emergency Maintenance Downtime**" is unscheduled downtime where Case Commons can address identified issues such as emergency fixes or security risks. Case Commons will, to the extent practicable given the nature and severity of the issue (as determined by Case Commons in its discretion), use commercially reasonable efforts to give reasonable prior notice (including via email) of Emergency Maintenance Downtime to Your technical contacts.

1.7. "**Help Desk**" means Your designated help desk for the Services, which will be operated by, and consist of, Your designated staff.

1.8. "**Incident**" means a Severity Level A, B, or C Incident, each as further described in Table 1 below.

1.9. "**Incident Report**" means a request to the Help Desk for resolution of an Incident or other issue.

1.10. "**Incident Resolution**" means a code fix, patch, or other modification or addition that resolves an Incident. Incident Resolution occurs once a code fix, patch, or other modification or addition that resolves an Incident has been created and tested as acceptable by Case Commons and is ready to be deployed or otherwise implemented.

1.11. "**Major Defect**" means a Defect which results in Users on Supported Browsers not being able to use the Services in one or more material respects to (a) do their day-to-day work requiring use of the Services, (b) generate Your legally-mandated State and Federal compliance reports, and/or (c) submit information to the federal government as required by applicable law or regulation.

1.12. "**Minor Defect**" means any Defect that does not constitute a Major Defect (such as, e.g., a design or other cosmetic, content or formatting problem).

1.13. "**Scheduled Maintenance**" means occasional maintenance to add resources, upgrade software, install security patches and perform other maintenance activities. Scheduled Maintenance should occur at a standard mutually agreed upon time.

1.14. "**Service Levels**" means those service levels set forth in Table 1 below.

1.15. "**Supported Browsers**" means those browser type and versions that are compatible with the Services, as identified by Case Commons from time-to-time (including via email, in the documentation and/or on Case Commons' website).

1.16. "**User-Generated Error**" means (a) modifications to the Services not made by Case Commons or a party expressly authorized by Case Commons to make such modifications; (b) use of the Services other than as authorized in the Agreement or as provided in Case Commons' documentation for the Services; or (c) any unavailability of the Services, or any part thereof, resulting from Your or Your affiliated entities' or any User's acts or omissions.

2. LEVEL 1 AND LEVEL 2 SUPPORT

2.1. You shall create, staff, and operate both the Level 1 and Level 2 Help Desks (each as defined below), and follow the procedures herein before raising any Incident or other issue to the Level 3 Help Desk (as defined below). The "**Level 1 Help Desk**" will be responsible for initial assessment of each Incident Report, including password resets, training, connectivity issues, hardware and/or software issues, and functionality developed by Your technical staff. In all circumstances, Incident Reports will initially come in to the Level 1 Help Desk. The "**Level 2 Help Desk**" will be responsible for assessment of all tickets raised to the Level 2 Help Desk by the Level 1 Help Desk, and for all hardware, software, and network connectivity required to support the Services and all modules, interfaces, middleware, and data owned by You or otherwise not supplied by Case Commons.

2.2. The Level 1 and Level 2 Help Desks will (a) use a ticketing system to log the number, type and resolution status of each Incident and other issue identified in an Incident Report, (b) attempt to resolve each such Incident and other issue prior to raising any Incident or other issue to the Level 2 or Level 3 Help Desks (as applicable and as further described below), and (c) record within the ticketing system a description of any actions taken to reproduce and/or remedy each such Incident or other issue.

2.3. Only if Your technical staff reasonably determines that an Incident or other issue cannot be remedied by either the Level 1 or the Level 2 Help Desk, the Level 1 or Level 2 Help Desk (as applicable) has verified that the Incident or other issue can be replicated, and You have otherwise complied with the ticketing requirements set forth in Section 3.2(a) below, the Level 1 or Level 2 Help Desk (as applicable) will open a trouble ticket using Case Commons' web-based ticketing system (each, a "**Trouble Ticket**") to escalate the Incident or other issue to the Case Commons Level 3 Help Desk (the **"Level 3 Help Desk"**).

3. LEVEL 3 SUPPORT

3.1. Technical Contacts. Case Commons is responsible for assessment of all Incidents and other issues appropriately raised to Case Commons by the Level 1 and Level 2 Help Desks in accordance with the procedures described in Section 2 above. You shall promptly log all such Incidents and other issues via Case Commons' web-based ticketing system as described in Section 3.2(a) below. You will be able to reach a Case Commons technical contact 24/7/365 in case of Downtime. You will designate a sufficient number of technical contacts, as mutually agreed upon between the parties, who are authorized to propose a severity level on behalf of You on a 24/7/365 basis and who will be able to escalate to Your management as needed (as further described in Section 3.2(b) below). Your technical contacts will be available (a) on a 24x7x365 basis to answer Case Commons' questions and provide additional detail regarding Severity Level A Incidents (as defined below); and (b) on a 10x5 basis (8am to 6pm U.S. Eastern Time, Business Days) to answer Case Commons' questions and provide additional detail regarding all other Incidents and issues.

3.2. Incident Management.

(a) *Trouble Ticketing.* Prior to opening a Trouble Ticket in Case Commons' web-based ticketing system, You will make best efforts to have:

(i) a detailed description of the Incident Report;

(ii) a detailed description of any actions taken to produce and/or remedy each Incident or other issue identified in the Incident Report; and

(iii) a proposed severity level classification based upon the severity level definitions set forth herein.

(b) *Severity Level Classification.* You may propose a severity level in your Trouble Ticket based on the definitions set forth herein. Upon receipt of a Trouble Ticket, Case Commons may review and reclassify the severity level of each Incident or other issue identified therein in accordance with the definitions set forth herein. If Your technical contact and Case Commons' technical contact disagree on the severity level, all parties will treat the Incident or other issue as if it were the higher severity level until You and Case Commons' leadership make a joint final determination.

(c) *Temporary Remedies / Workarounds.* If Case Commons implements an agreed-upon temporary remedy or workaround, then the severity level of the incident will be reduced accordingly.

Table 1

Severity Level	Description	Service Level*	Remedy
A	Critical Incident: Downtime is experienced.	Case Commons will respond to Trouble Tickets within 15 minutes (during Business Hours) and one hour (during non-Business Hours). Case Commons will achieve Incident Resolution for Severity Level A Incidents within four hours from Case Commons' initial response. Within one hour of Case Commons' initial response, Case Commons will contact Your technical contact to discuss the status of the efforts, progress and anticipated resolution that will allow the effected Services to be restored to an active and functioning state. If not resolved within four hours of Case Commons' initial response, the Remedy will be invoked.	See paragraph immediately below this table

Severity Level	Description	Service Level*	Remedy
B	High Impact Incident: A Major Defect occurs.	Case Commons will respond to Trouble Tickets within two hours from receipt during Business Hours. Case Commons will target Incident Resolution for Severity Level B Incidents within eight Business Hours from receipt of a Trouble Ticket. Case Commons will keep Your technical contacts informed of actual efforts taken and progress made upon resolution or at the end of the eight Business Hours. If not resolved within the foregoing timeframe, the Remedy will be invoked.	See paragraph immediately below this table
C	Non-Critical Issues: A Minor Defect occurs.	Case Commons will respond to Trouble Tickets within one Business Day from receipt. Case Commons will resolve such issues in a manner determined by Case Commons, with input from You. Case Commons will endeavor to address these issues in a commercially reasonable timeframe.	See paragraph immediately below this table

* The response and resolution times set forth in Table 1 above shall be tolled in the event of Scheduled Maintenance or Emergency Maintenance Downtime, such that the applicable Trouble Ticket shall be deemed received in the first Business Hour following the end of any such Scheduled Maintenance or Emergency Maintenance Downtime period.

(d) *Service Level Failure Remedy.* If Case Commons fails to meet the resolution times set forth above four (4) or more times in any given calendar month, You shall be entitled to a credit against future invoices under this Agreement in the amount of [$(To Be Negotiated)] per failure in that calendar month (each such credit, a "**Service Level Credit**"). To the extent any Service Level Credits have been incurred in a given calendar month as provided herein, Case Commons shall deduct the applicable amounts from the Subscription Fees owed to Case Commons under the Agreement, or, in the alternative and at Case Commons' discretion, issue a refund to You in the amount of any such Service Level Credits. Notwithstanding the foregoing or anything to the contrary herein, in no event shall the total amount of Service Level Credits credited to You with respect to all Service Level failures occurring in a single calendar month exceed, in total, five percent (5%) of the monthly invoice amount for Subscription Fees for such calendar month. This paragraph states Case Common's sole obligation, and, with the exception of Your termination rights, Your sole and exclusive remedy, for any failure by Case Commons to comply with its obligations under this SLA.

(e) Notwithstanding the foregoing or anything else to the contrary in the Agreement, Case Commons shall be excused from any failure to comply with its obligations under this SLA, and any such failure shall be disregarded for purposes of calculating Service Level Credits, if such failure is caused by any of the following:

(i) Your breach of the Agreement;

(ii) a User-Generated Error;

(iii) a Force Majeure Event;

(iv) Scheduled Maintenance; or

(v) Emergency Maintenance Downtime.

3.3. Key SLA Features

(a) 24x7 support for Severity Level A Incidents;

(b) 10x5 support for all other Incidents (8am to 6pm U.S. Eastern Time, Business Days) (remotely by phone or email);

(c) Scheduled Maintenance will occur outside of 10x5 support hours on a regular schedule to be jointly agreed upon; and

(d) Emergency Maintenance can occur outside of the agreed-to Scheduled Maintenance windows.

Notwithstanding the foregoing or anything else to the contrary in the Agreement, Case Commons will have no obligation of any kind to provide Incident Resolution or other support for any Incidents or other issues regarding the Services caused by a User-Generated Error. If Case Commons determines that it is necessary to provide Incident Resolution or other support for an Incident or other issue caused by a User-Generated Error, Case Commons will notify You thereof as soon as Case Commons is aware of such User-Generated Error and Case Commons will have the right to invoice You at Case Commons' then-current time and materials rates for any such Incident Resolution or other support provided by Case Commons.

ATTACHMENT B

PROFESSIONAL SUPPORT SERVICES TERMS AND CONDITIONS

1. GENERAL

1.1 Support. You may elect to purchase additional Support for the Purchased Services by selecting a Service Tier (as defined below) in Your Order Confirmation and, subject to Your payment of the applicable Support Fees, Case Commons will provide the level of Support identified in Your Order Confirmation in accordance with the Support descriptions set forth in this Attachment B. Support includes software development and other technical support services that are outside of the scope of the SLA support included in Your Subscription Fees. Notwithstanding the foregoing or anything in the Agreement to the contrary, any Support that would require a material change to, or that would be incompatible with, a core component, core module or core feature of the Services (as determined by Case Commons in its reasonable discretion), shall only be performed by Case Commons upon mutual written agreement of the parties and may be subject to additional fees.

1.2 Support Fees. Support Fees will be due and payable to Case Commons in accordance with the Master Contract and Your Order Confirmation. Support Fees will be non-refundable once paid.

1.3 Service Tiers. Support is available pursuant to one of the following service tiers (each, a "**Service Tier**")

(a) Bronze Annual Support Package: This package includes 800 hours of Support per month at a cost of [$•] per year, or [$•] per month.

(b) Silver Annual Support Package: This package includes 1600 hours of Support per month at a cost of [$•] per year, or [$•] per month.

(c) Gold Annual Support Package: This package includes 2,000 hours of Support per month at a cost of [$•] per year, or [$•] per month.

(d) Platinum Annual Support Package: This package includes 2,750 hours of Support per month at a cost of [$•] per year, or [$•] per month.

1.4 Termination; Changes. You may terminate Support under a Service Tier as provided in the Master Contract. Subject to the remainder of this Section 1.4, You may increase or decrease the level of Service Tier selected in Your Order Confirmation upon niney (90) days' prior written notice to Case Commons, email notice being sufficient, and effective on the first day of the applicable calendar month following such niney (90) day notice period. You may increase or decrease the level of Service Tier by up to one (1) Service Tier at a time (e.g., You may decrease from the platinum level to the gold level, but not from the platinum level to the silver level), provided that You may not increase or decrease the level of Service Tier more than two (2) times in any calendar year.

1.5 Support Management. You are responsible for defining, prioritizing and verifying performance and acceptability of Support performed under a Service Tier, for ensuring that there is enough authorized work recorded in the Tracking Tool (as defined below) for Case Commons to work on throughout the month, based on the number of monthly hours associated with the Service Tier that is in effect at the time. Case Commons is responsible for allocating Service Tier hours among appropriately qualified Case Commons personnel. Provided that You included a sufficient amount of authorized and well-defined Support work in the Tracking Tool in a given calendar month during the Term, Service Tier hours that have not been used at the end of that month as a result of Case Commons' failure to make available sufficient Support personnel will roll over to the following month during the Term (if any). Except as provided in the immediately preceding sentence, Service Tier hours that have not been used at the end of a calendar month will expire and will not roll over to the following month.

1.6 Project Management Software Tracking Tool. The parties shall utilize a project management software tracking tool to be designated by Case Commons (the "**Tracking Tool**") with respect to all Support performed by Case Commons for You under a Service Tier. This allows the parties to track the progress of Support performed by Case Commons under the applicable Service Tier. Case Commons shall use commercially reasonable efforts to complete specific Support projects requested by You under a Service Tier in a commercially reasonable timeframe. Notwithstanding the foregoing or anything to the contrary herein, Case Commons does not guarantee

completion of any particular Support project within a particular number of hours, range of hours, or other timeframe, unless agreed upon in writing between the parties.

2. WORK PRODUCT

2.1 If, during the course of providing Support under a Service Tier, Case Commons develops for You any modifications to the Case Commons software accessed and used in connection with the Services, and subject to the terms and conditions of the Agreement (including Section 2.6 of the Agreement), You own all right, title, and interest in and to the software code developed by Case Commons for any such modifications (such software code, the "**Customer-Owned Work Product**"). Subject to the terms and conditions of this Agreement (including Your payment of the Support Fees), Case Commons hereby assigns to You all of Case Commons' right, title and interest in and to such Customer-Owned Work Product, together with all of Case Commons' copyright and patent rights therein and thereto.

2.2 You hereby grant to Case Commons a perpetual, irrevocable, non-exclusive, fully paid-up, royalty free, transferable, sublicensable (through multiple tiers), worldwide right and license to access, use, execute, reproduce, distribute, transmit, display, perform (whether publicly or otherwise), prepare derivative works of, and otherwise modify, make, have made, import, sell, offer to sell, and otherwise use and exploit all or any portion of the Customer-Owned Work Product (in any form or media now known or later developed, including object code form and source code form) in connection with the use and other exploitation of the Services and otherwise in connection with Case Commons' business, including the granting of sublicenses to such Customer-Owned Work Product to other customers.

2.3 For clarity, with the exception of Customer-Owned Work Product, Case Commons and/or its licensors own all right, title, and interest in and to all designs, software, technology, data, documents, materials and information created or otherwise provided by or on behalf of Case Commons to You in connection with Support (collectively, "**Work Product**"), together with all intellectual property rights therein and thereto. Subject to Your payment of the Support Fees, Case Commons hereby grants to You a limited, non-exclusive right and license to access and use the Work Product solely in connection with your authorized use of the Services during the Term, with the right to sublicense to Your Users.

Passthrough Terms – G Suite HIPAA Business Associate Addendum

Customer has entered into a certain written agreement (the "Agreement"), including the applicable Product Passthrough Terms, pursuant to which Customer is entitled to access and use the Product: G Suite. This HIPAA Business Associate Addendum ("HIPAA BAA") is effective as of the date of the Product Passthrough Terms for the purpose of implementing the requirements of HIPAA (defined below) to support the compliance requirements thereunder. Together with the Product Passthrough Terms, this HIPAA BAA will be applicable to Protected Health Information (defined below).

1. **Definitions**. For purposes of this HIPAA BAA, any capitalized terms not otherwise defined herein will have the meaning given to them in the Product Passthrough Terms 6and under HIPAA.

   "HIPAA" means the Health Insurance Portability and Accountability Act of 1996 and the rules and the regulations thereunder, as amended (including with respect to the HITECH Act).

   "HIPAA Implementation Guide" means the informational guide that Google makes available describing how Customer can configure and use the Services to support HIPAA compliance. The HIPAA Implementation Guide is available for review at the following URL: https://static.googleusercontent.com/media/www.google.com/en/us/work/apps/terms/2015/1/hipaa_implementation_guide.pdf (as the content at such URL and the URL itself may be updated or modified from time to time).

   "HITECH Act" means the Health Information Technology for Economic and Clinical Health Act enacted in the United States Congress, which is Title XIII of the American Recovery & Reinvestment Act, and the regulations thereunder, as amended.

   "Included Functionality" means functionality within the Product as described at the following URL: www.google.com/work/apps/terms/2015/1/hipaa_functionality.html (as the content at that URL, or such other URL as may be provided, may be updated from time to time).

   "Product" means only the G Suite Core Services that Provider makes available to Customer under the applicable Product Passthrough Terms as further described at the following URL: http://www.google.com/apps/intl/en-in/terms/user_features.html (as the content at such URL and the URL itself may be updated or modified from time to time).

   "Protected Health Information" or "PHI" will have the meaning given to it under HIPAA to if provided as Customer Data in connection with Customer's permitted use of Included Functionality.

   "Provider" means the third party provider of the Product.

   "Security Rule" means 45 C.F.R., Part 164, Subpart C, under HIPAA.

2. **Applicability**.

   2.1. Parties. This HIPAA BAA applies to the extent Customer is acting as a Covered Entity or Business Associate, to create, receive, maintain or transmit PHI via the Included Functionality and where Provider, as a result, is deemed under HIPAA to be acting as a Business Associate of Customer.

   2.2. Services Scope. This HIPAA BAA is applicable only to the Included Functionality. The scope of Included Functionality may expand. If the scope of Included Functionality expands, then this HIPAA BAA will automatically apply to such additional new functionality and features as of the date the Included Functionality description is updated, or the date Provider has otherwise provided written communication regarding an update to the scope of Included Functionality to Customer's Notification Email Address (whichever date is earlier).

3. **Permitted Use and Disclosure.**

   3.1. By Provider. Provider may use and disclose PHI only as permitted under HIPAA as specified in the Product Passthrough Terms and under this HIPAA BAA. Provider may also use and disclose PHI for the proper management and administration of Provider's business, for provisioning the Product, and to carry out the legal responsibilities of Provider, provided that any disclosure of PHI for such purpose may

only occur if: (1) required by applicable law; or (2) Provider obtains written reasonable assurances from the person to whom PHI will be disclosed that it will be held in confidence, used only for the purpose for which it was disclosed, and that Provider will be notified of any Breach.

3.2. By Customer. Customer will not request Provider or the Product to use or disclose PHI in any manner that would not be permissible under HIPAA if done by a Covered Entity itself (unless otherwise expressly permitted under HIPAA for a Business Associate). In connection with Customer's management and administration of the Product to End Users, Customer is responsible for using the available controls within the Product to support its HIPAA compliance requirements, including reviewing the HIPAA Implementation Guide and enforcing appropriate controls to support Customer's HIPAA compliance. Customer will not use the Product to create, receive, maintain or transmit PHI to other products or services outside of the Included Functionality, except where Customer has expressly entered into a separate HIPAA business associate agreement for use of such other products or services. If Customer uses Included Functionality in connection with PHI, Customer will use controls available within the Product to ensure: (i) all other products or services not part of the Product are disabled for all End Users who use Included Functionality in connection with PHI (except those products or services where Customer already has an appropriate HIPAA business associate agreement in place); and (ii) it takes appropriate measures to limit its use of PHI in the Product to the minimum extent necessary for Customer to carry out its authorized use of such PHI. Customer agrees that Provider has no obligation to protect PHI under this HIPAA BAA to the extent Customer creates, receives, maintains, or transmits such PHI outside of the Included Functionality (including Customer's use of its offline or on-premise storage tools or third party applications).

4. **Appropriate Safeguards**. The Product is subject to appropriate safeguards designed to prevent against unauthorized use or disclosure of PHI, consistent with this HIPAA BAA, and as otherwise required under the Security Rule, with respect to the Included Functionality. Customer will use appropriate safeguards designed to prevent against unauthorized use or disclosure of PHI, consistent with this HIPAA BAA, and as otherwise required under the Security Rule, with respect to the Included Functionality.

5. **Reporting**. Customer will be promptly notify following the discovery of a Breach resulting in the unauthorized use or disclosure of PHI in violation of this HIPAA BAA in the most expedient time possible under the circumstances, consistent with the legitimate needs of applicable law enforcement and applicable laws, and after taking any measures necessary to determine the scope of the Breach and to restore the reasonable integrity of the Services system by using commercially reasonable efforts to mitigate any further harmful effects to the extent practicable. Customer will receive any applicable Breach notifications via the Notification Email Address (as such contact is designated in the Product by Customer) or via direct communication with the Customer. For clarity, Customer and not Provider, is responsible for managing whether its End Users are authorized to create, receive, maintain or transmit PHI within the Product and Provider does not have any obligations relating thereto. This Section 5 will be deemed as notice to Customer that Provider periodically receives unsuccessful attempts for unauthorized access, use, disclosure, modification or destruction of information or interference with the general operation of Provider's information systems and the Services and even if such events are defined as a Security Incident under HIPAA, Customer will not receive any further notice regarding such unsuccessful attempts.

6. **Agents and Subcontractors**. As related to the Product, appropriate measures are taken to ensure that any agents and subcontractors used by Provider to perform its obligations related to the provision of the Product that require access to PHI on behalf of Provider are bound by written obligations that provide the same material level of protection for PHI as this HIPAA BAA. To the extent Provider uses agents and subcontractors in its performance of obligations hereunder, Provider will remain responsible for their performance as if performed by Provider itself under the Product Passthrough Terms.

7. **Accounting Rights**. PHI will be made available to Customer via the Product so Customer may fulfill its obligation to give individuals their rights of access, amendment, and accounting in accordance with the requirements under HIPAA. Customer is responsible for managing its use of the Product to appropriately respond to such individual requests.

8. **Access to Records**. 10. MUTUAL INDEMNIFICATION

10.1. Indemnification by Acquia. Acquia shall indemnify, defend and hold Customer harmless from and against any judgments, settlements, costs and fees reasonably incurred (including reasonable attorney's fees) resulting from any claim, demand, suit, or proceeding made or brought against Customer by a third party alleging that the use of the Subscription Services hereunder infringes or misappropriates the valid intellectual property rights of a third party (a "**Claim Against Customer**"); provided that Customer (a) promptly gives Acquia written notice of the Claim Against Customer; (b) gives Acquia sole control of the defense and settlement of the Claim Against Customer (provided that Acquia may not settle any Claim Against Customer unless the settlement unconditionally releases Customer of all liability); and (c) provides to Acquia all reasonable assistance, at Acquia's expense. In the event of a Claim Against Customer, or if Acquia reasonably believes the Subscription Services may infringe or misappropriate, Acquia may in Acquia's sole discretion and at no cost to Customer (i) modify the Subscription Services so that they no longer infringe or misappropriate, without breaching Acquia's warranties hereunder, (ii) obtain a license for Customer's continued use of Subscription Services in accordance with this Agreement, or (iii) terminate Customer's subscriptions for such Subscription Services and refund to Customer any prepaid fees covering the remainder of the term of such subscriptions after the effective date of termination. Notwithstanding the foregoing, Acquia shall have no obligation to indemnify, defend, or hold Customer harmless from any Claim Against Customer to the extent it arises from Customer Data or Customer Applications, use by Customer after notice by Acquia to discontinue use of all or a portion of the Subscription Services or Customer's breach of this Agreement.

10.2. Indemnification by Customer. Customer shall indemnify, defend and hold Acquia harmless from and against any judgments, settlements, costs and fees reasonably incurred (including reasonable attorney's fees) resulting from any claim, demand, suit or proceeding made or brought against Acquia by a third party alleging that Customer Data or Customer Applications infringes or misappropriates the intellectual property rights of a third party, violates applicable law or causes tortious harm to a third party (a "**Claim Against Acquia**"); provided that Acquia (a) promptly gives Customer written notice of the Claim Against Acquia; (b) gives Customer sole control of the defense and settlement of the Claim Against Acquia (provided that Customer may not settle any Claim Against Acquia unless the settlement unconditionally releases Acquia of all liability); and (c) provides to Customer all reasonable assistance, at Customer's expense.

10.3. Exclusive Remedy. This Section 10 states the indemnifying party's sole liability to, and the indemnified party's exclusive remedy against, the other party for any type of claim described in this Section.

11. LIMITATION OF LIABILITY

11.1. Limitation of Liability. OTHER THAN EACH PARTY'S OBLIGATIONS SET FORTH IN SECTION 10 (MUTUAL INDEMNIFICATION), NEITHER PARTY'S TOTAL AGGREGATE LIABILITY RELATING TO THIS AGREEMENT (WHETHER IN CONTRACT OR TORT OR UNDER ANY OTHER THEORY OF LIABILITY) SHALL EXCEED THE AMOUNT PAID OR PAYABLE BY CUSTOMER HEREUNDER IN THE 12 MONTHS PRECEDING THE APPLICABLE INCIDENT.

11.2. Exclusion of Consequential and Related Damages. NEITHER PARTY SHALL HAVE ANY LIABILITY TO THE OTHER PARTY FOR ANY LOST PROFITS OR REVENUES OR FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, COVER OR PUNITIVE DAMAGES HOWEVER CAUSED, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, AND WHETHER OR NOT THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE FOREGOING DISCLAIMER WILL NOT APPLY TO THE EXTENT PROHIBITED BY LAW.

12. TERM AND TERMINATION

12.1. Term of Agreement. This Agreement commences on the Effective Date and continues until otherwise terminated, by written agreement of the parties, in accordance with Section 12.3 or upon the expiration of the last Subscription Term or renewal thereof.

12.2. Term of Subscription Services. Subscription Services purchased by Customer commence on the start date specified in the applicable Order Form and continue for the subscription term specified therein (each, a "**Subscription Term**"). Except as otherwise specified in such Order Form, the Subscription Services shall automatically renew for successive one-year periods, unless and until terminated by either party in accordance herewith or either party provides written notice of non-renewal to the other party at

least 30 days prior to the end of the then-current Subscription Term. Acquia may adjust the pricing applicable to any renewal of any then-current Subscription Term, by providing Customer with written notice thereof at least 30 days prior to the end of such term.

12.3. Termination for Cause. A party may terminate this Agreement (or, at such party's option, the individual Order Forms or SOWs affected by the applicable breach), for cause (i) upon 30 days written notice to the other party of a material breach if such breach remains uncured at the expiration of such same 30 day period, or (ii) automatically if the other party becomes the subject of a petition in bankruptcy or other proceeding relating to insolvency, receivership, liquidation or assignment for the benefit of creditors.

12.4. Refund upon Termination. Upon termination for cause by Customer and upon Customer's written request, Acquia shall refund to Customer the prepaid fees covering the remainder of the applicable Subscription Term after the effective date of termination. Upon termination for cause by Acquia, Customer shall pay the unpaid fees covering the remainder of the Subscription Term of the Order Forms after the effective date of termination. In no event shall any termination relieve Customer of the obligation to pay all fees payable to Acquia for the period prior to the effective date of termination.

12.5. Data Portability and Deletion. Upon written request made by Customer within 30 days of termination or expiration of the Subscription Services, Acquia will make Customer Data and Customer Applications available to Customer for export or download as provided in the Documentation. At the end of such 30 day period, Acquia will delete or otherwise render inaccessible any Customer Data and Customer Applications, unless legally prohibited. Acquia has no obligation to retain the Customer Data for Customer purposes after this 30 day post termination period.

12.6. Survival. Section 7 (Proprietary Rights), 8 (Confidentiality), 9.4 (Disclaimer), 10 (Mutual Indemnification), 11 (Limitation of Liability), 12.4 (Refund upon Termination), 13 (Notices, Governing Law and Jurisdiction) and 14 (General Provisions) and any other rights and obligations of the parties hereunder that by their nature are reasonably intended to survive termination or expiration, shall survive any termination or expiration of this Agreement.

Each party shall send all notices, demands, requests or other communications which may be or are required to be given hereunder to the other party at the address set forth in the applicable Order Form or SOW, as such party may update such information from time to time, with, in the case of notices sent by Customer, a copy sent to the Acquia Legal Department at the address first set forth above.

13.2. Governing Law and Jurisdiction. Otherwise, this Agreement shall be governed and construed in accordance with the laws of the Commonwealth of Massachusetts, excluding its conflicts of law rules. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought in the courts of record of the Commonwealth of Massachusetts in Suffolk County or the United States District Court, Eastern District of Massachusetts. Each party consents to the jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court. Notwithstanding the foregoing, the parties acknowledge that any unauthorized disclosure of Confidential Information or any actual or alleged infringement of such party's or third party's intellectual property rights might cause the other party to suffer irreparable harm for which damages would be an inadequate remedy and that, in such event, the aggrieved party may seek, in addition to any other available remedies, injunctive and other equitable relief in any state, federal, or national court of competent jurisdiction, without bond and without the necessity of showing actual monetary damages. The United Nations Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act do not apply to the Agreement.

Export controls may include, but are not limited to, those of the Export Administration Regulations of the U.S. Department of Commerce (EAR), the Department of State International Traffic in Arms Regulations (ITAR), and country-specific economic sanctions programs implemented by the Office of Foreign Assets Control (OFAC), which may restrict or require licenses for the export of Items from the United States and their re-export from other countries. Each party represents that it is not named on any U.S. government denied-party list. Customer shall not permit users to access or use Services in a U.S.-embargoed country or in violation of any U.S. export law or regulation.

14.3. Federal Government End Use Provisions. If the Services are being or have been acquired with U.S. Federal Government funds, or Customer is an agency, department, or other entity of the United States Government ("Government"), the use, duplication, reproduction, release, modification, disclosure or transfer of the Services, or any related documentation of any kind, including technical data, manuals or Acquia Property is a "commercial item," as that term is defined in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sept. 1995), as applicable. 14.4. Subscription Service Analyses. Acquia may (i) compile statistical and other information related to the performance, operation and use of the Subscription Services, and (ii) use, and share data from the Subscription Services environment in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses i and ii are collectively referred to as 'Subscription Service Analyses"). Subscription Service Analyses will not incorporate any information in a form that could serve to identify Customer or an individual. Acquia retains all intellectual property rights in Subscription Service Analyses.

14.5. Relationship of the Parties. The parties are independent contractors. This Agreement does not create a partnership, franchise, joint venture, agency, fiduciary or employment relationship between the parties.

14.6. Non-Solicitation. Customer agrees that during the term of each Order Form and/or SOW and for twelve (12) months thereafter, it will not recruit or otherwise solicit for employment any person employed by Acquia who

participated in the performance of Services under the applicable Order Form and/or SOW. Nothing in this clause shall be construed to prohibit individual Acquia employees from responding to public employment advertisements, postings or job fairs of Customer, provided such response is not prompted by Customer intentionally circumventing the restrictions of this Section.

14.7. No Third-Party Beneficiaries. There are no third-party beneficiaries to this Agreement.

14.8. Waiver. No failure or delay by either party in exercising any right under this Agreement shall constitute a waiver of that right.

14.9. Force Majeure. Neither party shall be liable under this Agreement for delays, failures to perform, damages, losses or destruction, or malfunction of any equipment, or any consequence thereof, caused or occasioned by, or due to fire, earthquake, flood, water, the elements, labor disputes or shortages, utility curtailments, power failures, explosions, civil disturbances, governmental actions, shortages of equipment or supplies, unavailability of transportation, acts or omissions of third parties, or any other cause beyond its reasonable control. This Section does not excuse either party's obligation to take reasonable steps to follow its normal disaster recovery procedures or Customer's obligation to pay for the Services. If the force majeure event continues for more than thirty (30) calendar days, then either party may terminate the Agreement upon written notice to the other party.

14.10. Severability. If any provision of this Agreement is held by a court of competent jurisdiction to be contrary to law, the provision shall be modified by the court and interpreted so as best to accomplish the objectives of the original provision to the fullest extent permitted by law, and the remaining provisions of this Agreement shall remain in effect.

14.11. Assignment. Neither party may assign its rights and obligations hereunder, either in whole or in part, whether by operation of law or otherwise, without the prior written consent of the other party. Notwithstanding the foregoing, either party may assign this Agreement in its entirety (including all Order Forms and SOWs), without consent of the other party, to its Affiliate or in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of its assets not involving a direct competitor of the other party. Subject to the foregoing, this Agreement shall bind and inure to the benefit of the parties, their respective successors and permitted assigns.

14.12. Entire Agreement. This Agreement constitutes the entire agreement between the parties as it relates to the subject matter and supersedes all prior and contemporaneous agreements, proposals or representations, written or oral, concerning relating to the same. No modification, amendment, or waiver of any provision of this Agreement shall be effective unless in writing and signed by both parties with the exception that Acquia may, from time to time, modify the terms of the Guide in its sole discretion. To the extent of any conflict or inconsistency between the provisions of this Agreement, the Guide, any Order Form or SOW, the terms of such Order Form or SOW shall prevail. Notwithstanding any language to the contrary therein, no terms or conditions stated in a Customer purchase order or other order documentation (excluding Order Forms and/or SOWs) shall be incorporated into or form any part of this Agreement, and all such terms or conditions shall be null and void.

If You exceed Your subscribed number of annual support hours in a given Subscription Term, then Riskonnect shall invoice You for those additional hours used at Riskonnect's current hourly rate, and You agree to pay in accordance with this Agreement.

9.3.2 **Data Transfer Protocols (DTPs).** Riskonnect may receive Your Data that may be sent from You or Your third parties in order to perform data interface services. Unless otherwise specified in writing, Riskonnect is responsible for the execution and verification of all implementation and ongoing data interfaces provided that the following DTPs are followed:

1. You shall be responsible for the delivery to Riskonnect of electronic files for data interfaces in generally accepted, standard, readable formats (e.g. CSV files or flat delimited files).
    a. In the case of a spreadsheet load, You will prepare Your Data in an acceptable import format, including combining data into one single tab, one row per record, and removing any formatting (subtotals and titles). In the event Your Data in an Excel load is not in an acceptable format, Riskonnect will utilize budgeted service hours, or if You don't have budgeted service hours You can execute an order for the service hours needed to correct formatting of Your Data.
    b. While Riskonnect's platform will enable You to improve the overall quality of Your Data, Riskonnect cannot be responsible for the quality of Your Data as it is presented to Riskonnect. Therefore, any work effort by Riskonnect on researching or cleaning up Your Data, consulting with You or Your data provider regarding data quality issues, or reloading Your Data due to its poor quality is billable to You outside of the scope of the applicable SOW/Addendum.
    c. Control totals must be provided, financial data must balance to control totals, and claims must balance to transactions; all data in a given file must be of the same evaluation date.
2. With guidance from Riskonnect, You are responsible for making all arrangements with third parties to secure data for data interfaces to be performed by Riskonnect, and You are responsible for any fees associated with the request in order for Your third party to perform the work. Riskonnect will not be responsible for third party costs in generating or transmitting Your Data from or to Your data providers (e.g.) third party administrators (TPAs);
3. For each one-time implementation data interface to be performed by Riskonnect, You shall provide Riskonnect an initial file and a go-live file and the go-live file must be in the same layout and format as the initial file.

4. For ongoing feeds, files will be sent consistently within a specific, but reasonable timeframe window that supports automation.
5. You shall be responsible for the delivery of a data dictionary for each data interface performed by Riskonnect.
6. Tables and fields provided to Riskonnect for data interfaces must have consistently defined relationships (referential integrity). Tables must be received as merged (denormalized) to provide a single flat file for each component (i.e., Claim, Claim Transactions, and/or Location Hierarchy. Tables must not contain duplicate unique keys, and related tables/files must have valid foreign keys. Table structures and field formats must remain consistent in subsequent submissions.
7. You shall ensure all data transmitted by You or on Your behalf to or from Riskonnect or the Riskonnect Service to be encrypted using PGP or encryption.
8. If You choose to transmit data, or authorize a third party to transmit data, to or from Riskonnect that contains personal information subject to protection under applicable laws and regulations in a manner that is not compliant with Riskonnect's DTPs as set forth herein and/or provided to You subsequent to the Agreement and attached hereto (herein the "Non-Compliant Data"), then You agree that:
    a. Riskonnect shall not be liable for and shall not be required to hold harmless, provide defense, or provide indemnification for any breach of Non-Compliant Data or for errors or omissions in the transmission of such Non-Compliant Data not caused by Riskonnect; and
    b. Riskonnect shall not be required to make such Non-Compliant Data any more secure or compliant with the applicable laws than the form in which such Non-Compliant Data is received by Riskonnect; provided that Riskonnect treats the Non-Compliant Data in the same way that it treats all Your Data.

10. WARRANTIES AND DISCLAIMER OF WARRANTIES.

10.4 EACH PARTY WILL UNDERTAKE COMMERCIALLY REASONABLE EFFORTS TO MITIGATE ANY LOSS OR CLAIM RELATED TO A BREACH OF WARRANTY BY THE OTHER PARTY.

10.5 THE ABOVE WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, QUALITY, OR FITNESS FOR A PARTICULAR PURPOSE.

(i) the indemnified party shall promptly notify the indemnifying party in writing for any claim for which indemnification is sought;

12.6 THE FOREGOING DISCLAIMERS AND LIMITATIONS WILL APPLY TO THE EXTENT PERMITTED BY LAW.

13.1 Neither party may assign any of its rights or obligations under this Agreement, whether by operation of law or otherwise, without the other party's prior written approval (not to be unreasonably withheld); provided, however, either party may assign this Agreement in its entirety without the other party's consent to (i) a parent or subsidiary or (ii) in connection with a merger, acquisition, corporate reorganization, change in control, or sale of all or substantially all of its assets.

13.2 Notwithstanding the foregoing, if a party is acquired by, sells substantially all of its assets to, or undergoes a change of control in favor of, a direct competitor of the other party, then such other party may terminate this Agreement upon written notice. In the event of such a termination by You, Riskonnect will refund to You any prepaid fees covering the remainder of the applicable Subscription Term in which termination is exercised.

13.3 Subject to the foregoing, this Agreement will bind and inure to the benefit of the parties, their respective successors and permitted assigns.

13.4 Any purported assignment in violation of this section shall be void.

14. GENERAL PROVISIONS

14.1 Disputes; Mediation; Binding Arbitration; Governing Law; Emergency Relief. In the event that mediation does not resolve the dispute within forty-five (45) days of said notice, all claims and disputes arising under or relating to this Agreement are to be settled by binding arbitration under Georgia law in Atlanta, Georgia unless another location is mutually agreeable to the parties. The arbitration shall be conducted on a confidential basis pursuant to the Commercial Arbitration Rules of the American Arbitration Association (AAA). In the event of any inconsistencies between the Master Services Agreement and any SOW, PCO, or exhibit, the conflict shall be resolved in the following order of descending priority: (1) Master Services Agreement, (2) SOW, (3) Subscription Order, (4) PCO, and (5) any other applicable exhibit. No text or information set forth on any other purchase order, preprinted form or other document (not included in this Agreement) shall add to or vary the terms and conditions of this Agreement unless otherwise signed by authorized representatives of the parties (in the case of Riskonnect, this shall mean the CEO or CFO).

14.3 Severability. If any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, then such provision(s) shall be construed, as nearly as possible, to reflect the intentions of the invalid or unenforceable provision(s), with all other provisions remaining in full force and effect.

14.4 Relationship of the Parties. No joint venture, partnership, employment, or agency relationship exists between You and Riskonnect as a result of this Agreement or use of the Riskonnect Service.

14.5 Third Party Beneficiaries. There are no third party beneficiaries to this Agreement, except Saleforce.com shall be a third party beneficiary to this Agreement solely as it relates to the provisions herein that relate to the use of the Platform Service.

14.6 No Waiver of Rights. The failure of either party to enforce any right or provision in this Agreement shall not constitute a waiver of such right or provision unless acknowledged and agreed to by either party in writing.

14.7 Export Control. The Riskonnect Service, Content, Software and Technology used to deliver the services hereunder may be subject to United States export control. Each party represents that it is not named on any U.S. government denied party list. Cloud Services Agreement

This Cloud Services Agreement (CSA) and applicable Attachments and Transaction Documents (TDs) are the complete agreement regarding transactions under this CSA (together, the "Agreement") under which Client may order Cloud Services. Attachments typically contain additional terms that apply to similar types of offerings. TDs, such as service descriptions, order documents or statements of work, contain specific details related to an order for a Cloud Service and there may be more than one TD providing the details of an order. In the event of conflict, an Attachment prevails over this CSA and a TD prevails over both the CSA and any Attachment.

1. Cloud Services

a. A Cloud Service is an IBM branded offering provided by IBM and made available via a network. Each Cloud Service is described in an Attachment or a TD. Cloud Services are designed to be available 24/7, subject to maintenance. Client will be notified of scheduled maintenance. Technical support and service level commitments, if applicable, are specified in an Attachment or TD.

b. Client accepts an Attachment or TD by ordering, enrolling, using, or making a payment for the Cloud Service. When IBM accepts Client's order, IBM provides Client the authorizations specified in the TD. The term, including any renewal term, for a Cloud Service is described in an Attachment or TD.

c. IBM will provide the facilities, personnel, equipment, software, and other resources necessary to provide the Cloud Services and generally available user guides and documentation to support Client's use of the Cloud Service. Client will provide hardware, software and connectivity to access and use the Cloud Service, including any required Client-specific URL addresses and associated certificates. An Attachment or TD may have additional Client responsibilities.

d. Client may access a Cloud Service only to the extent of authorizations acquired by Client. Client is responsible for use of Cloud Services by any user who accesses the Cloud Service with Client's account credentials. A Cloud Service may not be used in any jurisdiction for unlawful, obscene, offensive or fraudulent Content or activity, such as advocating or causing harm, interfering with or violating the integrity or security of a network or system, evading filters, sending unsolicited, abusive, or deceptive messages, viruses or harmful code, or violating third party rights. If there is a complaint or notice of violation, use may be suspended until resolved, and terminated if not resolved promptly. Client may not i) resell direct access to a Cloud Service to a third party outside Client's Enterprise; or ii) combine Cloud Services with Client's value add to create a commercially available Client branded solution for which Client charges a fee.

2. Content and Data Protection

a. Content consists of all data, software, and information that Client or its authorized users provides, authorizes access to, or inputs to the Cloud Service. Use of the Cloud Service will not affect Client's existing ownership or license rights in such Content. IBM and its contractors, and subprocessors may access and use the Content solely for the purpose of providing and managing the Cloud Service, unless otherwise described in a TD.

b. Client is responsible for obtaining all necessary rights and permissions to enable, and grants such rights and permissions to, IBM, and its contractors and subprocessors to use, provide, store and process Content in the Cloud Service. This includes Client making necessary disclosures and obtaining consent, if required, before providing individuals' information, including personal or other regulated information in such Content. If any Content could be subject to governmental regulation or may require security measures beyond those specified by IBM for an offering, Client will not input, provide, or allow such Content unless specifically permitted in the terms of the relevant TD or unless IBM has otherwise first agreed in writing to implement additional security and other measures.

c. Upon request by either party, IBM, Client or their affiliates will enter into additional agreements as required by law in the prescribed form for the protection of personal or regulated personal data included in Content. The parties agree (and will ensure that their respective affiliates agree) that such additional agreements will be subject to the terms of the Agreement.

d. IBM will return or remove Content from IBM computing resources upon the expiration or cancellation of the Cloud Service, or earlier upon Client's request. IBM may charge for certain activities performed at Client's request (such as delivering Content in a specific format). IBM does not archive Content, however some Content may remain in Cloud Service backup files until expiration of such files as governed by IBM's backup retention practices.

e. Each Cloud Service is designed to protect Content as described in the Agreement. IBM's Data Security and Privacy Principles for IBM Cloud Services (DSP), at http://www.ibm.com/cloud/data-security, apply for generally available Cloud Service offerings or as described in the applicable TD. IBM will treat all Content as confidential by not disclosing Content except to IBM employees, contractors, and subprocessors, and only to the extent necessary to deliver the Cloud Service, unless otherwise specified in a TD. Specific security features and functions of a Cloud Service may be provided in an Attachment and TDs. Client is responsible to assess the suitability of each Cloud Service for Client's intended use and Content. By using the Cloud Service, Client acknowledges that it meets Client's requirements and processing instructions.

f. Client acknowledges that i) IBM may modify the DSP from time to time at IBM's sole discretion and ii) such modifications will supersede prior versions. The intent of any modification to the DSP will be to i) improve or clarify existing commitments, ii) maintain alignment to current adopted standards and applicable laws, or iii) provide additional commitments. No modification to the DSP will materially degrade the security of a Cloud Service.

3. Changes

a. IBM may modify a Cloud Service, without degrading its functionality or security features.

b. IBM may withdraw a Cloud Service on 12 months' notice, unless otherwise stated in a TD. IBM will continue to provide the Cloud Service for the remainder of Client's unexpired term or work with Client to migrate to another IBM offering.

c. Since this CSA may apply to many future orders, IBM may modify this CSA by providing Client at least three months' written notice. Changes are not retroactive; they apply, as of the effective date, only to new orders, ongoing Cloud Services that do not expire, and renewals. For transactions with a defined renewable contract period, Client may request that IBM defer the change effective date until the end of the current contract period. Client accepts changes by placing new orders or continuing use after the change effective date or allowing transactions to renew after receipt of the change notice. Except as provided above, all changes to the Agreement must be in writing accepted by both parties.

4. Warranties

a. IBM warrants that it provides Cloud Services using commercially reasonable care and skill in accordance with the applicable Attachment or TD. The warranty for a Cloud Service ends when the Cloud Service ends.

b. **IBM does not warrant uninterrupted or error-free operation of a Cloud Service or that IBM will correct all defects or prevent third party disruptions or unauthorized third party access. These warranties are the exclusive warranties from IBM and replace all other warranties, including the implied warranties or conditions of satisfactory quality, merchantability, non-infringement, and fitness for a particular purpose. IBM warranties will not apply if there has been misuse, modification, damage not caused by IBM, failure to comply with instructions provided by IBM, or if otherwise stated in an Attachment or TD. Non-IBM services are sold under the Agreement as-is, without warranties of any kind.** Third parties may provide their own warranties to Client.

5. Charges, Taxes, and Payment

a. Client agrees to pay all applicable charges specified for a Cloud Service, charges for use in excess of authorizations, and any late payment fees. Charges are exclusive of any customs or other duty, tax, and similar levies imposed by any authority resulting from Client's acquisitions under the Agreement and will be invoiced in addition to such charges. Amounts are due upon receipt of the invoice and payable within 30 days of the invoice date to an account specified by IBM. Prepaid Services must be used within the applicable period. IBM does not give credits or refunds for any prepaid, one-time charges, or other charges already due or paid. IBM may change charges on thirty days' notice or as specified in a TD. Where taxes are based upon the location(s) receiving the benefit of the Cloud Service, Client has an ongoing obligation to notify IBM of such location(s) if different than Client's business address listed in the applicable Attachment or TD.

b. Client agrees to: i) pay withholding tax directly to the appropriate government entity where required by law; ii) furnish a tax certificate evidencing such payment to IBM; iii) pay IBM only the net proceeds after tax; and iv) fully cooperate with IBM in seeking a waiver or reduction of such taxes and promptly complete and file all relevant documents.

6. Liability and Indemnity

a. IBM's entire liability for all claims related to the Agreement will not exceed the amount of any actual direct damages incurred by Client up to the amounts paid (if recurring charges, up to 12 months' charges apply) for the service that is the subject of the claim, regardless of the basis of the claim. IBM will not be liable for special, incidental, exemplary, indirect, or economic consequential damages, or lost profits, business, value, revenue, goodwill, or anticipated savings. These limitations apply collectively to IBM, its affiliates, contractors, subprocessors, and suppliers.

b. The following amounts are not subject to the above cap: i) third party payments referred to in the paragraph below; and ii) damages that cannot be limited under applicable law.

c. If a third party asserts a claim against Client that an IBM Service acquired under the Agreement infringes a patent or copyright, IBM will defend Client against that claim and pay amounts finally awarded by a court against Client or included in a settlement approved by IBM, provided that Client promptly (i) notifies IBM in writing of the claim, (ii) supplies information requested by IBM, and (iii) allows IBM to control, and reasonably cooperates in, the defense and settlement, including mitigation efforts.

d. IBM has no responsibility for claims based on non-IBM products and services, items not provided by IBM, or any violation of law or third party rights caused by Client's Content, materials, designs, or specifications.

7. Termination

a. IBM may suspend, revoke or limit Client's use of a Cloud Service if IBM determines there is a material breach of Client's obligations, a security breach, or violation of law. If the cause of the suspension can reasonably be remedied, IBM will provide notice of the actions Client must take to reinstate the Cloud Service. If Client fails to take such actions within a reasonable time, IBM may terminate the Cloud Service. Failure to pay is a material breach.

b. Either party may terminate this CSA: i) without cause on at least one month's notice to the other after expiration or termination of its obligations under the Agreement; or ii) immediately for cause if the other is in material breach of the Agreement, provided the one who is not complying is given notice and reasonable time to comply. Any terms that by their nature extend beyond the Agreement termination remain in effect until fulfilled, and apply to successors and assignees. Termination of this CSA does not terminate TDs, and provisions of this CSA as they relate to such TDs remain in effect until fulfilled or otherwise terminated in accordance with their terms.

c. Client may terminate a Cloud Service on one month's notice: (i) at the written recommendation of a government or regulatory agency following a change in either applicable law or the Cloud Services; (ii) if IBM's modification to the computing environment used to provide the Cloud Service causes Client to be noncompliant with applicable laws; or (iii) if IBM notifies Client of a modification that has a material adverse effect on Client's use of the Cloud Service, provided that IBM will have 90 days to work with Client to minimize such effect. In the event of such termination, IBM shall refund a portion of any prepaid

amounts for the applicable Cloud Service for the period after the date of termination. If the Agreement is terminated for any other reason, Client shall pay to IBM, on the date of termination, the total amounts due per the Agreement. Upon termination, IBM may assist Client in transitioning Client's Content to an alternative technology for an additional charge and under separately agreed terms.

8. Governing Laws and Geographic Scope

a. Each party is responsible for complying with: i) laws and regulations applicable to its business and Content; and ii) import, export and economic sanction laws and regulations, including defense trade control regime of any jurisdiction, including the International Traffic in Arms Regulations and those of the United States that prohibit or restrict the export, re-export, or transfer of products, technology, services or data, directly or indirectly, to or for certain countries, end uses or end users. Client is responsible for its use of IBM and non-IBM products and services.

b. Both parties agree to the application of the laws of the State of New York, United States, without regard to conflict of law principles. The rights and obligations of each party are valid only in the country of Client's business address. If Client or any user exports or imports Content or use of any portion of the Cloud Service outside the country of Client's business address, IBM will not serve as the exporter or importer. If any provision of the Agreement is invalid or unenforceable, the remaining provisions remain in full force and effect. Nothing in the Agreement affects statutory rights of consumers that cannot be waived or limited by contract. The United Nations Convention on Contracts for the International Sale of Goods does not apply to transactions under the Agreement.

9. General

a. IBM is an independent contractor, not Client's agent, joint venturer, partner, or fiduciary, and does not undertake to perform any of Client's regulatory obligations, or assume any responsibility for Client's business or operations. Each party is responsible for determining the assignment of its personnel, and all contractors and subprocessors, and for their direction, control, and compensation.

b. IBM maintains a robust set of business conduct and related guidelines covering conflicts of interest, market abuse, anti-bribery & corruption, and fraud. IBM and its personnel comply with such policies and require contractors and subprocessors to have similar policies.

c. Account Data is information Client provides to IBM, other than Content, about Client or its users that IBM needs to enable Client's use of a Cloud Service or information concerning such use. IBM, its contractors and subprocessors may process, store and use Account Data wherever they do business to enable product features, administer use, personalize experience, and otherwise support or improve use of the Cloud Service as described in IBM's Online Privacy Statement.

d. IBM Business Partners who use or make available IBM Cloud Services are independent from IBM and unilaterally determine their prices and terms. IBM is not responsible for their actions, omissions, statements, or offerings.

e. Neither party may assign the Agreement, in whole or in part, without the prior written consent of the other. Assignment of IBM rights to receive payments or assignment by IBM in conjunction with the sale of the portion of IBM's business that includes a service is not restricted.

f. This CSA applies to IBM and Client and their respective Enterprise companies who avail themselves of the CSA. The parties shall coordinate the activities of Enterprise companies under the Agreement. Enterprise companies include (i) companies within the same country that Client or IBM control (by owning greater than 50% of the voting shares), and (ii) any other entity that controls, is controlled by or is under common control with Client or IBM and has signed a participation agreement.

g. All notices under the Agreement must be in writing and sent to the business address specified for the Agreement, unless a party designates in writing a different address. The parties consent to the use of electronic means and facsimile transmissions for communications as a signed writing. Any reproduction of the Agreement made by reliable means is considered an original. The Agreement supersedes any course of dealing, discussions or representations between the parties.

h. No right or cause of action for any third party is created by the Agreement or any transaction under it. Neither party will bring a legal action arising out of or related to the Agreement more than two years after the cause of action arose. Neither party is responsible for failure to fulfill its non-monetary obligations due to causes beyond its control. Each party will allow the other reasonable opportunity to comply before it claims the other has not met its obligations. Where approval, acceptance, consent, access, cooperation or similar action by either party is required, such action will not be unreasonably delayed or withheld.

i. IBM may use personnel and resources in locations worldwide, including third party contractors and subprocessors to support the delivery of the Cloud Services. Channel End User Terms: SaaS

1. INTRODUCTION

1.1. By purchasing or using the Software as a Service ("SaaS") from CA or an Authorized CA Partner, the end user ("Customer"), on behalf of itself and its Authorized Users, agrees to these terms and conditions ("SaaS Terms") with CA, Inc., located at 520 Madison Avenue, 22nd Floor, New York, NY 10022, Tel: 800 225 5224 ("CA") to govern Customer's access and use of the SaaS. These SaaS Terms shall be deemed in effect at the time that SaaS is made available to Customer pursuant to an order document specifying the applicable CA Software, SaaS Listing and Subscription Term for the applicable SaaS authorized by CA for Customer's use (Transaction Document") as entered into by CA and an entity having a valid, current authorization from CA to market, offer and resell to Customer the right to use the CA SaaS Offering ("Authorized CA Partner") on Customer's behalf for Customer's use of SaaS.

2. SAAS OFFERING

2.1. CA provides Customer a non-transferable and non-exclusive right for Customer, its employees, independent contractors and/or any Affiliate or as otherwise defined in the SaaS Listing (collectively, "Authorized Users"), to access and use the online version of the CA software and/or type of online service defined in the Transaction Document and made available to Authorized Users via the Internet ("SaaS Offering"), provided such Authorized Users are bound by terms and conditions no less restrictive than those contained in the Agreement and solely to the extent that they are acting on behalf of Customer or its Affiliates. "Affiliates" shall mean a legal entity which Customer directly or indirectly has ownership or control of greater than fifty percent (50%) of an entity's shares or control the board of such entity by force of law or contract, or the equivalent. The rights granted herein are for the initial or renewal period of the subscription to the SaaS Offering as set out in the Transaction Document ("Subscription Term") subject to compliance with these SaaS Terms and any document incorporated expressly therein by reference (the "Agreement"). The SaaS Listing defines the operating parameters, data and data center location(s), applicable audit standards, availability standards and any other details for the specific SaaS Offering as published or made available by CA. SaaS Listings may define provisioning and management processes applicable to the SaaS Offering, types and quantities of system resources (such as storage allotments), functional and technical aspects of the SaaS, as well as a catalogue of available service requests. These listings are available at http://www.ca.com/us/lpg/saas-knowledge-is-power.aspx.

2.2. Customer acknowledges and agrees that in order for Customer to access and use SaaS, Customer is required to maintain minimum requirements such as operating system versions, browsers etc., as stated in the documentation, technical specifications and/or user manuals, published by CA or any entity within CA group of companies (each a CA entity) that is made generally available for SaaS ("Documentation"). If required, information about updates to minimum requirements will be provided to Customer during the Subscription Term.

2.3. If CA provides software to Customer to enable or to optimize SaaS during the Subscription Term, such software will be listed in the Transaction Document. Such software is specifically provided to Customer to help Customer utilize certain applications and web services that may be available through SaaS. In such cases, CA provides Customer, during the Subscription Term, a non-transferable and non-exclusive right to use such software solely in connection with SaaS and for the sole purpose of allowing Customer's applications or web services to utilize SaaS. The grant of rights for such software is contingent upon Customer's compliance with the following obligations: Customer agrees, that neither it nor Authorized Users shall: (i) access or use any portion of the software not expressly authorized in the Transaction Document or the Documentation; (ii) cause or permit de-compilation, reverse engineering, or otherwise translate all or any portion of the software; (iii) modify, unbundle, or create derivative works of the software and/or Documentation; (iv) rent, sell, lease, assign, transfer or sublicense the software or use the software to provide hosting, service bureau, on demand or outsourcing services for the benefit of a third party; (v) remove any proprietary notices, labels, or marks on or in any copy or version of the software or Documentation; (vi) use the software beyond the rights granted. Any installation of agents or software of any kind will be required to be removed at the end of the Subscription Term and either returned to CA or Customer will be required to certify destruction or deletion of such items.

2.4. If SaaS is provided on a trial basis, Customer agrees to access and use SaaS solely for trial and evaluation purposes during the period of time that Customer accesses and uses SaaS for evaluation or trial set out in the Transaction Document ("Trial Period"). If no time is indicated, then the period shall be set for thirty (30) days from the effective date of the Transaction Document. For avoidance of doubt, only a Transaction Document which explicitly states that it is for trial or evaluation by the Customer shall be considered a trial use. Customer's trial use shall be in accordance with the usage

restrictions set forth in the Transaction Document. At the end of the Trial Period, Customer's right to access and use SaaS automatically expires and Customer agrees to cease accessing and using SaaS and to de-install any agents or copies of software provided as part of the SaaS and certify to CA in writing that all copies or partial copies of any such software have been deleted from Customer's computer libraries and/or storage devices and destroyed. If Customer desires to continue its use of SaaS beyond the Trial Period, Customer may enter into a Transaction Document and pay the applicable fees. DURING TRIAL PERIODS, CUSTOMER AGREES TO ACCESS AND USE SUCH SAAS ON AN AS IS BASIS AND AGREES THAT CA PROVIDES NO WARRANTIES, SLAS OR INDEMNITIES ARISING OUT OF SUCH ACCESS AND USE. ANY DATA ENTERED OR CONFIGURATION OF THE SAAS DURING THE TRIAL PERIOD WILL NOT BE STORED OR AVAILABLE AFTER THE TRIAL PERIOD.

3. ORDERING AND DELIVERY

3.1. Customer agrees that its authorization to use SaaS is based upon, and subject to, the order made on its behalf by an Authorized CA Partner as reflected by the Transaction Document. The Parties acknowledge and agree that all terms governing the fees, payments, payment schedules, pricing and discounts for the applicable SaaS procured by Customer under this Agreement are solely between Customer and its chosen Authorized CA Partner. The limitation on usage of SaaS as measured by the metric for billing SaaS to Customer as defined in the SaaS Listing ("Billing Metric") specified in the Transaction Document ("Authorized Use Limitation") and associated fees shall be as set out on the Transaction Document between CA and Customer's Authorized CA Partner. CA will make SaaS available to Customer only upon, and in accordance with, CA's execution of the Transaction Document. Any terms that may appear on a Customer's purchase order (including without limitation pre-printed terms), or as part of Customer's order with the Authorized CA Partner, that conflict or vary from the terms and conditions of this Agreement shall not apply to the SaaS and shall be deemed null and void.

3.2. Unless otherwise stated, CA will monitor Customer's SaaS usage. In the event Customer exceeds the Authorized Use Limitation, the overage will be treated as an order for excess use and Customer will be billed by Partner for the overage at the rates stated in the applicable agreement between Customer and its chosen Authorized CA Partner. The overage will be included in the Authorized Use Limitation for the remainder of the Subscription Term. Customer agrees that the purchase of any SaaS is not contingent on CA providing any future features or functionalities.

3.3. If Customer is deficient or overdue in its payment obligations to an Authorized CA Partner by sixty (60) days or more, CA reserves the right with prior written notice to withhold performance of its obligations under the Agreement, without liability, until such amounts are paid to the Authorised CA Partner in full.

3.4. SaaS shall automatically renew for successive one (1) year periods, at the renewal rate set out on the Transaction Document or as invoiced for subsequent Subscription Term, unless and until CA, Customer, or Customer through its Authorized CA Partner provides written notice of its intention not to renew at least ninety (90) days prior to the expiration of the Subscription Term. Expiration or termination of any particular SaaS Offering shall not impact the validity of any other SaaS Offering Customer may be subscribing to.

4. CONFIDENTIAL INFORMATION

4.1. The Parties agree any information, maintained in confidence by the disclosing Party, communicated in written or oral form, marked as proprietary, confidential or otherwise so identified, and/or any information that by its form, nature, content or mode of transmission would to a reasonable recipient be deemed confidential or proprietary, including, without limitation, SaaS, Documentation, and any benchmark data and results produced ("Confidential Information") is comprised of information, maintained in confidence by the disclosing Party, communicated in written or oral form, marked as proprietary, confidential or otherwise so identified, and/or any information that by its form, nature, content or mode of transmission would to a reasonable recipient be deemed confidential or proprietary, including, without limitation, CA Offerings, technical product specifications and/or user manuals, published by CA or any entity within CA group of companies ("Documentation"), and any benchmark data and results produced.

4.2. The Parties agree that when receiving Confidential Information from the disclosing Party, that the receiving Party shall hold it in confidence and shall not disclose or use such information except as permitted under the Agreement. The receiving Party shall treat the disclosing Party's Confidential Information confidentially and in the same manner as it treats its own proprietary and/or confidential information, which shall not be less than a reasonable standard of care, and the receiving Party shall use Confidential Information only for the purposes described in the Agreement. Confidential Information may be disclosed to receiving Party's employees, agents, financial advisors, contractors and attorneys on a

need-to know basis and the receiving Party shall ensure that such persons maintain such Confidential Information pursuant to the terms of the Agreement.

4.3. The receiving Party shall be permitted to disclose Confidential Information in connection with a judicial or administrative proceeding to the extent that such disclosure is required under applicable law or court order, provided that the receiving Party shall, where reasonably possible, give the disclosing Party prompt and timely written notice of any such proceeding and shall offer reasonable cooperation in any effort of the disclosing Party to obtain a protective order.

4.4. For the purposes of the Agreement, Confidential Information shall exclude: (i) information which the receiving Party has been authorized in writing by the disclosing Party to disclose without restriction; (ii) information which was rightfully in the receiving Party's possession or rightfully known to it prior to receipt of such information from the disclosing Party; (iii) information which was rightfully disclosed to the receiving Party by a third Party having proper possession of such information, without restriction; (iv) information which is part of or enters the public domain without any breach of the obligations of confidentiality by the receiving Party; and (v) information which is independently developed by the receiving Party without use or reference to the disclosing Party's Confidential Information.

4.5. Nothing in the Agreement will (i) preclude CA from using the ideas, concepts and know-how which are developed in the course of providing any CA Offerings to Customer or (ii) be deemed to limit CA's rights to provide similar CA Offerings to other customers. Customer agrees that CA may use any feedback provided by Customer related to any CA Offering for any CA business purpose, without requiring consent including reproduction and preparation of derivative works based upon such feedback, as well as distribution of such derivative works.

4.6. The receiving Party agrees, upon request of the disclosing party, to return to the disclosing Party all Confidential Information in its possession or certify the destruction thereof.

4.7. In the event of a breach of this section, the disclosing Party may not have an adequate remedy at law. The Parties therefore agree that the disclosing Party may be entitled to seek the remedies of temporary and permanent injunction, specific performance or any other form of equitable relief deemed appropriate by a court of competent jurisdiction. For CA software (including code) and Documentation, the material terms of the Agreement, and Customer's and/or CA's Confidential Information expressly designated in writing as perpetually confidential, the obligations of this section are perpetual and shall survive termination. For all other Confidential Information, the foregoing obligations shall extend for five (5) years from the date of initial disclosure.

4.8. This section does not apply to the extent that Confidential Information is required to be disclosed by applicable law, including Customer's public records law. Notwithstanding the foregoing, if Customer receives a request for disclosure of CA Confidential Information, Customer agrees to promptly notify CA in writing and give CA an opportunity to request confidentiality protection for any information to which Customer may deny access under law.

5. CUSTOMER DATA

5.1. Customer exclusively owns all rights, title and interest in and to all information provided by Authorized Users in the course of using the SaaS and stored in connection with SaaS ("Customer Data") which may include personally identifiable information. Customer Data shall be considered to be Confidential Information under the Agreement. Customer Data will be stored and processed in the geographic region that is served by one or more hosting facilities for CA SaaS. CA Data Center Regions are: Americas, EMEA (Europe, Middle East, Africa) and APJ (Asia-Pacific, Japan) specified in the SaaS Listing. 5.2. CA runs security background checks on all production operation staff who may have access to Customer Data. Security audits, as specified in the SaaS Service Listing, are conducted periodically to certify that security controls are in place and background checks have been conducted. CA may utilize subcontractors in the provision of SaaS Services so long as such subcontractors are bound to contractual terms no less protective of Customer's rights provided hereunder and provided further that any use of subcontractors in the operation of any applicable data center is subject to the same security controls and audits as if performed by CA employees. The Parties understand and agree that CA remains fully liable under the terms of the Agreement for any breach caused by a subcontractor of CA.

5.3. CA will collect, modify and analyze meta data and/or operations data which does not contain any Customer Data, such as system log files and transaction counts which relate to system utilization and performance statistics, all as deemed necessary by CA.

5.4. Customer may access reports and/or information through SaaS until the end of the Subscription Term. All reports and other output will be produced in standard readable format (e.g., CSV, XML) and transmitted according to the transmission protocols used by the SaaS Offering for such transmissions. Any specific reports or data requested by Customer at the end of the Subscription Term that is not available through SaaS or produced in customized formats will be charged based on the scope of the request. Such fees will be agreed in writing between Customer and CA.

5.5. In case of an event that arises out of causes beyond a Party's reasonable control, including, without limitation, war, civil commotion, act of God, strike or other stoppage (whether partial or total) of labor, any law, decree, regulation or order of any government or governmental body (including any court or tribunal) and/or delays or outages caused by an internet service provider or independent (not a Party's subcontractor) hosting facility ("Force Majeure Event"), Customer acknowledges and agrees that Customer Data may not be fully recoverable beyond the last restoration archive point, the frequency of which is described in the SaaS Listing.

5.6. Customer agrees not to provide any health, payment card or similarly sensitive personal information that imposes specific data security obligations for the processing of such data part unless it is a supported feature in the Documentation of the applicable SaaS Offering.

5.7. Data availability, retention and destruction post expiration or termination of the applicable SaaS Offering will be as follows:

i. Customer Data will be available to Customer during the Subscription Term and may be retained by CA for a period of no more than sixty (60) days from the effective date of expiration or termination.

ii. A record of Customer Data required to support audits of the billing transactions that occurred during the Subscription Term will be retained in accordance with CA's data retention policies for such activities and in accordance with the Agreement, including, without limitation, Article 7 (Security) of this Agreement. All other Customer Data will be deleted from all "live" environment of SaaS that Customer uses as their primary business environment ("Production") and any Customer deployed environment that is not Production such as development, test, staging, demonstration, or training environments ("Non-Production") Environments within sixty (60) days of such date.

CA shall adhere to and subject such policies and practices to an audit under the compliance criteria defined in the applicable SaaS Listing. Upon written request, Customer may review the specific audit reports (such as SSAE 16 report) subject to Customer designating a security officer or similar individual who has executed a security non-disclosure agreement with CA prior to such review.

6.2. CA will not be responsible for any unauthorized access, alteration, theft or destruction of Customer Data, unless caused as a result of CA's negligence or intentional misconduct, in which case CA's only obligation and Customer's exclusive remedy is for CA to use commercially reasonable efforts to restore the Customer Data from the most recent back-up. CA is not responsible for unauthorized access, alteration, theft or destruction of Customer Data arising from Customer's own or its Authorized Users' actions or omissions in contravention of the Documentation.

6.3. In the event that CA has determined that access to Customer Data by an unauthorized person or entity (a "Security Breach") will or is likely to cause harm to the Customer or an Authorized User, CA will, as promptly as practicable but in no event later than as required by law or within five (5) working days (whichever is shorter), provide Customer with notice of the Security Breach. After initial notification, CA will keep Customer updated at periodic intervals on the steps taken by CA to investigate the Security Breach including providing a reasonably detailed incident report, including measures to be taken by the Customer to minimize potential damages. Such report will be provided promptly but no later than thirty (30) days following completion of the report. The Parties understand and agree that if CA is prevented by law or regulation from providing such notice(s) and/or reports within the time frames, such delay shall be excused.

6.4. During the Subscription Term, CA will permit Customer through an independent third party agreed in advance with CA, to audit CA's SaaS operations within the applicable data center the SaaS Offering is provided to Customer, solely to verify CA's compliance with the SaaS Listing concerning security and solely at Customer's expense. Any such audit shall be conducted not more than once annually, upon at least thirty (30) days prior written notice and subject to the independent third party having executed a non-disclosure agreement with CA stating the purpose and scope of the request. Such audit shall be conducted during normal business hours in a manner that does not disrupt business

operations. In the event an external audit determines that CA fails to meet the standards defined in the SaaS Listing, CA will review and if it agrees with such determination it will have the opportunity to submit a plan to address any issues and CA will do so within thirty (30) days from receipt of notice from the Customer, or if CA does not agree with the determination the Parties will enter into discussions to resolve the issues. If audits require time and operations interruption, then Customer may be required to pay for costs and expenses as mutually agreed by the Parties.

7. SAAS SUPPORT

7.1. Upon the start of the Subscription Term, CA will send an email to Customer's technical contact, identified on the Transaction Document, providing information to connect and access SaaS and SaaS Support.

Any additional support requirements are by prior written agreement of CA.

7.7 During the Subscription Term, if Customer requests specific scripts, connectors or customizations in order to optimize usage of SaaS, Customer may request CA to provide such services. Such services will be provided through a professional services agreement with CA for a separate fee, or as mutually agreed by the Parties.

8 **MAINTENANCE AND UPGRADES**

8.1 CA may update, improve, modify or add new functionality to SaaS during the Subscription Term for optimization of SaaS as necessary in order to maintain performance and/or fix any issues during the Subscription Term. In the event any update will materially change either the administrator or user experience, CA will provide Customer reasonable prior notice (not less than 30 days) and will provide a preview site where Customer can observe such changes where applicable, provided however, that CA may make a change with shorter or no notice if the change is required by law or to fix a security vulnerability.

8.2 CA may make changes or updates to the SaaS infrastructure (such as compute infrastructure, storage technology, security, technical configurations, hosting facilities within Data Center Region, etc.) during the Subscription Term including to reflect changes in technology, industry practices, patterns of system use.

8.3 Customer is obligated to stay current on a supported version of the SaaS Offering, as per the CA's published policy on version and patch upgrades of its SaaS Offerings, ("SaaS Release and Upgrade Policy"). This Policy can be found at http://www.ca.com/us/lpg/saas-knowledge-is-power.aspx.

All applications residing within Customer environment or installed on 3rd party service providers on behalf of Customer that integrate to SaaS shall be managed and supported by Customer. Customer is also responsible for managing components that are downloaded onto their environment such as web browser based software plug-ins that extend SaaS.

9.2 As Customer may integrate or utilize third party links to other software, hardware or other services which are associated with, or otherwise available through the SaaS, Customer agrees that it and/or its Affiliates, its Authorized Users and anyone acting on their behalf shall use such third party links at their sole discretion. CA shall have no responsibility or liability with respect to such third party links used by Customer's and/or its Affiliates, its Authorized Users or for any act or omission of any such third party provider.

CA will provide Customer advance notice of any such suspension in CA's reasonable discretion based on the nature of the circumstances giving rise to the suspension. CA will use reasonable efforts to re-establish the affected SaaS services promptly after CA determines, in its reasonable opinion, that the situation giving rise to the suspension has been cured; however, after any suspension period, CA will make available to you your Customer Data and SaaS as existing in the Production environment on the date of suspension. CA may terminate the SaaS services under an order if any of the foregoing causes of suspension is not cured within 30 days after CA's initial notice thereof. Any suspension or termination by CA under this paragraph shall not excuse you from your obligation to make payment(s) under this Agreement.

Customer must report the alleged breach of warranty with reasonable specificity in writing within thirty (30) days of its occurrence to benefit from this warranty and the remedies stated herein. The above warranty remedies are CA's sole obligation and Customer's sole and exclusive remedy for breach of the above warranty.

13.3 The following events shall be excluded from the calculation of Service Level Availability: (i) Force Majeure Event; (ii) outages due to planned downtime of SaaS availability for periodic and required maintenance events, including but not limited to, upgrades and updates to the SaaS and data center infrastructure where CA provides notice to Customer at least 72 hours in advance ("Scheduled Downtime"); (iii) outages based on Customer networks or domain name server issues; (iv) Customer's configuration, scripting, coding drafted by Customer without CA's authorization or knowledge; (v) internet outages; (vi) outages requested by Customer; (vii) Customer changes to its environment which hinder SaaS production; (viii) outages to remedy a security vulnerability or as required by law and (ix) inability for Customer to log in to SaaS service because of dependence on non-CA provided services or components (e.g., Lightweight Directory Access Protocol (LDAP) in Customer's environment).

14 INDEMNIFICATION

14.1 CA will indemnify, defend and/or, at its option, settle any third party claims that Customer's use of the specific CA Offering licensed or purchased by Customer under this Agreement infringes any valid US patent or copyright within the jurisdictions where Customer is authorized to use the CA Offering at the time of delivery. CA may, at its option and expense: (i) procure for Customer the right to continue to use the CA Offering; (ii) repair, modify or replace the CA Offering so that it is no longer infringing; or (iii) provide a pro-rated refund of the fees paid for the CA Offering which gave rise to the indemnity calculated against the remainder of the Term from the date it is established that CA is notified of the third Party claim. If the CA Offering is CA software, and is licensed on a perpetual basis, an amortization schedule of three (3) years shall be used for the basis of the refund calculation.

The indemnifications contained herein shall not apply and CA shall have no liability in relation to any CA Offering produced by CA at the specific

direction of Customer. Any Named Users from outside these countries are required to access a valid, localized/language version of the Service as provided to Customer.

Article 5 Additional Services

This Agreement does not include services other than those identified in the Order Form, the Documentation or a statement of work. Modifications of the Service or its configuration for Customer's needs are not included in the fees for the Service, but are set forth separately in the Order Form or a separate statement of work. If Customer elects to have any services provided by a third party, SAP shall have no liability for any defect or failure of the Service caused by such third-party services, and Customer shall not be entitled to any reduction in fees for the Service. SAP may deny access to the Service to any third party which SAP determines in its sole discretion poses a security risk or other risk to SAP systems, data or intellectual property.

Article 6 Reseller Relationship/Prices and Payment

6.1 Customer acknowledges and agrees that the SAP Reseller through which Customer has arranged for the procurement of the Services or from which Customer receives any services related to the Services is not an agent of SAP. The SAP Reseller is an independent company, person, or entity with no authority to bind SAP or to make representations or warranties on behalf of SAP. SAP makes no representations or warranties as to such authorized distributor or reseller, or any other third party, related to the performance of the products or services of such entities, and fully disclaims any such warranties in accordance with Section 8.

6.2 Customer expressly acknowledges and agrees that SAP is entitled to rely on written information from SAP Reseller in making any determination as to suspension of the Services or termination of the Agreement relative to Article 7.2, and SAP shall have no liability to Customer for any actions thereunder based on SAP's reasonable belief in the accuracy or reliability of such information.

6.3 Customer shall pay SAP Reseller (or successors in interest or assignee(s) of SAP Reseller) fees and any applicable taxes for the Services specified in the applicable Order Form(s) made part of this Agreement, pursuant to the payment agreement between SAP Reseller and Customer and provision of the Services is contingent upon payment of such fees.

6.4 In the event of termination of the reseller agreement between SAP and SAP Reseller, or if for any other reason SAP Reseller is no longer entitled to receive fees for the Services hereunder, SAP may, at its option and upon notice to Customer, require continued payment of fees for the Services hereunder to either another SAP reseller or to SAP. Failure to pay such fees shall be considered a material breach of this Agreement.

Article 7 Term, Termination and Termination Support

7.1 The term of this Agreement begins on the Effective Date set forth in the Order Form and shall continue in effect as described in the Order Form. Termination of individual Order Forms shall leave other Order Forms unaffected.

7.2 Notwithstanding the foregoing and subject to the Contract Disputes Act, as amended, this Agreement shall terminate (i) thirty (30) days after SAP gives Customer notice of Customer's material breach of any provision of the Agreement, including more than thirty (30) days delinquency in Customer's payment of any money due for the Services, unless Customer has cured such breach during such thirty (30) day period; or (ii) thirty (30) days after Customer gives SAP notice of SAP's material breach of any provision of the Agreement, unless SAP has cured such breach during such thirty (30) day period. In case of termination in accordance with Article 7.2 (ii), Customer shall be entitled to a pro-rata refund of prepaid fees for the applicable Service. Except for termination in accordance with Article 7.2(ii), termination will not relieve Customer from the obligation to pay fees that remain unpaid. For avoidance of doubt, Customer's failure to pay fees due for the Services (whether to SAP Reseller, successors in interest or assignee(s) of SAP Reseller) shall be considered a material breach of this Agreement.

7.3 Notwithstanding SAP's right to terminate as set forth in Article 7.2 above, in the event of (i) any material breach of this Agreement which is not cured within thirty (30) days after receipt of written notice from SAP; or (ii) a determination by SAP that continued use of the Service may result in harm to the Service (including the systems used to provide the Service) or other SAP customers, or result in a violation of applicable law, regulation, legal obligation or legal rights of another, in addition to any other remedies available at law or in equity; or (iii) thirty (30) days after SAP or SAP Reseller gives Customer notice of Customer's breach of any obligations under separate agreement to SAP Reseller, including non-payment of any fees thereunder. SAP will have the right immediately, in SAP's sole discretion, to remove any potentially offending Customer Data from the Service, deactivate Customer's user name(s) and password(s) and/or suspend access to the Service.

7.4 Upon the effective date of termination, Customer's access to the Service will be terminated. Customer shall have the ability to access its Customer Data at any time during a subscription term. Furthermore, upon reasonable request, Customer may export and retrieve its Customer Data during a subscription term, which request will be subject to technical limitations caused by factors such as (i) the size of Customer's instance of the Service; and (ii) the nature of Customer's request, e.g., the frequency and/or timing of the export and retrieval. Customer shall have the ability to export and retrieve its Customer Data within thirty (30) days after the effective date of termination. Thirty (30) days after the effective date of termination, SAP shall have no obligation to maintain or provide any Customer Data. Except when such Customer Data has been removed in accordance with Article 7.3, exported by Customer or Customer was granted a free (no fee) license to the Service, upon termination of the Agreement, SAP shall use commercially reasonable efforts to permanently and irrevocably remove, purge or overwrite all data still remaining on the servers used to host the Service, including, but not limited to, Customer Data, unless and to the extent applicable laws and regulations require further retention of such data.

7.5 Articles 6, 9, 10, 11, 12 and 13 shall survive the expiration or termination of this Agreement.

Article 8 Warranties by SAP

8.1 SAP warrants that the Service (excluding any third party products, content or services accessed through the Service) will substantially conform to the specifications stated in the Documentation. The foregoing warranty shall not apply: (i) if the Service is not used in accordance with this Agreement and/or any Documentation; or (ii) if the non-conformity is caused by third party services, content or products or any modifications, configurations or customizations to the Service; or (iii) to free (no fee) or trial licenses of the Service.

8.2 Customer shall report any non-conformities with respect to Section 8.1 to SAP in writing without undue delay through an SAP approved support channel, submitting a detailed description of the problem and any information useful for rectification of the non-conformity.

8.3 Provided Customer complies with Section 8.2 such that existence of non-conformity is validated, SAP will, at its option: (i) repair the non-conforming Service; or (ii) return an appropriate portion of any payment made by Customer with respect to the affected portion of the applicable Service. This is Customer's sole and exclusive remedy under this warranty.

8.4 EXCEPT AS EXPRESSLY PROVIDED IN ARTICLE 8.1, NEITHER SAP NOR ITS VENDORS MAKE ANY REPRESENTATION OR WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, REGARDING ANY MATTER, INCLUDING THE MERCHANTABILITY, SUITABILITY, ORIGINALITY, OR FITNESS FOR A PARTICULAR USE OR PURPOSE, NON-INFRINGEMENT OR RESULTS TO BE DERIVED FROM THE USE OF THE SERVICE, OR ANY INFORMATION TECHNOLOGY SERVICES, SOFTWARE, HARDWARE OR OTHER MATERIALS PROVIDED UNDER THIS AGREEMENT, OR THAT THE OPERATION OF ANY SUCH SERVICE, SOFTWARE, HARDWARE OR OTHER MATERIAL WILL BE UNINTERRUPTED OR ERROR FREE.

Article 9 Indemnification by SAP

9.1 SAP shall defend Customer and its Affiliates against claims brought against Customer by any third party alleging that Customer's use of the Service, in accordance with the terms and conditions of this Agreement, constitutes a direct infringement or misappropriation of a patent claim(s), copyright or trade secret rights, and SAP will pay damages finally awarded against Customer (or the amount of any settlement SAP enters into) with respect to such claims. This obligation of SAP shall not apply if the alleged infringement or misappropriation results from use of the Service in conjunction with any other software or service, or unlicensed activities or use of the Service in violation of this Agreement or to free (no fee) or trial licenses of the Service. This obligation of SAP also shall not apply if Customer fails to timely notify SAP in writing of any such claim; however, Customer's failure to provide or delay in providing such notice shall not relieve SAP of its obligations under this Section except to the extent SAP is prejudiced by Customer's failure to provide or delay in providing such notice. SAP is permitted to fully control the defense and any settlement of any such claim as long as such settlement does not include a financial obligation on or admission of liability by Customer. In the event Customer declines SAP's proffered defense, or otherwise fails to cede full control of the defense to SAP's designated counsel, then Customer waives SAP's obligations under this Article 9.1. Customer shall reasonably cooperate in the defense of such claim and may appear, at its own expense, through counsel reasonably acceptable to SAP. SAP expressly reserves the right to cease such defense of any claim(s) in the event the Service is no longer alleged to infringe or misappropriate, or is held not to infringe or misappropriate, the third party's rights. SAP may settle any claim on a basis requiring SAP to substitute for the Service alternative substantially equivalent non-infringing services. Customer shall not undertake any action in response to any infringement or misappropriation, or alleged infringement or misappropriation of the Service that is prejudicial to SAP's rights.

9.2 In the event a Claim under Section 9.1 is made or in SAP's reasonable opinion is likely to be made, SAP may, at its sole option and expense: (i) procure for Customer the right to continue using the Service under the terms of this Agreement; or (ii) replace or modify the Service to be

non-infringing without material decrease in functionality. If the foregoing options are not reasonably available, SAP may terminate this Agreement and refund to Customer all prepaid fees for the remainder of its term after the date of termination.

9.3 THE PROVISIONS OF THIS ARTICLE 9 STATE THE SOLE, EXCLUSIVE, AND ENTIRE LIABILITY OF SAP AND ITS LICENSORS TO CUSTOMER, AND IS CUSTOMER'S SOLE REMEDY, WITH RESPECT TO THE INFRINGEMENT OR MISAPPROPRIATION OF THIRD-PARTY INTELLECTUAL PROPERTY RIGHTS.

Article 10 Damages by Customer

Customer shall defend SAP and its Affiliates against claims brought against SAP by any third party arising from or related to (i) any use of the Service in violation of any applicable law or regulation; or (ii) an allegation that the Customer Data or Customer's use of the Service in violation of this Agreement violates, infringes or misappropriates the rights of a third party. Customer will be liable to pay damages finally awarded against SAP (or the amount of any settlement Customer enters into) with respect to such claims. The foregoing shall apply regardless of whether such damage is caused by the conduct of Customer and/or its Named Users or by the conduct of a third party using Customer's access credentials. This obligation of Customer shall not apply if SAP fails to timely notify Customer in writing of any such claim, however SAP's failure to provide or delay in providing such notice shall not relieve Customer of its obligations under this Section except to the extent Customer is prejudiced by SAP's failure to provide or delay in providing such notice. Customer is permitted to fully control the defense and any settlement of any such claim as long as such settlement does not include a financial obligation on or admission of liability by SAP or otherwise obligates SAP to specific performance. In the event SAP declines Customer's proffered defense, or otherwise fails to cede full control of the defense to Customer's designated counsel, then SAP waives Customer's obligations under this Article 10. SAP shall reasonably cooperate in the defense of such claim and may appear, at its own expense, through counsel reasonably acceptable to Customer.

11.2 The provisions of this Agreement allocate the risks between SAP and Customer. The Service fees reflect this allocation of risk and limitations of liability herein. The aforementioned liability limitations shall include any claims against employees of, subcontractors of, or any other persons authorized by, SAP.

Article 12 Confidentiality

12.1 Confidential Information shall not be used or reproduced in any form except as required to accomplish the intent of this Agreement. Any reproduction of any Confidential Information of the other party shall remain the property of the Disclosing Party and shall contain any and all confidential or proprietary notices or legends which appear on the original. With respect to the Confidential Information of the other, each party (a) shall take all Reasonable Steps (defined below) to keep all Confidential Information strictly confidential; and (b) shall not disclose any Confidential Information of the other to any person other than individuals whose access is necessary to enable it to exercise its rights and/or perform its obligations hereunder and who are under obligations of confidentiality substantially similar to those set forth herein. Article 13 Data Protection

13.1 Customer has and accepts the full responsibility for all personal data as 'controller' in terms of Art. 2 (d) of the EU Data Protection Directive 95/46/EC. To the extent personal data is stored and/or processed under this Agreement, SAP will adhere to Customer's instructions as a 'processor' in the terms of Art. 2 (e) of the EU Data Protection Directive 95/46/EC. Customer's instructions exceeding the scope of services offered by SAP will be at Customer's expense and subject to technical and organizational feasibility by SAP. Where in this Article 14.6 or elsewhere in this Agreement, a written form is required, except for notification of any notice of termination or notice of a material breach, that requirement can be met by facsimile transmission, exchange of letters or other written form, including email.

14.7 Dates and timelines shall be non-binding and time will not be of the essence unless expressly agreed by the parties. Any delay or nonperformance of any provision of this Agreement (other than for the payment of amounts due hereunder) caused by conditions beyond the reasonable control of the performing party shall not constitute a breach of this Agreement, and the time for performance of such provision, if any, shall be deemed to be extended for a period equal to the duration of the conditions preventing performance.

14.8 This Agreement constitutes the complete and exclusive statement of the agreement between SAP and Customer, and all previous representations, discussions, and writings are merged in, and superseded by this Agreement and the parties disclaim any reliance on any such representations, discussions and writings. EXHIBIT 2

ANNEX FOR COMMISIONNED PROCESSING OF PERSONAL DATA

This Annex for Commissioned Processing of Personal Data stipulates the rights and obligations of Customer and SAP in connection with personal data processed by SAP on behalf of Customer and its Affiliates for the Named Users under the Agreement. This Annex shall be an integral part of the Agreement. Any capitalized terms referenced herein shall have the meaning given to them in the Agreement.

1. Customer Obligations

1.1 Customer hereby acknowledges that the use of Service represents a commissioned processing of personal data of Named Users.

1.2 Customer acknowledges that only Customer and its respective Affiliates (each a data controller) shall be responsible for the permissibility of the processing of personal data as well as for safeguarding the rights of the data subjects.

1.3 Customer shall ensure that its Affiliates, where legally required, shall give their commissions to Customer in writing, by facsimile or via e-mail to authorize SAP and its Affiliates to process personal data as contemplated under the Agreement.

1.4 Customer shall ensure that its Named Users make available the personal data for processing to SAP and the results of the processing shall be transferred back by SAP to Customer by using a defined transfer procedure or in accordance with the functionality implemented in the Service.

1.5 Customer shall inform SAP without delay, if Named Users detect errors or irregularities in the processing of personal data.

1.6 Customer shall ensure that its Affiliates authorize Customer to authorize SAP as its subcontractor for the processing of personal data. SAP shall only adhere to the obligations set out in this Annex when processing personal data of Named Users.

2. SAP Obligations

2.1 SAP shall process the personal data and other operating data of Named Users exclusively in accordance with the data controller's instructions as provided to SAP by Customer, which may include (without limitation) the correction, erasure and/or the blocking of such data if and to the extent the functionality of the Service does not allow the Customer or Named User to do so. The personal data shall not be used by SAP for any other purpose except to provide the Service contemplated under the Agreement. SAP shall not preserve such personal data longer than instructed by Customer. The statutory preservation periods remain unaffected.

2.2 For processing personal data SAP shall only use personnel which demonstrably committed themselves to observe data secrecy and secrecy of telecommunications pursuant to the applicable data protection laws. SAP may discharge this obligation by utilizing one standard template for all its customers.

2.3 SAP shall implement all technical and organizational measures to comply with the requirements pursuant to the applicable data protection laws. SAP undertakes to Customer that it has taken and will, on a continuing basis, take appropriate technical and organizational measures to keep personal data secure and protect it against unauthorized or unlawful processing and accidental loss, destruction or damage. In particular, SAP shall take and regularly check the following protection measures:

- *Physical access control*: SAP shall install an access control system.
- *Access control*: SAP shall control and log access to data processing systems.
- *Access limitation control*: SAP shall define, implement and monitor a concept for user rights, rules for passwords and login procedures to remotely or physically access the Service by its personnel, as required to operate, maintain, support or secure the Service.
- *Transmission control*: SAP shall ensure personal data transmission in encrypted form or by a secure alternative procedure. Transmissions must be logged and guidelines for personal data transmissions must be laid down in writing.

- *Data separation*: SAP shall ensure by technical means and defined organisational procedures that personal data collected for different purposes (e.g., different customers) can be processed separately. Technical means can be separated computer systems or demonstrably logical separation in a multi-tenant architecture. Access by one SAP customer to the data of any other SAP customer must be prevented.

Since SAP provides the Service to all customers uniformly via a hosted, web-based application, all appropriate and then current technical and organizational measures apply to SAP's entire customer base hosted out of the same data center and subscribed to the same Service. Customer understands and agrees that the technical and organizational measures are subject to technical progress and development. In that regard, SAP is specifically allowed to implement adequate alternative measures as long as the security level of the measures is maintained. In the event of any significant changes SAP shall provide a notification together with any necessary documentation related thereto to Customer by email or publication on the Site or alternative site easily accessible by Customer.

2.4 If the security measures implemented by SAP do not meet the legal requirements, SAP shall notify Customer without delay.

2.9 The compelling provisions of the applicable data protection laws and regulations shall additionally apply and if and to the extent in conflict with the terms of this Annex they shall prevail.

3. Subcontractors

SAP is authorized to engage subcontractors for the processing of personal data (each a "Subprocessor") as long as SAP remains responsible for any acts or omissions of its Subprocessors in the same manner as for its own acts and omissions. SAP shall pass on to Subprocessors. SAP's obligation as data processor vis-à-vis Customer as set out in this document and obligate Subprocessors to obey all relevant data protection rules. SAP will inform Customer upon its request by email or through the Site or otherwise about the name, address and role of each Subprocessor concerned. SAP shall ensure that each Subprocessor adheres to an adequate level of data protection by law or contract with SAP not materially less protective than the obligations applicable to SAP under the Agreement.

4. Monitoring Rights of Customer

4.1 Customer shall have all necessary right to verify that SAP processes the personal data duly in accordance with the Agreement. These monitoring rights shall be carried out in coordination with SAP. In general, during the term of the Agreement, Customer may request an annual written self-certification from SAP based on an independent third party audit (e.g., a so called SSAE16-CUS II report) that scrutinizes and confirms the processing of personal data is in accordance with the agreed to measures herein. If the Customer has reasonable ground to suspect the non-compliance with this Annex, in particular if the audit findings expressly state so or if SAP fails to audit on time, Customer (or an independent third party auditor on its behalf that is subject to strict confidentiality obligations) may audit SAP's control environment and security practices relevant to personal data processed hereunder once in any 12-month period, at its own expense, with reasonable prior written notice (at least 30 days) and under reasonable time, place and manner conditions. After notifying SAP the monitoring can be carried out, in particular, during SAP's usual business hours on SAP's premises where the personal data processing is performed.

4.2 SAP shall reasonably support Customer throughout these verification processes and provide Customer with the required information.

4.3 SAP shall contractually safeguard Customer's powers of disposal and monitoring rights under this agreement vis-à-vis SAP's Subprocessor who may come into contact with the personal data. Where applicable data protection law requires a data controller to enter into a direct contractual relationship with SAP, SAP hereby authorizes and empowers Customer to enter into the necessary agreement with the data controller on SAP´s behalf, but only based on a contract template which SAP will provide to Customer upon Customer´s request.

4.4 Services rendered by SAP in connection with Customer´s monitoring rights shall be at Customer's expense.

5. Special Confidentiality Obligation

SAP undertakes to treat the personal data, which have become known to SAP, confidential and to use such data exclusively for the commissioned data processing in conjunction with the provision of the Service as contemplated under the Agreement. SAP undertakes to impose on its employees, who may obtain knowledge of personal data, the same confidentiality obligations as entered into above by SAP. SAP shall use commercially reasonable efforts to ensure that those employees to whom it grants access to personal data are regularly trained on IT security and data protection.

This Supplement is part of an agreement for SAP Cloud Services between SAP and Customer and applies only to the SAP Cloud Platform product(s) for which Customer is subscribed ("SAP Cloud Platform"). Any documents referenced in this Supplement are available from SAP upon request.

1. CLOUD SERVICE. SAP Cloud Platform is a collection of Cloud Services. Each Cloud Service is subject to the terms of the SAP Cloud Platform – Service Description Guide (the "**Service Description Guide**"), the terms of which are incorporated in the Supplement by reference and available at the following link: https://cloudplatform.sap.com/capabilities/service-description.html or from SAP upon request.

2. DEFINITIONS

2.1. "**Beta Functionality**" means functionality offered by SAP that is not generally available, not validated and not quality assured in accordance with SAP's standard processes.

2.2. **"Cloud Package"** means a defined set of Cloud Services that are subject to a single subscription fee and collectively deemed a Cloud Service.

2.3. **"Content"** means any business logic, code, data models, configurations, user data, or other electronic materials created by Customer using Tools that are compatible with SAP software and SAP cloud services and that can be deployed on a Platform Cloud Service or a device.

(a) disclosed or distributed in source code form,
(b) licensed to recipients for the purpose of making derivative works,
(c) licensed at no charge,
(d) prohibited for use for commercial purposes, or
(e) otherwise encumbered in any manner.

2.5. **"Platform Applications"** means a set of related functionality deployed by Customer on a Platform Cloud Service that has been reviewed or certified by SAP in accordance with SAP's program guidelines for partner applications. Platform Applications may be developed by Customer using Tools, by SAP, or by a third party for usage by multiple customers.

2.6. **"Platform Cloud Services"** means those Cloud Services on which Platform Applications can be built and deployed, as identified in the Services Description Guide.

2.7. "**Tools**" means integrated development environments (IDE), software development kits (SDK), applications, editors, application programming interfaces ("APIs"), templates, sample code, data integration connectors, and other similar developer software, documentation, quick start guides, and reference materials that are provided by SAP and utilized by Customer to create Content.

PERSONAL DATA PROCESSING AGREEMENT FOR SAP CLOUD SERVICES

1. BACKGROUND

1.1 Purpose.

This document is a data processing agreement ("**DPA**") between SAP and Customer and applies to Personal Data provided by Customer and each Data Controller in connection with their use of the Cloud Service. It states the technical and organizational measures SAP uses to protect Personal Data that is stored in the production system of the Cloud Service.

1.2 Application of the Standard Contractual Clauses Document.

If processing of Personal Data involves an International Transfer, the Standard Contractual Clauses apply as stated in Section 5 and are incorporated by reference.

1.3 Governance.

Except as provided in Section 5.2, Customer is solely responsible for administration of all requests from other Data Controllers. Customer will bind any other Data Controller it permits to use the Cloud Service to the terms of this DPA.

2. APPENDICES

Customer and its Data Controllers determine the purposes of collecting and processing Personal Data in the Cloud Service. Appendix 1 states the details of the processing SAP will provide via the Cloud Service. Appendix 2 states the technical and organizational measures SAP applies to the Cloud Service, unless the Agreement states otherwise.

3. SAP OBLIGATIONS

3.1 Instructions from Customer.

SAP will follow instructions received from Customer (on its own behalf or on behalf of its Data Controllers) with respect to Personal Data, unless they are (i) legally prohibited or (ii) require material changes to the Cloud Service. SAP may correct or remove any Personal Data in accordance with the Customer's instruction. If SAP cannot comply with an instruction, it will promptly notify Customer (email permitted).

3.2 Data Secrecy.

To process Personal Data, SAP and its Subprocessors will only use personnel who are bound to observe data and telecommunications secrecy under the Data Protection Law. SAP and its Subprocessors will regularly train individuals having access to Personal Data in data security and data privacy measures.

3.3 Technical and Organizational Measures.

(a) SAP will use the appropriate technical and organizational measures stated in Appendix 2.

(b) Appendix 2 applies to the production system of the Cloud Service. Customer should not store any Personal Data in non-production environments.

(c) SAP provides the Cloud Service to SAP's entire customer base hosted out of the same data center and receiving the same Cloud Service. Customer agrees SAP may improve the measures taken in Appendix 2 in protecting Personal Data so long as it does not diminish the level of data protection.

3.4 Security Breach Notification.

SAP will promptly inform Customer if it becomes aware of any Security Breach.

3.5 Cooperation.

At Customer's request, SAP will reasonably support Customer or any Data Controller in dealing with requests from Data Subjects or regulatory authorities regarding SAP's processing of Personal Data.

4. SUBPROCESSORS

4.1 Permitted Use.

(a) Customer and Data Controllers authorize SAP to subcontract the processing of Personal Data to Subprocessors. SAP is responsible for any breaches of the Agreement caused by its Subprocessors.

(b) Subprocessors will have the same obligations as SAP does as a Data Processor (or Subprocessor) with regard to their processing of Personal Data.

(c) SAP will evaluate the security, privacy and confidentiality practices of a Subprocessor prior to selection. Subprocessors may have security certifications that evidence their use of appropriate security measures. If not, SAP will regularly evaluate each Subprocessor's security practices as they relate to data handling.

(d) If Customer requests, SAP will inform Customer of the name, address and role of each Subprocessor it uses to provide the Cloud Service.

4.2 New Subprocessors.

SAP's use of Subprocessors is at its discretion, provided that:

(a) SAP will notify Customer in advance (by email or by posting on the Support Portal) of any changes to the list of Subprocessors in place on the Effective Date (except for Emergency Replacements or deletions of Subprocessors without replacement).

(b) If Customer has a legitimate reason that relates to the Subprocessors' processing of Personal Data, Customer may object to SAP's use of a Subprocessor, by notifying SAP in writing within thirty days after receipt of SAP's notice. If Customer objects to the use of the Subprocessor, the parties will come together in good faith to discuss a resolution. SAP may choose to: (i) not use the Subprocessor or (ii) take the corrective steps requested by Customer in its objection and use the Subprocessor. If none of these options are reasonably possible and Customer continues to object for a legitimate reason, either party may terminate the Agreement on thirty days' written notice. If Customer does not object within thirty days of receipt of the notice, Customer is deemed to have accepted the new Subprocessor.

(c) If Customer's objection remains unresolved sixty days after it was raised, and SAP has not received any notice of termination, Customer is deemed to accept the Subprocessor.

4.3 Emergency Replacement.

SAP may change a Subprocessor where the reason for the change is outside of SAP's reasonable control. In this case, SAP will inform Customer of the replacement Subprocessor as soon as possible. Customer retains its right to object to a replacement Subprocessor under Section 4.2(b).

5. INTERNATIONAL TRANSFERS

5.1 Limitations on International Transfer.

Personal Data from an EEA or Swiss Data Controller(s) may only be exported or accessed by SAP or its Subprocessors outside the EEA or Switzerland (**"International Transfer"**):

(a) If the recipient, or the country or territory in which it processes or accesses Personal Data, ensures an adequate level of protection for the rights and freedoms of Data Subjects in relation to the processing of Personal Data as determined by the European Commission; or

(b) in accordance with Section 5.2.

5.2 Standard Contractual Clauses and Multi-tier Framework.

(a) The Standard Contractual Clauses apply where there is an International Transfer to a country that does not ensure an adequate level of protection for the rights and freedoms of Data Subjects in relation to the processing of Personal Data as determined by the European Commission.

(b) For Third Country Subprocessors, SAP has entered into the unchanged version of the Standard Contractual Clauses prior to the Subprocessor's processing of Personal Data. Customer hereby (itself as well as on behalf of each Data Controller) accedes to the Standard Contractual Clauses between SAP and the Third Country Subprocessor. SAP will enforce the Standard

Contractual Clauses against the Subprocessor on behalf of the Data Controller if a direct enforcement right is not available under Data Protection Law.

(c) Nothing in this DPA will be construed to prevail over any conflicting clause of the Standard Contractual Clauses.

6. CERTIFICATIONS AND AUDITS

6.1 Customer Audits.

Customer or its independent third party auditor may audit SAP's control environment and security practices relevant to Personal Data processed by SAP only if:

(a) SAP has not provided sufficient evidence of its compliance with the technical and organizational measures that protect the production systems of the Cloud Service through providing either: (i) a certification as to compliance with ISO 27001 or other standards (scope as defined in the certificate); or (ii) a valid ISAE3402 and/or ISAE3000 attestation report. Upon Customer's request -SOC Audit reports or ISO certifications are available through the third party auditor or SAP;

(b) A Security Breach has occurred;

(c) Customer or another Data Controller has reasonable grounds to suspect that SAP is not in compliance with its obligations under this DPA;

(d) An audit is formally requested by Customer's or another Data Controller's data protection authority; or

(e) Mandatory Data Protection Law provides Customer with a direct audit right.

Where Customer audits SAP's environment, SAP will reasonably support Customer in its audit processes.

6.2 Audit Restrictions.

The Customer audit will be limited to once in any twelve month period, and limited in time to a maximum of 3 business days and scope as reasonably agreed in advance between the parties. Reasonable advance notice of at least sixty days is required, unless Data Protection Law requires earlier audit. SAP and Customer will use current certifications or other audit reports to minimize repetitive audits. Customer and SAP will each bear their own expenses of audit, unless the Customer is auditing under Section 6.1 (c) (unless such audit reveals a breach by SAP in which case SAP shall bear its own expenses of audit), 6.1 (d) or 6.1 (e). In those cases, Customer will bear its own expense and the cost of SAP's internal resources required to conduct the audit. If an audit determines that SAP has breached its obligations under the Agreement, SAP will promptly remedy the breach at its own cost.

7. EU ACCESS

7.1 Optional Service.

If included in the Order Form, SAP agrees to provide EU Access for the eligible Cloud Service as stated in this Section 7.

7.2 EU Access.

SAP will use only European Subprocessors to provide support requiring access to Personal Data in the Cloud Service.

7.3 Data Center Location.

Upon the Order Form Effective Date, the Data Centers used to host Personal Data in the Cloud Service are located in the EEA or Switzerland. SAP will not migrate the Customer instance to a Data Center outside the EEA or Switzerland without Customer's prior written consent (email permitted). If SAP plans to migrate the Customer instance to a data center within the EEA or to Switzerland, SAP will notify Customer in writing (email permitted) no later than thirty days before the planned migration.

7.4 Exclusions.

The following Personal Data is not subject to the requirements in 7.2-7.3:

(a) Contact details of the sender of a support ticket;

(b) Any other Personal Data submitted by Customer when filing a support ticket. Customer may choose not to transmit Personal Data when filing a support ticket. If this data is necessary

for the incident management process, Customer may choose to anonymize that Personal Data before any transmission of the incident message to SAP;

(c) Personal Data in non-production systems.

Appendix 1 to Data processing agreement and Standard Contractual Clauses

Data Exporter
The Data Exporter subscribed to a Cloud Service that allows Authorized Users to enter, amend, use, delete or otherwise process Personal Data.

Data Importer
SAP and its Subprocessors provide the Cloud Service that includes the following support:
SAP Affiliates support the Cloud Service data centers remotely from SAP facilities in St. Leon/Rot (Germany), India and other locations where SAP employs personnel in the Operations/Cloud Delivery function. Support includes:

- Monitoring the Cloud Service
- Backup & restoration of Customer Data stored in the Cloud Service
- Release and development of fixes and upgrades to the Cloud Service
- Monitoring, troubleshooting and administering the underlying Cloud Service infrastructure and database
- Security monitoring, network-based intrusion detection support, penetration testing

SAP Affiliates provide support when a Customer submits a support ticket because the Cloud Service is not available or not working as expected for some or all Authorized Users. SAP answers phones and performs basic troubleshooting, and handles support tickets in a tracking system that is separate from the production instance of the Cloud Service.

Data Subjects
Unless provided otherwise by the Data Exporter, transferred Personal Data relates to the following categories of data subjects: employees, contractors, business partners or other individuals having Personal Data stored in the Cloud Service.

Data Categories
The transferred Personal Data transferred concerns the following categories of data:
Customer determines the categories of data per Cloud Service subscribed. Customer can configure the data fields during implementation of the Cloud Service or as otherwise provided by the Cloud Service. The transferred Personal Data typically relates to the following categories of data: name, phone numbers, e-mail address, time zone, address data, system access / usage / authorization data, company name, contract data, invoice data, plus any application-specific data that Authorized Users enter into the Cloud Service and may include bank account data, credit or debit card data.

Special Data Categories (if appropriate)
The transferred Personal Data concerns the following special categories of data: As set out in the Order Form, if any.

Processing Operations
The transferred Personal Data is subject to the following basic processing activities:

- use of Personal Data to set up, operate, monitor and provide the Cloud Service (including Operational and Technical Support)
- provision of Consulting Services;
- communication to Authorized Users
- storage of Personal Data in dedicated Data Centers (multi-tenant architecture)
- upload any fixes or upgrades to the Cloud Service
- back up of Personal Data
- computer processing of Personal Data, including data transmission, data retrieval, data access
- network access to allow Personal Data transfer
- execution of instructions of Customer in accordance with this Agreement

Appendix 2 – Technical and Organizational Measures

1. TECHNICAL AND ORGANIZATIONAL MEASURES

The following sections define the SAP's current security measures. SAP may change these at any time without notice so long as it maintains a comparable or better level of security. This may mean that individual measures are replaced by new measures that serve the same purpose without diminishing the security level.

1.1 Physical Access Control.

Unauthorized persons are prevented from gaining physical access to premises, buildings or rooms where data processing systems that process and/or use Personal Data are located.

Measures:

- SAP protects its assets and facilities using the appropriate means based on a security classification conducted by an internal security department.
- In general, buildings are secured through access control systems (e.g., smart card access system).
- As a minimum requirement, the outermost entrance points of the building must be fitted with a certified key system including modern, active key management.
- Depending on the security classification, buildings, individual areas and surrounding premises may be further protected by additional measures. These include specific access profiles, video surveillance, intruder alarm systems and biometric access control systems.
- Access rights are granted to authorized persons on an individual basis according to the System and Data Access Control measures (see Section 1.2 and 1.3 below). This also applies to visitor access. Guests and visitors to SAP buildings must register their names at reception and must be accompanied by authorized SAP personnel.
- SAP employees and external personnel must wear their ID cards at all SAP locations.

Additional measures for Data Centers:

- All Data Centers adhere to strict security procedures enforced by guards, surveillance cameras, motion detectors, access control mechanisms and other measures to prevent equipment and Data Center facilities from being compromised. Only authorized representatives have access to systems and infrastructure within the Data Center facilities. To ensure proper functionality, physical security equipment (e.g., motion sensors, cameras, etc.) undergo maintenance on a regular basis.
- SAP and all third party Data Center providers log the names and times of persons entering SAP's private areas within the Data Centers.

1.2 System Access Control.

Data processing systems used to provide the SAP Services must be prevented from being used without authorization.

Measures:

- Multiple authorization levels are used when granting access to sensitive systems, including those storing and processing Personal Data. Processes are in place to ensure that authorized users have the appropriate authorization to add, delete, or modify users.
- All users access SAP's systems with a unique identifier (user ID).
- SAP has procedures in place to ensure that requested authorization changes are implemented only in accordance with the guidelines (for example, no rights are granted without authorization). If a user leaves the company, his or her access rights are revoked.
- SAP has established a password policy that prohibits the sharing of passwords, governs responses to password disclosure, and requires passwords to be changed on a regular basis and default passwords to be altered. Personalized user IDs are assigned for authentication. All passwords must fulfill defined minimum requirements and are stored in encrypted form. In the case of domain passwords, the system forces a password change every six months in compliance with the requirements for complex passwords. Each computer has a password-protected screensaver.
- The company network is protected from the public network by firewalls.
- SAP uses up–to-date antivirus software at access points to the company network (for e-mail accounts), as well as on all file servers and all workstations.

- Security patch management is implemented to ensure regular and periodic deployment of relevant security updates.
- Full remote access to SAP's corporate network and critical infrastructure is protected by strong authentication.

1.3 Data Access Control .

Persons entitled to use data processing systems gain access only to the Personal Data that they have a right to access, and Personal Data must not be read, copied, modified or removed without authorization in the course of processing, use and storage.

Measures:

- As part of the SAP Security Policy, Personal Data requires at least the same protection level as "confidential" information according to the SAP Information Classification standard.
- Access to personal, confidential or sensitive information is granted on a need-to-know basis. In other words, employees or external third parties have access to the information that they require in order to complete their work. SAP uses authorization concepts that document how authorizations are assigned and which authorizations are assigned to whom. All personal, confidential, or otherwise sensitive data is protected in accordance with the SAP security policies and standards. Confidential information must be processed confidentially.
- All production servers are operated in the Data Centers or in secure server rooms. Security measures that protect applications processing personal, confidential or other sensitive information are regularly checked. To this end, SAP conducts internal and external security checks and penetration tests on its IT systems.
- SAP does not allow the installation of personal software or other software that has not been approved by SAP.
- An SAP security standard governs how data and data carriers are deleted or destroyed once they are no longer required.

1.4 Data Transmission Control.

Except as necessary for the provision of the Services in accordance with the relevant service agreement, Personal Data must not be read, copied, modified or removed without authorization during transfer. Where data carriers are physically transported, adequate measures are implemented at SAP to ensure the agreed-upon service levels (for example, encryption and lead-lined containers).

- Personal Data transfer over SAP internal networks are protected in the same manner as any other confidential data according to SAP Security Policy.
- When data is transferred between SAP and its customers, the protection measures for the transferred Personal Data are mutually agreed upon and made part of the relevant Agreement. This applies to both physical and network based data transfer. In any case, the Customer assumes responsibility for any data transfer once it is outside of SAP-controlled systems (e.g. data being transmitted outside the firewall of the SAP Data Center).

1.5 Data Input Control.

It will be possible to retrospectively examine and establish whether and by whom Personal Data have been entered, modified or removed from SAP data processing systems.

Measures:

- SAP only allows authorized persons to access Personal Data as required in the course of their work.

- SAP has implemented a logging system for input, modification and deletion, or blocking of Personal Data by SAP or its subprocessors within SAP's Products and Services to the fullest extent possible.

1.6 Job Control.

Personal Data being processed on commission (i.e., Personal Data processed on a customer's behalf) is processed solely in accordance with the relevant agreement and related instructions of the customer.

Measures:

- SAP uses controls and processes to ensure compliance with contracts between SAP and its customers, subprocessors or other service providers.
- As part of the SAP Security Policy, Personal Data requires at least the same protection level as "confidential" information according to the SAP Information Classification standard.
- All SAP employees and contractual subprocessors or other service providers are contractually bound to respect the confidentiality of all sensitive information including trade secrets of SAP customers and partners.
- For on premise support services, SAP provides a specially designated, secure support ticket facility in which SAP provides a special access-controlled and monitored security area for transferring access data and passwords. SAP customers have control over their remote support connections at all times. SAP employees cannot access a customer system without the knowledge or full active participation of the customer.

1.7 Availability Control.

Personal Data will be protected against accidental or unauthorized destruction or loss.

Measures:

- SAP employs backup processes and other measures that ensure rapid restoration of business critical systems as and when necessary.
- SAP uses uninterrupted power supplies (for example: UPS, batteries, generators, etc.) to ensure power availability to the Data Centers.
- SAP has defined contingency plans as well as business and disaster recovery strategies for the provided Services.
- Emergency processes and systems are regularly tested.

1.8 Data Separation Control.

Personal Data collected for different purposes can be processed separately.

Measures:

- SAP uses the technical capabilities of the deployed software (for example: multi- tenancy, or separate system landscapes) to achieve data separation among Personal Data originating from multiple customers.
- Customers (including their Affiliates) have access only to their own data.
- If Personal Data is required to handle a support incident from a specific customer, the data is assigned to that particular message and used only to process that message; it is not accessed to process any other messages. This data is stored in dedicated support systems.

1.9 Data Integrity Control .

Personal Data will remain intact, complete and current during processing activities.

Measures:

SAP has implemented a multi-layered defense strategy as a protection against unauthorized modifications.

In particular, SAP uses the following to implement the control and measure sections described above. In particular:

- Firewalls;
- Security Monitoring Center;
- Antivirus software;
- Backup and recovery;
- External and internal penetration testing;
- Regular external audits to prove security measures.

2.1 Overview

The Travel & Expense solution fully integrates our expense and travel solutions into a unified end-to-end corporate travel booking and expense reporting service for our Customers. The Travel & Expense components are described below.

2.2 Smart Expense

Travel & Expense includes our Smart Expense™ capability, which utilizes electronic receipts from three trusted sources – itinerary data captured at the time of booking, corporate card charges incurred during travel, and electronic receipts captured directly by the supplier – to create a "Smart Expense" that is used to pre-populate the details of the expense report as travel occurs. This drives what we call "One Touch Business Travel," in which the click that books the travel reservation begins the expense reporting process.

Travel & Expense utilizes our global connect platform, which connects over 100,000 suppliers of travel content and services to this service. A number of these suppliers also provide us with electronic receipts that can be used to generate Smart Expenses, including global hotel, rail, and car rental providers.

Invoice Payments is available for payment processing in the United States (USD only) and Australia (AUD only).

- **Concur's Performance:** If Invoice Payments is implemented for the Customer, then Concur agrees to be responsible for the following, after Customer completes all pre-requisites described below and the implementation is completed:
  - Receiving each Invoice Payment Request from Invoice Processing.
  - For USD, initiating, on Customer's behalf, ACH Credits to the specified Receiving Bank Accounts that correspond to a given Invoice Payment Request after Concur's Bank confirms to Concur: (1) receipt of sufficient funds via the ACH Debit described above to effect full payment under such Invoice Payment Request, and (2) the debited funds are deposited and cleared into the Concur Bank Account. Concur will have no obligation to initiate ACH Credits, or otherwise transfer funds for the benefit of Suppliers, until Concur receives confirmation from Concur's Bank that the funds transferred from the Customer Bank Account to the Concur Bank Account have cleared and are sufficient to effect full payment to all Suppliers under an Invoice Payment Request.
  - For AUD, initiating on Customer's behalf, a credit transfer to the specified Receiving Bank Accounts that correspond to a given Invoice Payment Request after Concur's Bank confirms to Concur: (1) receipt of sufficient funds via a direct debit transaction from Customer's designated funding account to effect full payment under such Invoice Payment Request, and (2) the debited funds are deposited and cleared into the Concur Bank Account. The NACHA rules limit the amount of time for reversals. While Concur will reasonably cooperate with Customer's requests for reversals and stop payments, it does not control the reversal and stop payment process and cannot guarantee results.
  - Concur will be liable for any Invoice Payment made due solely to a Concur error that is not in accordance with an Invoice Payment Request or otherwise approved by Customer. Such Concur liability is contingent upon Customer making an appropriate assignment of claims to Concur and fully cooperating with Concur, law enforcement, and banking authorities to assist in the recovery of an erroneous Invoice Payment. Such Concur liability will not be subject to the limitation of liability on direct damages set forth in the Agreement between the Customer and Concur.
  - Notwithstanding anything to the contrary, neither Concur nor Concur's Bank will be responsible for any damages arising from any decision to withhold or delay originating Invoice Payments or effecting scheduled Invoice Payments (1) after reasonable efforts to verify such entries by the required security procedure have failed, (2) due to Customer's creditworthiness, or (3) due to Customer's failure to timely deliver funds to Concur for fully funding an Invoice Payment Request.
- **Customer's Performance:** If Invoice Payments is implemented for the Customer, then Customer

    - Obtaining all necessary and appropriate authorizations from each Supplier (a "Supplier Authorization") prior to the first Invoice Payment to the Supplier Bank Account of such Supplier, which Supplier Authorization authorizes the initiation of credits to such Supplier Bank Account and reversals of credits made to such account to recover funds credited to such account in error.
- The actions and omissions of Customer representatives in inputting Supplier bank account, as well as any additional data to be provided with a payment, into Invoice Payments and ensuring the continued accuracy of such information.

    - Customer unconditionally promises to pay to Concur the amount of any unfunded payment file (including any debit which is returned because of insufficient or uncollected funds or for any other reason) upon demand, plus the following amounts as liquidated damages and not as a penalty: (1) an overdraft fee equal to 1% of the deficiency, and (2) interest on the deficiency at rate of 1.5% per month or the highest interest rate permitted by applicable law, whichever is less, until the deficiency is paid in full (and fully cleared into a Concur Bank Account).

As such, Customer represents, warrants, and covenants that all Suppliers have authorized entries to their bank accounts and Customer will pay for all ACH Credits. In addition, if any debit to a Supplier Bank Account reversing or correcting a previously submitted ACH Credit is returned for any reason, Customer unconditionally promises to pay the amount of such debit upon demand and

interest thereon at the interest rate specified above until the same is paid in full (and fully cleared into a Concur Bank Account).

- **Additional Terms:** Both parties agree to: (1) comply with all applicable NACHA rules and all applicable laws in connection with Invoice Payments, (2) not engage in any fraudulent or criminal activities, including without limitation money-laundering activities, associated with Invoice Payments, and (3) take all appropriate and reasonably necessary steps to prevent use of their operations for any fraudulent or criminal activities. Customer agrees that if Concur has any reason to believe that funds have been deposited in its bank account in fraudulent or criminal circumstances or intent, then Concur shall be entitled, in order to facilitate reasonable inquiry, to freeze such funds without being liable for any loss incurred thereby. Unless prohibited by applicable law or regulation, Concur will promptly notify Customer of any such action and the reasons for it. The Guaranteed Compliance Service is an extended service that can be ordered under the Travel & Expense or Expense service type(s) for an additional fee. The Guaranteed Compliance Service must be ordered simultaneously with the initial order of the Travel & Expense or Expense service type(s) and requires a Concur-defined Tax configuration. Customer will not be able to modify such configuration. The Guaranteed Compliance Service applies to the Supported Tax for a single Jurisdiction. When made available by Concur, additional Jurisdictions may be added for an additional fee. The Guaranteed Compliance Service is comprised of the following:

- Concur will provide Customer, as a part of the expense report submission process, a pre-determined set of expense types designed and configured by Concur for the Jurisdiction listed on the Supported Jurisdiction/Tax Table, below.
- Concur will update the Tax rates for this extended service to reflect applicable Tax changes enacted by the Tax authority for the Jurisdiction.
- Concur will provide a Compliance Audit (as set forth below) for each Claim.
- Concur will provide the Guarantee (as set forth below) for applicable qualifying Claims.

Compliance Audit:

The Guaranteed Compliance Service includes a Compliance Audit of all Claims to ensure that the Supporting Documentation related to the Claims provided by Customer constitutes a valid Tax receipt or invoice for Tax recovery purposes for the applicable-supported Jurisdiction. The Claimant must ensure that appropriate Supporting Documentation is associated with the correct Claim. The Compliance Audit consists of the following:

- Concur will verify that the Supporting Documentation matches the expenses listed in the Claim.
- Concur will verify that the Supporting Documentation complies with the applicable Tax rules and guidelines. Scanned images, unless stated on the image as a photocopy, will be treated as original invoices.
- Concur will review the Supporting Documentation to ensure that the data contained therein matches the Claim data entered by the Claimant for the following items:
    - Date
    - Expense Type
    - Country of Purchase
    - Claim Value
    - Tax Number
    - Receipt Status
    - Currency
    - Supplier details
    - Customer details, when required
    - Tax Amount
    - Any other items that may be required or applicable in accordance with changes to the Tax, as determined by Concur for applicable Tax changes enacted by the applicable Tax authority.
- Concur will reject a Claim and return it to Claimant for review and correction, where Supporting Documentation for the Claim does not substantiate the Claim.
- In the event that during the Compliance Audit Concur determines that (a) a Claim is incorrect based on the Supporting Documentation therefor, Concur will amend the Claim in accordance with

the Supporting Documentation; or (b) the type of status on the Claim is incorrect, Concur will correct the status. In the case of (b), for example, if the Claimant has selected "receipt" and Concur identifies it as a "tax receipt", Concur will amend the Claim to correct the incorrect reference.

- In the event that during the Compliance Audit Concur determines that the Tax amount calculated by the Service is not substantiated by the Claim and accompanying Supporting Documentation, Concur will adjust the Tax amount to reflect the correct amount supported by such Claim and Supporting Documentation. For example, in the case of a Claim for a £12 meal expense, the Service will auto-calculate the taxable amount as £2 (i.e., 20% of £10 being the amount net of Tax). However, if the individual breakdown on that receipt contained items for £6 that were subject to Tax and £6 that was not subject to Tax, Concur will change the taxable amount reported from £2 to £1 (i.e., 20% of £5 being the net amount that was subject to Tax).

Guarantee. Concur will provide the following Guarantee for applicable qualifying Claims:

- Concur will guarantee that the calculated Tax reflected in the report from the Service for a Claim will be calculated correctly in accordance with the Claim data and the Supporting Documentation. If Customer incurs any fine or penalty as a result of the incorrect calculation, Concur will indemnify Customer for the cost of the fine or penalty applied by the applicable Tax authority, subject to the requirements of this Section 9.4. Customer must give Concur notice of such fine or penalty within thirty (30) days after an assessment of such fine or penalty for Concur to indemnify Customer for such fine or penalty. In any case, Customer will be responsible for paying the Tax fine or penalty and any over-claimed Tax amounts due to the applicable Tax authority.
- The Guarantee shall not apply if Customer or any person on behalf of Customer: (a) modifies any Service-setting related to Tax rates and/or makes any Tax-related changes to Claims submitted in the Compliance Audit process, (b) modifies any Concur-defined expense types, or (c) submits any Claim using other than the Concur-defined expense types.
- Notwithstanding anything to the contrary, to the maximum extent permitted by law, Concur's total liability under the Agreement with respect to any fine or penalty for which Concur is responsible to indemnify Customer pursuant to the Guarantee will be limited to general money damages and shall in no event exceed an amount equal to three (3) times the aggregate of all fees actually paid or owing by Customer to Concur for the Guaranteed Compliance Service during the twelve (12) month period preceding the time that the fine or penalty arose (but not less than the amount of Recurring Fees for such extended service due during the first year after the Effective Date of the order of such extended service).

Invoice Capture supports the following languages: English, Dutch, German, French, Spanish, Portuguese, Danish, Finnish, Norwegian, Swedish, Italian, Czech, Lithuanian, Latvian, Estonian, Turkish, Slovenian, Romanian, Hungarian, Chinese, Japanese, and Polish. Invoice Capture consists of the following actions:

- The requestor (i.e. a Customer user, vendor, or agent) sends an invoice by either email, fax, or hard-copy as set forth below:
    - For emailed invoices, the requestor must email the invoice to a Customer specific email address that will automatically upload the image to the Invoice Capture service. The subject line should contain the Invoice Number and/or Vendor Name.
    - For faxed invoices, the requestor must fax the invoice to a designated fax number that Concur has established for receiving invoices. Each such fax must include a cover page containing the Customer's name and the name and phone number of the requestor. Concur will then upload the file into the Invoice Capture service.
    - For hard-copy invoices, the requestor must send the invoice to a designated post office box number. For each hard-copy invoice received as described above, Concur will open, sort, and prepare the invoice for imaging. Concur will then scan each hard-copy invoice and upload the image into the Invoice Capture service.
- Once the invoice has been received, the invoice is processed through optical character recognition (OCR) software. Concur will validate or input the following data fields into the Invoice Processing service: vendor name, invoice number, invoice date, currency and invoice total. Customer can elect to have the following additional fields captured: invoice tax total, invoice tax fields, invoice shipping total, invoice owner, and PO number. Customer can choose to have one additional Custom Data Element processed by the service.
    - "Invoice Header" means the data elements on an invoice which define the overall Invoice document.

- "Non-Recognizable Data Element" means those data elements on the Invoice Header that are not a System Recognizable Data Element or Person Recognizable Data Element. These cannot be captured or processed as part of the Invoice Capture service.

Unless Invoice Line item Capture is purchased, one line item will be created for the entire amount of the invoice. It will be the customer's responsibility to code that line item or break it into multiple line items in the Invoice Processing service.

- Once the validation step is completed, Concur will assign the invoice to the Customer's Invoice Processing queue to begin the workflow process in the Invoice Processing service. The Customer will then assign the appropriate expense code and assign the payment request to the appropriate approver. Customer shall have the option to enable auto-capture of invoice owners. If auto-capture is enabled, and an invoice owner can be successfully identified on the invoice, the invoice will automatically be routed to that individual for coding.
- For invoices that pertain to a vendor not recognized by the Invoice Capture service, Concur will assign the invoice to a "Temporary - New Vendor". The Customer will be responsible for creating an Approved Vendor record in the Invoice Processing service and assigning the invoice to that approved vendor.
- For invoices received by Concur electronically, the average overall processing time by the Invoice Capture service will ordinarily not exceed two (2) business days (excluding Concur holidays) calculated from when the invoice has been received by Concur to when the invoice appears in Customer's processing queue.
- For invoices received via fax or through hard copy mail, the average overall processing time will take an additional one (1) to two (2) business days (excluding Concur holidays) beyond the standard timing of an invoice received electronically.
- If invoices received from a Customer cannot be attached to a payment request for any reason, such as no fax cover page or documents received that are not invoices, then Concur will send those invoices to the Customer for resolution. The customer has the choice of having the invoices shipped back to them or sent via email. If shipping is selected, the Customer is responsible for all shipping and handling costs associated with each shipment and needs to provide Concur with all relevant account numbers to enable the shipping agent to directly bill Customer for such shipment. All origination and return locations must be identified during the Invoice Capture Implementation process. Documents other than invoices include, but are not limited to, receipts, statements, expense reimbursement forms, packing documents, vendor statements, collection notices, surveys, flyers, advertisements, price lists, catalogs or notices of change of address. The incremental charge will be calculated based on the greater of (i) the actual invoice count in excess of the base invoice count for Invoice Line Item Capture or (ii) the actual line item count in excess of the total line items included in Invoice Line Item Capture for the actual invoice count in a given billing period. For example:
  - A customer has a base of 1,000 invoices in a billing period and uses 500 invoices, up to 5,000 line items are included in Invoice Line Item Capture; line items in excess of 5,000 will be charged an incremental fee.
  - A customer has a base of 1,500 invoices in a billing period and uses 1,500 invoices, up to 7,500 line items are included in Invoice Line Item Capture; line items in excess of 7,500 will be charged an incremental fee.

The Service Configuration Change Management Process outlined below is used for any configuration change of the existing implementation of the Service that requires Concur assistance. All changes that are subject to this Service Configuration Change Management Process will be performed by Concur only pursuant to a mutually acceptable Service Request, as described below. The Service Configuration Change Management Process is not for adding additional service options to the Service. Additional service options must be accomplished by an order under the Agreement between Concur and the Customer and will be implemented pursuant to the implementation option selected for such additional service option. Once the additional service option is implemented, the Service Configuration Change Management Process will be applied.

8.2.2 Process

- **Change Initiation:** Either Concur or Customer may initiate a Service Request by identifying the need for the change to the other party and identifying a specific solution desired for implementation.
- **Change Review:** The Service Request will be routed to appropriate representatives of both parties, who will be the first level of screening to determine whether a requested change is appropriate or whether the change should be escalated within their respective organizations for determining whether to move forward toward completing and execution of a Service Request. These representatives will also involve others within their respective organizations in reviewing the change, as applicable. Concur representatives will assist Customer to understand the parameters of applicable service functionality in order to properly understand the nature and potential impact of the perceived need and accurately describe the desired change. Each party will cooperate in good faith to determine the estimated level of effort in terms of hours and fees for the requested change, as applicable.

8.2.3 Service Requests

If the parties determine to move forward with the change, then the parties will negotiate a mutually acceptable Service Request. Each Service Request will be in Concur's standard form and must include the following:

- A detailed description of the work to be performed by Concur under the Service Request, including any and all prerequisites, assumptions, and deliverables contemplated by the parties.
- An estimated schedule for the work to be performed by Concur under the Service Request.
- A description of all compensation to be paid to Concur for all work to be performed under the Service Request (if any), including payment methodology and payment terms.

8.2.4 Performance of Work

A Service Request must be executed by both Concur and Customer before Concur will commence work associated with the desired change. Once the Service Request is fully executed by both parties, Concur will commence work in accordance with the terms of the Service Request. Concur may rely on a Service Request that is signed by a representative of Customer.

9. Service Level Agreement

Except as expressly set forth in the Agreement or elsewhere in this Service Description Guide, the Service includes Concur's Service Level Agreement as set forth herein. All references to "SAP" in the Service Level Agreement for SAP Cloud Services shall mean "Concur". The Service, excluding any test, no fee and/or non-production environment(s), will be delivered in accordance with the service level commitments below:

9.1 System Availability SLA

9.1.1 Concur warrants to maintain an average monthly system availability for the production system of the Concur Service as set forth in the Service Level Agreement for SAP Cloud Services located at: http://www.sap.com/agreements-cloud-service-level-agreement.

9.1.2 Customer's sole and exclusive remedy for Concur's breach of the System Availability SLA is the issuance of a credit in the amount described in the Service Level Agreement for SAP Cloud Services. Customer will follow Concur's posted credit claim procedure. When the validity of the service credit is confirmed by Concur in writing (email permitted), Customer may apply the credit to a future invoice for the Concur Service or request a refund for the amount of the credit if no future invoice is due.

9.1.3 In the event Concur fails to meet the System Availability SLA (i) for four consecutive months, or (ii) for five or more months during any twelve months period, or (iii) at a system availability level of

least 95% for one calendar month, Customer may terminate its subscriptions for the affected Concur Service by providing Concur with written notice within thirty days after the failure.

9.2 Service Responsiveness

Following commencement of the Service, Concur will achieve an average Service Responsiveness of no more than 3.0 seconds per transmission in each calendar month during the term of the Agreement between the Customer and Concur. Customer's exclusive remedy and Concur's entire liability for any failure to achieve the service level described above will be as follows: (a) for a failure in a given month, such remedy shall be Customer's right to receive a pro-rata credit against its recurring fees for the Service the next invoice period, based on the difference between the committed average Service Responsiveness per transmission and the actual average Service Responsiveness per transmission in such month, to be applied to the next invoice; and (b) in addition to the remedy set forth in clause (a) above, for a failure in any three (3) months in any twelve (12) consecutive month period, such remedy shall be Customer's right to terminate the Agreement between Customer and Concur under which Concur provides the Service, by delivery of a written notice of termination and such termination shall be effective as of the date of such notice. As used above:

- "Service Responsiveness" means the average time for a round-trip transmission of the Service in a given calendar month, starting from the time a transmission enters Concur's firewall from the Customer and ends when it leaves Concur's firewall to Customer, excluding Excluded Downtime.
- "Excluded Downtime" has the meaning given to it in the Service Level Agreement for SAP Cloud Services referred to in Section 9.1 above.

9.3 Overnight Job Processing

If Customer uses Concur's standard file formats, complies with Concur's standard file transfer methodology, and selects a single Processing Time Zone, then, for applicable Customer Data delivered by Customer to Concur by 6:00 p.m. (applicable Processing Time Zone) on a given business day, (a) Concur will make the applicable financial extract files available for Customer's retrieval by 5:00 a.m. (applicable Processing Time Zone) on the next business day, and (b) such applicable financial extract files will not contain any material inaccuracies caused by Concur that remain uncured for more than one business day after discovery of such inaccuracies. Customer's exclusive remedy and Concur's entire liability for any failure to achieve the service level described above will be as follows: (i) for a failure to achieve the service level described in clause (a) above at least one time per month in any three (3) consecutive month period, such remedy shall be Customer's right to receive a credit against its recurring fee for the Service the next invoice period equal to 5% of the monthly portion of the then-current recurring fee for the Service, to be applied to the next invoice; and (ii) for a failure to achieve the service level described in clause (b) above at least one time per month in any three (3) consecutive month period, such remedy shall be Customer's right to receive a credit against its recurring fee for the Service the next invoice period equal to 5% of the monthly portion of the then-current recurring fee for the Service, to be applied to the next invoice.

This Service Level Agreement for SAP Cloud Services shall not apply to any SAP Cloud Service for which a System Availability SLA is explicitly set forth in the applicable Supplemental Terms and Conditions for such SAP Cloud Service or for which the applicability of the System Availability SLA is explicitly excluded in the Agreement.

2. Definitions

"**Downtime**" means the Total Minutes in the Month during which the productive version of the applicable SAP Cloud Service is not available, except for Excluded Downtimes.

"**Month**" means a calendar month.

"**Monthly Subscription Fees**" means the monthly (or 1/12 of the annual fee) subscription fees paid for the Cloud Service which did not meet the System Availability SLA.

3. System Availability SLA and Credits

3.1 Claim process, Reports

Customer may claim a credit in the amount described in the table of Section 3.2 below in case of SAP's failure to meet the System Availability SLA, which credit Customer may apply to a future invoice relating to the SAP Cloud Service that did not meet the System Availability SLA.

Claims under this Service Level Agreement for SAP Cloud Services must be made in good faith and by submitting a support case within thirty (30) business days after the end of the relevant Month in which SAP did not meet the System Availability SLA.

Priority	Definition	Response Level
P1	**Very High:** An incident should be categorized with the priority "very high" if the problem has very serious consequences for normal business processes or IT processes related to core business processes. Urgent work cannot be performed. This is generally caused by the following circumstances: - A productive service is completely down. - The imminent system Go-Live or upgrade of a production system cannot be completed. - The customer's core business processes are seriously affected. A workaround is not available for each circumstance. The incident requires immediate processing because the malfunction may cause serious losses.	**Initial Response:** Within one hour of case submission. **Ongoing Communication:** Unless otherwise communicated by SAP Support, once every hour. **Resolution Target:** SAP to provide for issues either a (i) resolution, or (ii) workaround or (iii) action plan within four hours.
P2	**High:** An incident should be categorized with the priority "high" if normal business processes are seriously affected. Necessary tasks cannot be performed. This is caused by incorrect or inoperable functions in the SAP service that are required immediately. The incident is to be processed as quickly as possible because a continuing malfunction can seriously disrupt the entire productive business flow.	**Initial Response:** Within four hours of case submission for SAP Enterprise Support, cloud edition customers and within two hours of case submission for SAP Preferred Care and SAP Preferred Success customers. **Ongoing Communication:** Unless otherwise communicated by SAP Support, once every six hours. **Resolution Target:** SAP to provide for issues either a (i) resolution, or (ii) workaround or (iii) action plan within three business days for SAP Preferred Care and SAP Preferred Success customers only.
P3	**Medium:** An incident should be categorized with the priority "medium" if normal business processes are affected. The problem is caused by incorrect or inoperable functions in the SAP service.	**Initial Response:** Within one business day of case submission for SAP Enterprise Support, cloud edition customers, and within four business hours of case being received for SAP Preferred Care and SAP Preferred Success customers. **Ongoing Communication:** Unless otherwise communicated by SAP Support, once every three business days for Non-Defect Issues and ten business days for product defect issues.

P4	**Low:** An incident should be categorized with the priority "low" if the problem has little or no effect on normal business processes. The problem is caused by incorrect or inoperable functions in the SAP service that are not required daily, or are rarely used.	**Initial Response:** Within two business days of case submission for SAP Enterprise Support, cloud editions customers and within one business day of case submission for SAP Preferred Care and SAP Preferred Success customers. **Ongoing Communication:** Unless otherwise communicated by SAP Support, once every week.

The following types of incidents are excluded from customer response levels as described above: (i) incidents regarding a release, version and/or functionalities of SAP Cloud Services developed specifically for customer (including those developed by SAP Custom Development and/or by SAP subsidiaries, or individual content services); (ii) the root cause behind the incident is not a malfunction, but missing functionality ("development request") or the incident is ascribed to a consulting request ("how-to").
