II. GENERAL TERMS

1. General Software Rights and Obligations.

- a. License. The specific license grant for the Software licensed by Licensee with which this Agreement was provided will be set forth in the applicable Schedule to this Agreement.
- b. License Term. An Order Confirmation will identify whether Licensee is purchasing a perpetual license or a subscription license and, if a subscription, the Subscription Period. A Subscription Period is a committed, non-cancelable term.
- c. Delivery. If Licensee licenses On-Premise Software, the On-Premise Software and associated Documentation will be delivered by electronic means. If Licensee licenses Cloud Software, Licensee will receive access to the Cloud Software via a website hosted by Flexera, pursuant to the terms and conditions set forth at <http://media.flexera.com/documents/Cloud-Service-Levels.pdf>.
- d. Reduction in License Level. Unless otherwise agreed to by Flexera in writing, Licensee may not reduce its License Level for any purpose, including without limitation for the purpose of reducing Licensee’s Support and Maintenance fee. Notwithstanding the foregoing, Licensee may terminate its licenses to the applicable Software in their entirety by providing written notice to Flexera.
- e. Installation and Copies. Licensee may install On-Premise Software on Licensee’s or Affiliates’ machines only and only at Licensee Sites as many instances of the Software as is designated in the applicable Order Confirmation. Licensee may not make copies of the Software unless otherwise set forth in an applicable Order Confirmation. Notwithstanding the foregoing, Licensee may make a copy of the Software for back-up purposes. Licensee may allow a Contractor to install On-Premise Software on Contractor’s own premises only if such Contractor signs an acknowledgment in a form provided by Flexera accepting responsibility for compliance with this Agreement.
- f. Use by Affiliates and Contractors. Subject to the terms and conditions of this Agreement, Licensee’s Affiliates and Contractors may also use the licenses granted to Licensee, provided that (a) such use is only for Licensee’s or such Affiliate’s benefit, and (b) Licensee agrees to remain responsible for each such Affiliate’s and Contractor’s compliance with the terms and conditions of this Agreement. Use of the Software by the Affiliates, Contractors and Licensee in the aggregate must be within the License Level.
- g. License Restrictions. Licensee shall not (and shall not allow any third party to):
 - i. decompile, disassemble, or otherwise reverse engineer the Software or attempt to reconstruct or discover any source code, underlying ideas, algorithms, libraries, file formats, data, databases or programming interfaces of or provided with the Software by any means whatsoever (except and only to the extent that applicable law or Third Party Software license terms prohibits or limits reverse engineering restrictions, and then only with prior written notice to Flexera);
 - ii. distribute (except as expressly permitted herein), sell, sublicense, rent, lease or use the Software or Documentation (or any part thereof) for time sharing, service bureau, hosting, service provider or like purposes;
 - iii. remove any product identification, proprietary, copyright or other notices contained in the Software, including but not limited to any such notices contained in the physical and/or electronic media or Documentation, in the Setup Wizard dialog or “about” boxes, in any of the runtime resources and/or in any web-presence or web-enabled notices, code or other embodiments originally contained in or otherwise created by the Software, or in any archival or back-up copies, if applicable;
 - iv. modify any part of the Software or Documentation, create a derivative work of any part of the Software or Documentation, or incorporate the Software (or any part thereof) into or with other software, except to the extent expressly authorized in writing by Flexera or, where applicable to any Third Party Software and then only in relation to such component(s) by any applicable Third Party Software license agreement included with the Software;

Licensee acknowledges that it is obtaining only a limited license right to the Software and the Documentation and that irrespective of any use of the words “purchase”, “sale” or like terms hereunder no ownership rights are being conveyed to Licensee under this Agreement or otherwise.

3. Support and Maintenance.

- a. Support and Maintenance. Unless otherwise set forth in a Schedule, (i) Flexera will provide Support and Maintenance in accordance with the terms set forth at http://resources.flexera.com/web/pdf/archive/Silver_Support.pdf and (ii) Support and Maintenance is for a period of one (1) year from the date of delivery of the Software. Subscription license fees include Support and Maintenance for the duration of the Subscription Period.
- b. Exclusions. Flexera will have no Support and Maintenance obligation to Licensee: (a) where the Software source code has been modified (except for Updates); or (b) for any Evaluation Software or Free Software.

- c. Technical Account Manager. Licensee may purchase Technical Account Manager services to perform the duties set forth in Schedule 9. Technical Account Manager services may be renewed for the first renewal period (the duration of which may be no shorter than one year and no longer than the length of the initial period) for the same annual rate paid during the first period.
 - d. Renewals. For perpetual licenses, in the event Licensee elects not to obtain or renew Support and Maintenance, Licensee may retain the Software and Documentation but will have no further right to Support and Maintenance for the Software. If Licensee wishes to reinstate lapsed Support and Maintenance for a perpetual license, Licensee may do so only within ninety (90) days from expiration of the Support and Maintenance term by paying Flexera an amount equal to (i) the then-applicable annual Support and Maintenance fee plus (ii) one-hundred fifty percent (150%) of the fees that would have been due had Licensee remained enrolled during the lapsed period. For perpetual licenses, Support and Maintenance may be renewed for the first renewal period (the duration of which may be no shorter than one year and no longer than the length of the initial Support and Maintenance period) for the same annual rate paid during the first Support and Maintenance period.
4. Services. Any Services provided by Flexera with respect to the Software will be provided pursuant to this Agreement.
- a. Expenses. If Services are performed onsite at Licensee facilities, Licensee will reimburse Flexera for actual and reasonable travel expenses. Flexera will adhere to the more stringent of either Flexera's or Licensee's travel policy (as provided by Licensee and agreed to by Flexera).
 - b. Delays and Cancellations. If performance of Services is delayed due to Licensee's failure to provide required access, personnel availability or canceled with less than five (5) business days' notice once ordered by Licensee, Licensee shall pay Flexera at its then-current standard rates for each day for each person assigned by Flexera to provide the applicable Services if the Flexera resources cannot be redeployed by Flexera using reasonable efforts. In addition, Licensee agrees to reimburse any travel expenses which have been incurred and are non-cancelable, non-refundable, or non-creditable.
 - c. Work Product.
 - i. Flexera grants to Licensee a perpetual, non-transferable, non-sublicensable, non-exclusive, worldwide license right to import, export, execute, reproduce, distribute, modify, adapt, make derivative works of, and use Work Product for any internal purpose, provided such use is not competitive with Flexera.
 - ii. Notwithstanding anything to the contrary contained herein, except for the limited license rights expressly provided herein, Flexera and its suppliers will retain all rights, title and interest (including, without limitation, all patent, copyright, trademark, trade secret and other intellectual property rights) in and to the Work Product. Licensee acknowledges that it is obtaining only a limited license right to the Work Product and that irrespective of any use of the words "purchase", "sale" or like terms hereunder no ownership rights are being conveyed to Licensee under this Agreement or otherwise.
 - iii. Licensee acknowledges that any source code, design documents, strategy reports or other similar Work Product shall be considered Flexera Confidential Information.
 - iv. Work Product does not include any materials provided to Flexera by or on behalf of Licensee in connection with the Services. Licensee will retain any ownership interest (including all intellectual property rights) in such materials and Flexera will make no ownership claim with respect to such materials.
5. Invoicing and Payment.
- a. Invoicing. Unless otherwise agreed in writing, Flexera will invoice Licensee as follows:
 - i. for perpetual Software licenses, fully in advance;
 - ii. for subscription Products, annually in advance; and
 - iii. for all other Services and associated expenses, monthly in arrears.
 - b. Payment Terms. All payments are non-refundable (except as expressly set forth in this Agreement) and shall be made within thirty (30) days of the date of the applicable invoice. Any late payments will be subject to a service charge equal to 1.5% per month of the amount due or the maximum amount allowed by law, whichever is less.
 - c. Purchases through Resellers. In the event Licensee purchases Products via a reseller, the invoicing and payment terms agreed between Licensee and such reseller will apply in lieu of the terms set forth herein. If the reseller fails to pay the fees applicable to the Products delivered to Licensee, Licensee will be responsible to Flexera for payment of the fees due and not paid by the reseller.
 - d. Multi-Year Purchase Orders. For Products with Subscription Periods longer than one (1) year, Licensee may provide a purchase order for the total payable for the entire Subscription Period, or it may elect to provide a purchase order for one (1) year at a time; regardless of the purchase order form selected, if Licensee licenses a product for a Subscription Period longer than one (1) year, as evidenced by the Order Confirmation, the license is non-cancelable and Licensee will be obligated to pay for the total value of the subscription.
 - e. Taxes. Fees do not include taxes. If Flexera is required to pay any sales, use, GST, VAT, or other taxes in connection with Licensee's order, other than taxes based on Flexera's income, such taxes will be billed to and paid by Licensee. Licensee will make all payments of fees to Flexera free and clear of, and without reduction for, any withholding taxes; any such taxes imposed on payments of fees to Flexera will be Licensee's sole responsibility and consequently the amount of such fees will be increased such that the net fee received by Flexera will be the same as if such withholding taxes were not imposed, and Licensee will provide Flexera with official receipts issued by the appropriate taxing authority, or such other evidence as the Flexera may reasonably request, to establish that such taxes have been paid.
6. Term. This Agreement is effective as of the date accepted by Licensee and will continue until terminated in accordance herewith or until all Subscription Periods have expired, whichever is earlier.
7. Termination. This Agreement and Licensee's license may be terminated by Flexera if (a) Licensee fails to make payment and/or (b) Licensee fails to comply with the terms of this Agreement within ten (10) days after receipt of written notice of such failure. Upon expiration of a

subscription license or termination of any license, Licensee shall cease any and all use of the expired or terminated Product and destroy all copies of such Product and associated Documentation (including copies in storage media), and so certify to Flexera in writing. This requirement applies to all copies in any form, partial or complete. Any provision that by the very nature of which should survive will survive any termination or expiration of this Agreement.

8. Warranty.

- a. Limited Software Performance Warranty. Flexera warrants to Licensee that during the Warranty Period the Software will operate in substantial conformity with the Documentation. Flexera does not warrant that Licensee's use of the Software will be uninterrupted or error-free or that any security mechanisms implemented by the Software will not have inherent limitations. Flexera's sole liability (and Licensee's exclusive remedy) for any breach of this warranty will be, in Flexera's sole discretion, to use commercially reasonable efforts to provide Licensee with an error-correction or work-around which corrects the reported non-conformity, to replace the nonconforming Software with conforming Software, or if Flexera determines such remedies to be impracticable within a reasonable period of time, to terminate the Agreement and refund the license fee paid for the Software. Flexera will have no obligation with respect to a warranty claim unless notified of such claim in writing within the Warranty Period.
- b. Exclusions. The limited warranties set forth in this Section do not apply to warranty claims arising out of or relating to: (a) use of the Software with hardware or software not required in the Documentation; (b) modifications made to the Software source code; (c) defects in the Software due to accident, abuse or improper use by Licensee; or (d) Evaluation Software, Free Software or NFR Software.
- c. Disclaimer. **THE REPRESENTATIONS AND WARRANTIES IN THIS SECTION ARE LIMITED AND EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, THE PRODUCTS ARE PROVIDED "AS IS". EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, NEITHER FLEXERA NOR ITS SUPPLIERS MAKE ANY OTHER REPRESENTATIONS, WARRANTIES, OR CONDITIONS, AND EXPRESSLY DISCLAIMS ALL OTHER REPRESENTATIONS, WARRANTIES, AND CONDITIONS, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT. LICENSEE MAY HAVE OTHER STATUTORY RIGHTS. HOWEVER, TO THE FULL EXTENT PERMITTED BY LAW, THE DURATION OF STATUTORILY REQUIRED WARRANTIES, IF ANY, WILL BE LIMITED TO THE WARRANTY PERIOD DEFINED HEREIN.**

9. Infringement Indemnity. Flexera will defend and indemnify Licensee from and against any claim asserted against Licensee and its employees, officers, board members, agents, representatives, and officials by a third party based upon an allegation that the Software infringes a copyright or trademark. If the Software is, or in Flexera's opinion use of the Software is likely to be, enjoined due to the type of infringement specified above, or if required by settlement, Flexera may, in its sole discretion: (a) substitute for the Software substantially functionally similar programs; (b) procure for Licensee the right to continue using the Software; or if (a) and (b) are commercially impracticable, (c) terminate the Agreement and refund to Licensee (i) for perpetual licenses, the license fee(s) paid by Licensee as of the date of termination, reduced to reflect a five year straight-line depreciation from the applicable license purchase date, and (ii) for subscription licenses, any prepaid and unused fees as of the date of termination. The foregoing indemnification obligation of Flexera will not apply to the extent the infringement claim arises as a result of: (1) modification of the Software (except for setting configuration options provided in the Software) by Licensee, a third party, or Flexera at Licensee's request; (2) the combination of the Software with other non-Flexera products or processes not specifically required in the Documentation; (3) Licensee's unauthorized use of the Software or use of the Software in violation of this Agreement; (4) Licensee's failure to implement an Update to the Software which would avoid the infringement after Flexera provides notice that implementing such Update would avoid the infringement; or (5) Third Party Software. The foregoing indemnity obligations are conditioned upon Licensee providing to Flexera (i) prompt written notice of any claim (but in any event notice in sufficient time for Flexera to respond without prejudice); (ii) the exclusive right to control and direct the investigation, defense, and settlement (if applicable) of such claim; and (iii) all reasonable necessary cooperation. **THIS SECTION SETS FORTH FLEXERA'S AND ITS SUPPLIERS' SOLE LIABILITY AND LICENSEE'S SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY CLAIM OF INTELLECTUAL PROPERTY INFRINGEMENT, INCLUDING A BREACH OF ANY REPRESENTATION OR WARRANTY RELATED THERETO.**

10. Limitation of Liability.

- a. **NEITHER FLEXERA NOR ITS SUPPLIERS, IF ANY, WILL BE LIABLE FOR INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND (INCLUDING LOST PROFITS, LOSS OF USE, LOST DATA, FAILURE OF SECURITY MECHANISMS, OR INTERRUPTION OF BUSINESS), OR FOR DAMAGE TO SYSTEMS OR DATA, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, EVEN IF FLEXERA HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FLEXERA'S LIABILITY FOR ANY DAMAGES HEREUNDER WILL IN NO EVENT EXCEED THE AMOUNT OF LICENSE FEES THAT LICENSEE HAS PAID TO FLEXERA.**
- b. **FOR USERS WITHIN EUROPE, THE MIDDLE EAST, AFRICA, OR INDIA, NO PERSON WHO IS NOT A PARTY TO THIS AGREEMENT WILL BE ENTITLED TO ENFORCE ANY TERMS OF THE SAME UNDER THE CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999.**
- c. **FLEXERA DOES NOT LIMIT OR EXCLUDE ITS LIABILITY FOR DEATH OR PERSONAL INJURY CAUSED BY ITS GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.**

11. Assignment. Licensee may not, by operation of law or otherwise, transfer any license rights or other interests in Evaluation Software, Free Software, or NFR Software. Licensee may not assign this Agreement (or any part thereof) without the advance written consent of Flexera, except that Licensee may assign this Agreement in connection with a merger, reorganization, acquisition or other transfer of all or substantially all of Licensee's assets or voting securities; provided that (i) Licensee must permanently and wholly transfer all of Licensee's rights and obligations under this Agreement; (ii) Licensee must permanently and wholly transfer all of the Products (including component parts, media, printed materials, upgrades, prior versions, and authenticity certificates); (iii) Licensee may retain no instances or copies (whole or partial) of the Products, (iv) no assignment by Licensee will be effective until Licensee (x) provides written notice of such assignment, including the assignee's written agreement to the terms of this Agreement, (y) purchases additional license capacity and/or Support and Maintenance as may be required as a result of such assignment, and (z) pays any outstanding amounts invoiced by Flexera. Notwithstanding

the foregoing, Licensee may not, in any event, assign any limitless License Level licenses. Any attempt by Licensee to transfer or assign this Agreement except as expressly authorized under this Section will be null and void. This Agreement will bind and inure to the benefit of each party's permitted successors and assigns.

12. Controlling Law. For Licensees in North America and Latin America, this Agreement will be governed by the laws of the State of Illinois and the United States without regard to conflicts of laws provisions thereof, and without regard to the United Nations Convention on the International Sale of Goods. For Licensees in Europe, Middle East, or Africa, this Agreement will be governed by the substantive laws of England and Wales, excluding that body of law known as conflicts of law and without regard to the United Nations Convention on Contracts for the Sale of Goods. For Licensees in Australia, this Agreement will be governed by the laws of the State of Victoria, Australia without regard to conflicts of laws provisions thereof, and without regard to the United Nations Convention on the International Sale of Goods. For Licensees in Japan, this Agreement will be governed by the laws of Japan without regard to conflicts of laws provisions thereof, and without regard to the United Nations Convention on the International Sale of Goods. For Licensees in the Asia Pacific region other than Australia and Japan, this Agreement will be governed by the laws of Special Administrative Region of Hong Kong without regard to conflicts of laws provisions thereof, and without regard to the Uniform Computer Information Transactions Act and the United Nations Convention on the International Sale of Goods.
13. Compliance.
 - a. Verification/Audits. Upon Flexera's reasonable request, Licensee will furnish Flexera with a signed statement confirming whether the Products are being used by Licensee in accordance with this Agreement. Such statement must be provided by a person sufficiently aware of the information being certified to and at a level sufficient to bind Licensee. Further, during the term of this Agreement and for a period of one (1) year thereafter, with prior reasonable notice of at least five (5) days, Flexera may audit Licensee for the purpose of verifying the information provided by Licensee under this Agreement, and for the purpose of verifying that Licensee is conforming to the terms of this Agreement. Any such audit will be conducted during regular business hours at Licensee's facilities and will not unreasonably interfere with Licensee's business activities. If an audit reveals an underpayment or that Licensee's usage is greater than the License Level, then Licensee shall immediately pay the difference in License fees and, if applicable, Support and Maintenance fees to bring the License Level into compliance. If an audit reveals that (i) Licensee has intentionally misrepresented its usage of the Products, (ii) Licensee materially breached this Agreement, or (iii) Licensee's usage is more than 5% over the License Level, then Licensee shall pay Flexera's reasonable costs of conducting the audit in addition to any fees due to Licensee's misrepresentation or material breach. Audits will be conducted no more than once annually.
 - b. Validation of Use. In order to protect the Products from unauthorized use and in order to confirm Licensee's compliance with the license grants and restrictions set forth in this Agreement, the Products may contain validation procedures designed to detect and report to Flexera information identifying usage potentially violating the terms of this Agreement. This information does not contain any personally identifiable information of Licensee or the end user.
14. Confidentiality.
 - a. Confidential Information. Any software, documentation or technical information provided by Flexera (or its agents), performance information relating to the Products, and the terms of this Agreement will be deemed "Trade Secrets" of Flexera without any marking or further designation.
 - b. Protection of Confidential Information. The Recipient will a) have the right to disclose the Confidential Information only to its employees, consultants and Affiliates having a need to know and who have agreed in writing to be bound to confidentiality terms substantially similar to those contained herein; b) use at least as great a standard of care in protecting the Discloser's Confidential Information as it uses to protect its own information of like character, but in any event not less than a reasonable degree of care; c) use such Confidential Information only in connection with its rights and/or obligations under this Agreement; and d) at the Discloser's option return or destroy any or all Confidential Information upon the Discloser's demand. Except as expressly authorized herein, for a period of three (3) years following the disclosure date of Confidential Information to the Recipient, the Recipient will hold in confidence and not make any unauthorized use or disclosure of any Confidential Information. No time limit applies to Confidential Information marked or otherwise identified as or deemed to be a "Trade Secret".
 - c. Usage Data. Licensee understands that Flexera may utilize technology that gathers information about Licensee's computer system, however, such data is used solely for the purpose of understanding machine types and other system-oriented information and does not contain any personally identifiable information of Licensee.
 - d. Exclusions. The Recipient's nondisclosure obligation will not apply to information that: (a) was rightfully in its possession or known to it prior to receipt of the Confidential Information; (b) is or has become public knowledge through no fault of the Recipient; (c) is rightfully obtained by the Recipient from a third party without breach of any confidentiality obligation; (d) is independently developed by employees of the Recipient who had no access to such information; or (e) is required to be disclosed pursuant to a regulation, law or court order (but only to the minimum extent required to comply with such regulation or order and with advance notice to the Discloser).
 - e. Equitable Relief. The Recipient acknowledges that disclosure of Confidential Information would cause substantial harm for which damages alone would not be a sufficient remedy, and therefore that upon any such disclosure by the Recipient the Discloser will be entitled to appropriate equitable relief in addition to whatever other remedies it might have at law.
15. Third Party Software. The Software licensed hereunder includes Third Party Software. A list of all Third Party Software included with OnPremise Software will be provided to Licensee on request. To the extent that there is a conflict between the terms of this Agreement and such Third Party Software terms, the Third Party Software terms will take precedence.

16. Publicity. Either party may include the other party's company name in a list of customers and/or suppliers without the other party's written consent. Any other use of the other party's name or logo is prohibited without such other party's written consent.
17. Severability. If any provision of this Agreement is determined by any court of competent jurisdiction to be unenforceable or invalid, that provision will be limited to the minimum extent necessary so that this Agreement will otherwise remain in effect.
18. Waivers. No waiver will be implied from conduct or failure to enforce or exercise rights under this Agreement, nor will any waiver be effective unless in writing signed by a duly authorized representative on behalf of the party claimed to have waived.
19. Notices and Reports. Any notice or report due to Flexera hereunder must be in writing to the notice address set forth in the preamble to this Agreement (for Flexera, a mandatory copy must always be sent to: Flexera Software LLC, 300 Park Boulevard Suite 500, Itasca, IL 60143, Attention Legal Department). Any notice or report due to Licensee hereunder must be in writing to the address set forth in the Order Confirmation. Notice will be deemed given: (a) upon receipt if by personal delivery; (b) two (2) Business Days following deposit for delivery to the party with an internationally recognized overnight courier; or (c) via confirmed facsimile in which case it will be deemed received on the date of the transmission as evidenced by a valid receipt of confirmation. Each party to this Agreement may change its location for notice under this Agreement by giving notice to the other party in accordance with the notice provisions contained in this Section.
20. Construction and Interpretation. The original of this Agreement has been written in English. Licensee waives any rights it may have under the law of its country to have this Agreement written in the language of that country. The use of the terms "including," "include" or "includes" will in all cases herein mean "including without limitation," "include without limitation" or "includes without limitation," respectively. Unless the context otherwise requires, words importing the singular include the plural and vice-versa. Words importing the singular include the plural and words importing the masculine include the feminine and vice versa where the context so requires. This Agreement will be equally and fairly construed without reference to the identity of the party preparing this document. The parties waive the benefit of any statute, law or rule providing that in cases of uncertainty, contract language should be interpreted most strongly against the party who caused the uncertainty to exist. The headings and titles to the articles and sections of this Agreement are inserted for convenience only and will not be deemed a part hereof or affect the construction or interpretation of any provision hereof.
21. Order of Precedence. In the event of a conflict between the terms of the Master Terms and Conditions, a Schedule, an Order Confirmation, and/or any other attachment or exhibit, the order of precedence is as follows: (i) Order Confirmation, (ii) Schedule, (iii) attachment, (iv) exhibit, and (v) Master Terms and Conditions.
22. Independent Contractors. The parties are independent contractors. There is no relationship of partnership, joint venture, employment, franchise or agency created hereby between the parties. Licensee acknowledges and agrees that the Products may provide results and conclusions based on facts, assumptions, data, material, and other information that Flexera has not independently investigated or verified. Inaccuracy or incompleteness of such facts, assumptions, data, material, and other information could have a material effect on conclusions reached by the Products; all actions taken or not taken by Licensee based on the output of the Products will be the responsibility of Licensee. Neither party will have the power to bind the other or incur obligations on the other party's behalf without the other party's prior written consent.
23. Non-Solicitation. During the term of this Agreement and for a period of one year thereafter, Licensee agrees that it will not hire or attempt to hire, on behalf of Licensee or any other organization, any employee of Flexera unless Licensee has first obtained Flexera's written consent. Notwithstanding the foregoing, Licensee will not be in breach of this provision if an employee of Flexera responds to a general advertisement for employment.
24. Force Majeure. Neither party will be liable to the other for any delay or failure to perform any obligation under this Agreement (except for a failure to pay fees) if the delay or failure is due to events which are beyond the reasonable control of such party, including but not limited to any strike, blockade, war, act of terrorism, riot, natural disaster, failure or diminishment of power or of telecommunications or data networks or services, or refusal of approval or a license by a government agency.
25. U.S. Government End-Users. The Software is commercial computer software. If the user or licensee of the Software is an agency, department, or other entity of the United States Government, the use, duplication, reproduction, release, modification, disclosure, or transfer of the Software, or any related documentation of any kind, including technical data and manuals, is restricted by a license agreement or by the terms of this Agreement in accordance with Federal Acquisition Regulation 12.212 for civilian purposes and Defense Federal Acquisition Regulation Supplement 227.7202 for military purposes. The Software was developed fully at private expense. All other use is prohibited. Licensee shall flow-down this provision to any of its authorized sublicensees (including but not limited to any Licensee Products, as applicable).
26. Export Compliance. Licensee acknowledges that the Products are subject to export restrictions by the United States government and import restrictions by certain foreign governments. Unless authorized by a license or by regulation, Licensee must not export or re-export the Products, directly or indirectly, to: (a) any country to which such export or re-export is restricted or prohibited, or as to which the United States government or any agency thereof requires an export license or other governmental approval; (b) any end user who has been prohibited from participating in United States export transactions by any federal agency of the United States government; or (c) any end user who you know or have reason to know will utilize them in the design, development or production of nuclear, chemical or biological weapons, or rocket systems, space launch vehicles, and sounding rockets, or unmanned air vehicle systems. Licensee is responsible for complying with any local laws in your jurisdiction which may impact your right to import, export or use the Products.
27. Equal Opportunity. Flexera agrees that it does not and will not discriminate against any employee or applicant for employment because of race, color, religion, age, sex, handicap, national origin, or sexual orientation.
28. Anti-Bribery. Each party represents and warrants that (i) in connection with this Agreement, it has not and will not make any payments or gifts or any offers or promises of payments or gifts of any kind, directly or indirectly, to any official of any government or any agency or instrumentality thereof and (ii) it will comply in all respects with the Foreign Corrupt Practices Act and UK Bribery Act 2010.

29. **Ambiguities.** Each party and its counsel have participated fully in the review and revision of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party will not apply in interpreting this Agreement.
30. **Remedies Cumulative.** Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties under this Agreement are cumulative and not exclusive of any rights or remedies to which the parties are entitled by law. The exercise by either party of any right or remedy under this Agreement or under applicable law will not preclude such party from exercising any other right or remedy under this Agreement or to which such party is entitled by law.

Each individual User may only register for a single instance of InstallShield Lite. In the event of a conflict between the terms of this Article II and the rest of the Agreement, the terms of this Article II will prevail.

1. **Grant of License.** InstallShield Lite is a functionally limited version of the InstallShield software and is intended specifically for use with Visual Studio. Subject to all of the terms and conditions of this Agreement, Flexera grants Licensee a limited, internal use, non-exclusive, nontransferable license to use the Software solely for Licensee's Internal Purposes at Licensee's site(s) only. Flexera grants Licensee the right to install and use the software on a single computer to be used exclusively with Visual Studio and the right to install and use up to two (2) additional instances for use within a Team Foundation Server environment. For the purposes of this Section, Software also includes any Documentation of the Software product provided to Licensee under this Agreement.
2. **No Support.** InstallShield Lite is provided without support, updates, or upgrades from Flexera. InstallShield Lite customers may, however, request and share knowledge and expertise via Flexera Community, located at <https://community.flexera.com/>

3. **Disclaimer of Warranty.** THE SOFTWARE IS PROVIDED ON AN "AS IS" BASIS. NEITHER FLEXERA NOR ITS SUPPLIERS MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT. LICENSEE MAY HAVE OTHER STATUTORY RIGHTS. HOWEVER, TO THE FULL EXTENT PERMITTED BY LAW, THE DURATION OF STATUTORILY REQUIRED WARRANTIES, IF ANY, WILL BE LIMITED TO THE SHORTER OF (I) THE STATUTORILY REQUIRED PERIOD OR (II) THIRTY (30) DAYS FROM LICENSEE'S ACCEPTANCE OF THIS AGREEMENT.
 4. **Limitation of Liability.** IN NO EVENT WILL FLEXERA BE LIABLE FOR ANY DAMAGES, INCLUDING LOST PROFITS OR DATA, OR OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES, ARISING OUT OF THE USE OR INABILITY TO USE THE SOFTWARE OR ANY DATA SUPPLIED THEREWITH, EVEN IF FLEXERA HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY OTHER PARTY. IN NO CASE WILL FLEXERA'S LIABILITY FOR ANY DAMAGES HEREUNDER EXCEED FIFTY DOLLARS (US \$50). III. **LICENSE RIGHTS AND OBLIGATIONS**
1. **License.**
 - a. **Grant of License.** Subject to all of the terms and conditions of this Agreement and upon Licensee's payment of the fees shown on the invoice and acceptance of this Agreement, Flexera grants Licensee a non-transferable, non-sublicensable, non-exclusive license to use Software for Internal Purposes at Licensee's site(s) only, but only in accordance with (a) the Documentation, (b) this Agreement and (c) the License Level. For the purposes of this Section, Software also includes any Documentation and any Updates provided to Licensee under this Agreement. For Software that will be used in a service provider role, the terms of Article IV will apply; licenses not identified as "Service Provider" licenses on an Order Confirmation may not be used in a service provider capacity and will be governed by this Article III. Distribution of installation programs of non-Licensee products will require a service provider license as governed by the terms of Article IV below.
 - b. **License Models.** Licensee may be licensed pursuant to one of the following license models, which will be identified on the applicable Order Confirmation.
 - i. **Node-Locked Licenses.** If Licensee has licensed Software on a node-locked basis, Licensee may install and use one instance of the Software on a single computer either physically installed or on a virtual image on that computer only at Licensee's site(s) for Licensee's Internal Purposes only in accordance with the License Level. A node-locked license is limited to use by a single User on a single computer or virtual image; Licensee may not install the Software on a shared computer. Copying a virtual image for the purposes of using the image either simultaneously or as a replacement on another machine is strictly prohibited.
 - ii. **Concurrent Licenses.** If Licensee has licensed on a concurrent basis, Licensee may install the Software on any machine at Licensee's site(s) for Licensee's Internal Purposes only in accordance with the License Level. All machines using the Software must have the ability to communicate with a license server to be authorized to use the Software. For the purpose of certification as set forth in the Agreement, the number of concurrent Users is the highest number of Users that accessed the Software at any single point during the previous year.
 - c. **Standalone Build Licenses.** In addition to the use rights for the Software, Standalone Build Licenses may also be run on a separate Build System but only if run by automated processes or by a User. If Licensee has licensed the InstallAnywhere Standalone Build Node-Lock Software, Licensee may install and use one copy of the Software on a single computer residing on Licensee's premises only for Licensee's Internal Purposes.
 - d. **Upgrades.** Upgrades, if provided to Licensee, may be licensed to Licensee by Flexera with additional or different terms and conditions. Upgrades may be used only by the User of the original version of the Software that is being upgraded. After installation of an Upgrade, such User may continue to use the prior version(s) of the Software in accordance with the terms and conditions applicable to such version, provided that (i) the prior version(s) may only be used by the same User of the Upgrade; (ii) Licensee acknowledges that any obligation Flexera may have to support the prior version(s) may be ended upon the availability of the Upgrade.
 - e. **Dual-Media Software.** Licensee may receive the Software in more than one medium (electronic and on a DVD, for example). Receipt of the Software in more than a single manner (electronic or on a DVD, for example) does not expand the license rights granted to Licensee hereunder. Licensee's use of the Software is limited to the number of licenses (instances) that Licensee has acquired overall, regardless of number or type of media on which it has been provided.
 - f. **Transfers.** Transfers of licenses that are the result of employee turnover or reassignment are allowed, provided that such transfers do not occur more frequently than annually.
 2. **Redistributable Files.** The Software component parts may not be separated for use on more than one computer, except as set forth in this Agreement. Licensee may copy the files specifically identified in the documentation as "redistributables" and redistribute such files to Licensee's end users of Licensee's products, provided that: (a) such products add primary and substantial functionality to the redistributables, (b) all copies of the redistributables must be exact and unmodified; and (c) Licensee grants Licensee's end users a limited, personal, non-exclusive and non-transferable license to use the redistributables only to the extent required for the permitted operation of Licensee's products and not to distribute them further. Licensee will reproduce with the redistributables all applicable trademarks and copyright notices that accompany the Software, but Licensee may not use Flexera's name, logos or trademarks to market Licensee's products.

IV. **SERVICE PROVIDER USE LICENSE RIGHTS AND OBLIGATIONS**

This Article IV sets forth the terms and conditions under which Licensee has licensed quantities of the Software for use in the delivery of Software Engineering Services to its Customers, as those terms are defined below.

For the purpose of this clause, the definition of “Internal Purposes” replaces “Licensee” with “Customer”.

3. Installation. Licensee may install and operate the Software at a Customer location.

4. License Models.

- a. Node-Locked Licenses. If Licensee has licensed Software on a node-locked basis, Licensee may install and use one instance of the Software on a single computer either physically installed or on a virtual image on that computer only at Licensee’s site(s) for delivery of Software Engineering Services only in accordance with the License Level. A node-locked license is limited to use by a single User on a single computer or virtual image; Licensee may not install the Software on a shared computer. Copying a virtual image for the purposes of using the image either simultaneously or as a replacement on another machine is strictly prohibited.
- b. Concurrent Licenses. If Licensee has licensed on a concurrent basis, Licensee may install the Software on any machine at Licensee’s site(s) for delivery of Software Engineering Services only in accordance with the License Level. All machines using the Software must have the ability to communicate with a license server to be authorized to use the Software. For the purpose of certification as set forth in the Agreement, the number of concurrent Users is the highest number of Users that accessed the Software at any single point during the previous year.

2. License Restrictions.

- a. Software may not be left behind at Customer’s site or on Customer’s systems once the Software Engineering Services are completed. If computers, servers or networks on which the Software is installed are no longer owned or leased by Licensee, Licensee must remove the Software from such computers, servers or networks.
- b. Licensee may not use the Software for its own Internal Purposes.

3. Licensee Obligations.

- a. Representations. Licensee must not make any representations, guarantees or warranties of any type with respect to the specifications, features, capabilities or otherwise concerning the Software which are in addition to or inconsistent with those set forth in the product descriptions or promotional materials delivered by Flexera to Licensee hereunder. In no event may Licensee make any representation, warranty or guarantee by or on behalf of Flexera. Licensee shall represent Flexera and its Software in a positive and professional manner at all times. Licensee may not re-brand or otherwise represent the software as anything other than [Product Name] by Flexera Software LLC without express written approval from Flexera. This includes, but is not limited to, reports, splash screens, documentation and all other intellectual property.
- b. Business Practices. Licensee agrees not to engage in any deceptive, misleading, illegal or unethical practices that may be detrimental to Flexera or its Software and agrees to comply with all applicable federal, state and local laws and regulations (including, without limitation, data protection, privacy and import and export compliance laws and regulations) in connection with its performance under this Agreement. Licensee further agrees to notify Flexera sixty (60) days in advance if Licensee intends to sell, represent or promote any products competitive with the Software.
- c. Licensee Indemnity. Licensee will defend, indemnify and hold harmless Flexera from and against any loss, cost, liability or damage, including attorneys’ fees, for which Flexera becomes liable arising from or relating to: (a) any breach by Licensee of any term of this Agreement, (b) the issuance by Licensee of any warranty or representation not authorized in writing by Flexera or (c) any other act or omission of Licensee in connection with the marketing or distribution of the Software under this Agreement.
- d. Software Engineering Services Site. Licensee shall identify, upon Flexera’s request, the Customer and the site of the performance of the Software Engineering Services for such Customer for each applicable license.
- e. Notice of Termination of Software Engineering Services for Named Customer. In the event Software Engineering Services expire or are terminated for a particular Customer, Licensee may be required to notify Flexera of such expiration or termination within thirty (30) days of the effective date of such expiration or termination.
- f. Flow-Through of Terms. Licensee shall enter into an agreement with a Customer that is equally as protective of the Software as this Agreement. Licensee shall notify Flexera of any uncured breach of any terms related to the Software of which it becomes aware. Licensee will enforce the agreement it has with its Customer as it relates to the Software in the same manner as Licensee enforces such agreement with respect to Licensee’s own intellectual property, which shall be at least in a reasonable manner. In any event, Flexera and Licensee will reasonably cooperate on actions to be taken to enforce breaches of Flexera’s intellectual property rights against a Customer.

4. Expiration.

- a. Expiration of Licenses. Upon completion or termination of the Software Engineering Services for a Customer (the “Expiration Date”), Licensee will cease using the applicable licenses for such Customer. If the Software was installed and used at Customer’s site, Licensee will uninstall the Software from any equipment used for the provision of Software Engineering Services to such Customer, and will

provide Flexera with certification thereof. For the purpose of clarity, Licensee may not transfer licenses to Customers without Flexera's prior written consent, which may be withheld in Flexera's sole discretion.

- b. **Effect of Termination.** In no event will Licensee be entitled to receive a refund of any licensee fees paid prior to the applicable termination date, and Licensee shall be responsible for the fees applicable for the remainder of the license term as if such license had not been terminated or expired.
5. **Support and Maintenance.** Flexera will have no support or maintenance obligations whatsoever to Customers.
6. **Marketing and Trademarks.**

 - b. **Trademarks.** Licensee may use Flexera's trademarks in connection with the Software. All displays of Flexera's trademarks that Licensee intends to use will conform to reasonable guidelines provided from time to time by Flexera. Flexera will have the right to approve all usage by Licensee of its trademarks. Licensee will not use any of Flexera's trademarks in conjunction with another trademark.
